HON. FRANK CARVELL STRONGLY IN FAVOR OF IMPROVEMENTS AT PORT: NEW POSTOFFICE IS NEEDED HERE

Visits Lakeside and Is Impressed by Possibilities of Harbor -Advocates Overhead Bridge At L. and P. S. Tracks-Federal Square Viewed and Minister Says Government Is Morally Obliged To Pay Something.

After carefully inspecting the harbor and the bridge at Port Staniey, Hon. F. B. Carvell, minister of public works, expressed the opinion that the improvements asked for are an absolute necessity, and that the work should be commenced as soon as possible. He also is of the same opinion respecting the proposed new postoffice and customs house at London. As to whether either work would be commenced this year he would not say definitely. One could gather the impression that as far as the minister of public works is concerned the work will be commenced as soon as the arrangements and details can be completed. Mr. Carvell spent an hour in the city, inspecting the site for the new postoffice, and he also took a walk around the federal square.
