Once with Proper Medicine.

Spring house-cleaning is the solemn duty of every good housekeeper—this time let it commence with your own system. All the organs are depressed. the liver is slow, kidneys are unhealthy. In consequence you are listless, vitality is low, color is bad, appetite poor and

you need medicine.
This is just the time to use Ferrozone; it excites splendid appetite, gives digesion splendid aid, supplies nourishment or all weak organs. At once you feel poyant and strong. Nutritious blood ourses through your veins, supplies strength and life, makes you tingle with animation and ambition.

No more headache. None of that tired languor. You feel like doing things because Ferrozone completely renews and strengthens your whole system. For spring debility no medicine on earth gives such quick, lasting benefits as Ferrozone. It has raised thousands from downright weakness, gives them

perfect health, simply because it contains the fortifying elements that rundown systems require.

One week after using Ferrozone you'll like new, you'll appreciate what feel like new, you'il appreciate what real robust health means. In a month you'll scarcely credit the push your vigor and spirits have received. Ferrozone is more than a tonic, because its work lasts, its benefits remain and

East Toronto. EAST TORONTO, May 8.—Residents in ward one are in a measure pleased at the turn of events with respect to the rumored withdrawal of the street railway at the Beach. There are two reasons for this: one is the fact that the representatives from the south ward, when the people in the upper end of the etown were fighting for an extension of the road over the bridge, are thought not to have manifested a very friendly feeling in the matter. Another is that if the street railway company, as is generally supposed, are using the withdrawal of the service as a leverage to obtain some concessions in the way of an extension of the franchise in the north end, the citizens of York and Coleman may get a railway. And a railway they want, in any event. A prominent property owner in ward as said last night: "Let the Balmy Beach fellows fight their own battles."
