Beach-Harbor Committee.

A meeting of the Beach and Harbor Committee was held this afternoon, Ald. Waddell presiding. It was decided to oppose an application made by a person or persons at present unknown for the transfer of two hundred feet of the canal reserve at the beach from Moses Vitlock, a squatter. The application was made to the Department of the Interior at Ottawa. The committee decided to pay a bill of \$20 rendered some time ago by William Hughes for storing lamps and poles for four years. The City Engineer was instructed to supply the G.T.R.'s chief engineer with a plan of the proposed subway under the company's tracks at the canal at the beach.
