LOWERED BRITISH FLAG BUT UNDER COMPULSION

Another Incident Caused by a Valiant Scotman Reported From Across the Line.

New York, July 5.—The Tribune says: Whitestone, Queens Borough, has not yet come to that state of mind where it can contentedly see the English flag flown on July 4.

Several movements were made down the flag removed the flag.

There are two stories of just how it all happened. William T. Butler of No. 84 Sumner-avenue, Brooklyn, sometime secretary to Bird S. Coler, tells one side, and John Armstrong, who owns the flag, another.

Mr. Butler is visiting a friend who lives in Thirteenth-street, between Seventh and Eighth-avenues, in Whitestone. Mr. Armstrong lives next door.

Mr. Butler saw the flag on his way to the house yesterday. There he heard talk which caused him to go to Mr. Armstrong as soon as possible and ask him to remove the flag, or else hang up an American flag above it.

Mr. Armstrong had no American flag and declined Mr. Butler's offer to provide one. Mr. Armstrong is a native of Glasgow. He has lived in Whitestone for five weeks. The flag was a handsome one, measuring about six feet by four feet eight inches.

Several movements were made down the flag removed the flag.

The party consisted of Sergeant Chas. E. Montgomery, Corporal Wm. Mossy, and Privates Brown, Blank and Wines.

Mr. Armstrong said last evening that he had no idea that he was going to cause any trouble. He had been in this country for years, but had never desired to become a citizen. His two boys and his girl were born in this country and he intended they should be American citizens. He said that he had displayed the flag for twelve years in Manhattan.

PRESBYTERY FOR PASTOR AND AGAINST J. E. BROWN

But the Latter Intends to Press the Matter in Some Other Way.

Hamilton, July 5.—(Special)—The trouble in St. John's Presbyterian Church appears to be further than ever from being settled. Last fall John E. Brown, the seceder, asked the pastor, Rev. John Young to read a financial statement from the pulpit showing a deficit. Mr. Young declined arguing that it was not a fair statement, because a payment of \$500 had been made on the church mortgage in June that might have been left over till the first of the year, so that there would not have been a deficit shown. The matter came up at the annual meeting, when Mr. Brown and all the managers resigned, and Rev. Mr. Young was re-elected. Mr. Young's statement should be read from the pulpit of St. Mary's to read Mr. Brown's statement because it was not true or correct.

Mr. Brown got a special committee of the Hamilton Presbytery to consider the matter, and the committee reported to the Presbytery this afternoon. It recommended that the objectionable part of the report should be struck out and that the amended report should be read from the pulpit of St. John's Church next Sunday at both services by D. Anderson. Mr. Brown was refused permission to speak, the moderator, Rev. Neil McPherson, taking the ground that he was not a member of the Presbytery, and had therefore no right to be heard.

Mr. Brown resents this treatment and declares that he will take other course to get what he considers fair treatment, intimating that he may take the matter to the secular courts and sue the pastor for slander. He thinks the pastor should have expressed regret and that the printed annual report should be called in.

Had a Busy Day. The Presbytery had a very busy day. It was decided when the consent of Knox Church is obtained to try Knox Church Sunday School in the north end into a church. Enough money was voted to Rev. Dr. Fleckenstein to pay his railway fare to St. John, N.B., where he attended the general assembly. A resolution expressing appreciation of Rev. A. MacWilliams, who has gone to St. Mary's, was passed. It was decided to make an aggressive campaign in aid of the augmentation fund, so that the stipend of pastors may be raised from \$700 a year to \$800. This was the committee named Rev. Dr. Lytle, Conventor Rev. Dr. Smith, Rev. Messrs. W. J. Day, J. H. Ratcliffe, J. MacNamara and George Ferguson, Dr. McQueen, Col. Thompson and Frank Reid, K.C.

The following calls are sustained: From Wellandport and St. Ann's, to Rev. D. M. Robertson, Shakespeare; From St. John's, to Rev. Dr. Fleckenstein, Beaverton, and from Lynedoch and Carlholm, to Allen E. Armstrong, B.A., Richard's Landing, a steward who has not yet been ordained. Mr. Armstrong has been offered \$800 a year, and four weeks' holidays. Knox Church, Hamilton, was given permission to increase his mortgage from \$15,500 to \$18,500 for improvements and Kilbride Church given permission to sell some property for the same reason.

The engagement of James Moodie, son of J. R. Moodie, to Miss Jean Gibson, daughter of Hon. William Gibson, Beamsville, is announced.

George McEae, a Brantford drunk, tore a handful of hair out of K.C. Brown's head to-night. The constable was in plain clothes when he made the arrest. P. C. James Reynolds has the honor of running in another James Reynolds, Toronto, on the charge of being drunk and disorderly.

Thrown Between Cars. This afternoon a 14-year-old son of Thomas Hymers, 123 North Victoria-avenue, followed an eastbound car on East King-street on his wheel. At Walnut-street he turned out to pass the car and ran into a westbound car. He was thrown between the cars and had a broken arm and a severe cut in his face.

There was such a crowd to go out on the letter carriers moonlight this evening that several women fainted. The Radcliffe did not arrive at the dock till 10 and did not leave till 10.10. The letter carriers were disgusted.

NEVER TELL SCHOLAR WHAT SCHOLAR CAN TELL YOU

Some Excellent Rules Laid Down by Speakers at Presbyterian Summer School.

Fundamental Principles in Teaching. Instructed by Studies in John's Gospel was the subject of Dr. F. W. Kelly's class work yesterday morning at the summer school in Knox College. The summer theme will be dealt with each morning till Friday. He laid down two principles for teaching. Never tell the scholar what the scholar can tell you. Learn by judicious understanding, and proceed from the known to the unknown.

Rev. R. P. Mackay is giving four talks on Japan, in exposition of mission work, and yesterday morning described the appearance of the country.

The evening meeting was well attended, and addresses were delivered by Rev. Wylie C. Clark, B. D., on "Canadians for Canada," and Rev. Neil McPherson on "Mission Work in Vancouver in 1904." Mr. Clark thought we should be very careful about our education, of which he gave a short definition, "learning how to do in the best way the things that we ought to do." Speaking of the necessity of prohibition, he stated that, "in the outer towns and villages there is more drinking among young men than there was ten years ago." He advocated Sunday observance, without which we "cannot have a system of Christian ethics."

Mr. McPherson dwelt on the tremendous power ideas have. He warned his audience that if Canadians did not Canadianize the foreigners coming into the country, the foreigners would up Canadianize them. The Japanese and Chinese will teach us to think as they do. If we do not teach them to think as we do, he had heard of bicycling and football on Sunday, and some of the people from Southern Europe actually went on golf on Sunday, and even had dances at them. He thought nothing should be secured, but the child-bearing of culture without Christ, and urged his hearers to take a more serious outlook. A select choir contributed the music.

Prof. McFadyen will begin his "Studies in the Psalter" this evening at 9 o'clock, and Dr. Kelley and Dr. Mackay will continue their classes. The evening meeting, by permission of President London, will be held in the biological building, entrance from Queen's College, with light refreshments on "Palestine," with highlight views.

EASTERN BATSMEN WEAK ONLY SIX 300 HITTERS

Pitchers Have the Upper Hand, According to Unofficial Averages.

Unofficial averages to date show the pitchers to have the upper hand of the batsmen in the Eastern League. In fact, only half a dozen regulars are in the 300 list, and Toronto can hardly claim one at all. Following are the figures:
