New Brunswick Politician Enters the Laurier Cabinet as Minister of Railways and Canals-His

Hon. William Pugsley, whose ap pointment as minister of raffways and canals is unofficially announced from Ottawa, is a native of New Brunswick, and has lived in that province all his life. He is about 55 years of age, a good law; r and of pleasing manners and address.

He first entered public life in when he was returned to the New Brunswick house of assembly, to suc ceed Hon. Dr. Vail, who died in office. Dr. Pugsley was Speaker of the assembly from 1887 to 1889, and resigned this position to become solicitorgeneral in the Blair government.

in the City of St. John. He re-entered formation of the Tweedie government in 1900, ne became attorney-general. When Hon. Mr. Tweedie was appoint ed lieutenant-governor, Dr. Pugsley became premier. He resigned a few months later for the purpose of contesting the city and county of St.
John, made vacant by the death of the

late Dr. A. A. Stockton. Dr. Pugsley has not been credited in the past with any strong party bias in national affairs, belonging to the New Brunswick school of politics, like his former colleagues, the late Hon. A.

There are many, however, who ques-there are many, however, who ques-of them, have fallen thru the skylight with a great spending department like railways and canals. While his personal honesty is not questioned, he has been regarded, in his own province, as a poor administrator and has been referred to as "the splendid spendthrift of New Brunswick."

Attendance at Grounds

of New Brunswick."

It was on account of his weakness in this respect that he was deemed unavailable as premier, and he had dricided to turn over that position to the Hon. Mr. Robinson, and to enter Deminion politics, even prior to Mr. Emmerson's resignation as minister of railways and canals.

He fled from his front door and, going south on Yonge-street, disap-

He represented Mr. Emmerson in the going south on Yonge-street, disapprint is supposed that his appointment is satisfactory to the former minister.
At any rate, The Montton Transcript,
a strong Emmerson newspaper, declared itself some time ago as favoring Dr. Pugsley's appointment in case Mr. Emmerson was not reappointed.
It is thought that his appointment will ensure Dr. Pugsley's election as the member for St. John, thereby gaining another seat for the Laurier

During Day Estimated at 70,000----Not One Accident to Mar the Day's Pleasure---The Airship Had to Fly but

Flight Very Brief. The school children of Toronto, in tens of thousands swept in a mighty wave over the fair grounds yesterday. Never before in exhibition history did young Canada turn out in such overwhelming numbers. The attendance last year was recorded at 65,000. The estimate of President W. K. George is that there were at least 70,000 within the gates yesterday. The weather was perfect.

The car service was given a severe test last night in handling the crowds that began to flow out of the gates after the fireworks had flashed "Good Night." Manager Fleming must be given credit for an improved con-

dition over that of last year. The scene before the grand stand last night was one to live long in the memory of the least impressionable of mortals. The magnificent new structure, built to accommodate 15,000, was crowded to the last nook and corner, while the wide lawn below was closely packed. It is estimated that the night performance was witnessed by

30,000, mostly youngsters. Thruout the day it was in the manufacturers' building that the attractions were greatest, and the spacious thoroment, and when they tightened, the small tug was unable to stand the strain and was swamped.

Of the five men who were on board three were drowned. Their names are: Capt. Kennedy of Thessalon Englished have been made to the executive committee of the Employers' for the choice paintings. while the midway did a land office business.

Many Get Lost. The wonder of it all was that there were no accidents of more than a merely trivial character. The ambulance hadn't a single call. The physicians on duty daily at the grounds are Drs. Bryce, McMurrich, Arthur Wright, J. J. Graham and B. O'Reilly One of the miniature railway cars was derailed about 6 p.m. and several chil-

dren were shaken up. The policemen on the grounds had, on the other hand, a busy time in gathering in the little ones who had strayed away. In all, about 70 youngstrayed away. In an about 10 youngsters were snugly corralled in the police headquarters, but in nearly every case they were claimed by anxious parents or guardians. A few who had apparently been lost in the shuffle were taken to their homes last night.

Airship Flew. The airship is rapidly becoming a jest and nothing more to the public at large, but the management of the fair d, not see humor in the situation, and relations between Dr. Orr and Manager Jackson are slightly strained. No attempt was made at an ascension at the scheduled time yesterday after-noon. A combination of off-shore wind and cranky engine compelled the craft

PLAGUE

Dedicates King Edward Sanitarium at Weston --- Lauds Workingmen's Gift of \$100.Q0.

Before a brilliant assemblage yesterday afternoon, the Governor-General of Canada officially opened the new King Edward Sanitarium for Consumptives, which had been established in connection with the Toronto Free Hospital for Consumptives at Weston, thru the generosity of H. C. Hammond and Robert Mulholland. Each donated \$10,-000 to build two magnificent buildings

for the treatment of davanced cases. A feature of the afternoon was the presentation to Earl Grey, while on his way to attend the proceedings, by the Canada Cycle and Motor Co. employes, of a purse of \$100 for the hospital. His excellency received a great ovation and spoke entertainingly to

His excellency and party | spent 15 inutes in going over the sanitarium. address in opening the institution struck the point that the country and individuals should organize to combat the ravages of consumption.
W. J. Gage presided.

"It is a great privilege to be here," said Earl Grey. "I think I am not wrong in assuming that the proceedings here to-day have established conclusively that Canada is in earnest in

clusively that Canada is in earnest in trying to sweep from the dountry the terrible white plague.

The proceedings commenced with a beautiful reverent prayer from Dr. Potts. He prayed that the light of the Lord would be with the gainering. That prayer has been answered. He also prayed for the wiping out of the white plague, "and it is our wish today that that prayer may soon be answered."

"It is an established fact,"
Earl Grey, "that consumption
be removed, just as leptosy; it
standing shame and reproach to
government and individuals that not more care taken by the

senatorial commission which was appointed to investigate the explosion which, on March 12 last, destroyed the French battleship Lena while in dock at Toulon, charges that the disaster was directly traceable to the system of irresponsibility, general insystem of irresponsibility, general inspections. It is a labor of a Hercules to try to arouse public interest in this movement. I have been afforded to-day, however, evidence of a spirit existing among the workingmen of Canada which convinces me that lack of organization difference and lack of harmony prestands in the way of the sweeping out

ment.

Continuing, the report says: "But the real cause of the catastrophe was the absence of accord, as well as the divisions and antagonisms existing in the different branches of the service.

The cause had given a kingly gift. When workingmen are setting an example of this character, I hope you will not be slow to follow it. I trust that the example of the Canada Cycle and Motor Company will be followed in every factory and manufactory throut the

Sir Mortimer Clark, in a few words, highly commended the generosity nathose who established the sanitarium. Robert Mulholland, donor of the sanitarium building, stated that his gift was the outcome of a feeling of duty in the great work of caring for the sufferers.
Inspector J. L. Hughes read letters

of regret from Sir Wilfrid Laurier, Hon. J. J. Foy and H. C. Hammond, at inability to be present for the official feeling of the donor of the adminis-tration building in handing his gift to the trustees. "If it will save the life or one Canadian man or woman it

will be worth ten times as much as the government are spending on foreigners," he wrote.
In reviewing the work of the past 12 years in connection with the battle against the white plague, Mr. Gage.

Driven insane by constant medita-tion on the fancied enormity of his sins until his mind became unbal-brief addresses. brief addresses.

Among those on the platform were

anced by the idea that he ought to make atonement thru sacrificial offering of his dearest possession, Al-bert Stemmelen, 270 Baldwin-avenue, MacDonald, A.D.C., Col. Hanbury Williams, Rev. Dr. Potts. Dr. Carman,
