SUCCESS NEAR KOVEL

Obstinate Fighting With Both Sides Attacking in Dvinsk Region.

DETROGRAD, Oct. 14.—According to the Russian official commu nique of tonight, Russians are nique of tonight, Russian forces are vigorously pressing the advantage which they have gained yesterday in southeastern Galicia, west of the Styr, and they are clearin the left bank of that river of the enemy. On the Stripa front, where they pierced the last Teuton line of defence, the Austrian and German forces attempted to regain lost ground by counterattacks, which broke down. Very violent fighting is proceeding for the pos-session of some villages west of Trembowla. On the northern flank of the German group of armies operating south of the Pinsk marshes, the Russians have also gained a success and occupied a village south of Kovel on the Prinet River

"Yesterday afternoon, after a bombardment, we attacked the enemy's rescierday afternoon, after a nomoardment, we attacked the enemy's trenches under cover of a cloud of smoke and gas from a point about 600 yards southwest of Hulluch to the Hohenzollern redoubt. We gained about 1000 yards of trenches just south and west of Hulluch, but were unable to maintain our positions there owing to the enemy's shell fire.

"Southwest of St. Elie we captured and held the enemy's trench behind the Vermelles-Hulluch road, and the southwestern edge of the quarries, both inclusive. We also captured a trench on the northwest face of the forest. We captured the main trench of the Hohenzollern redoubt, but the enemy is still n two communicating trenches between the redoubt and the quarries. Italy has a large number of troops available, and the means of moving them to the desired spot, but Russia is handicapped in this respect, and there is an inclination here to believe a report from Rome, that Petrograd has asked Roumania to allow Russian troops to pass thru her territory on the way to

To grant such a request would be construed by Germany as tantamount to a definite alliance with the entente, and would doubtless result in Austro-German troops attacking Roumania. This, it is thought, might happen anyway, as Germany has already shown her displeasure at Roumania's refusal to allow munitions to pass thru to Turkey, and now it is reported that Germany has suspended the postal service and is holding up all foodstuffs consigned to Roulumbia \$1.37, Manitoba \$1.90 and Almania over German railways until Bucharest more clearly defines its attitude berta \$2.
