Separate School Book Prices Now Cut

in Half.

The reduction of the price of public school readers by the Ontario Government from \$1.19 for the set to 49

cents has just resulted in the separate school readers being cut from \$1.15, the

old price, to 62 cents.

The revision of the public school books has also given rise to a movement for revised Catholic readers. This is likely to be complied with in 1911.

There was a renewal of the attempt to negotiate a financial arrangement and another around.

The arrangements will necessary with necessary in the asserting involve an increase in the asserting involve an increase

conference of the premiers was held soon after the Liberal Government returned to power, but nothing came of it because Lord Elgin was satisfied with obtaining authority for organizing a news bureau in the colonial came of Montreal, Mr. Forman of Collingwood and D. McNab of Barrie.

HAMILTON TO GO TO COURTS Railway Board Not Likely to Award Damages After Work is Completed. ship and Australia another, and an imperial defence conference is to assemble in the course of a few weeks,

the question of financing a costly navy has come up again with cumulative tion of the City of Hamilton to colforce. Before the Ontario Railway and lect certain damages from the Hamil-Railway Company, the ton Street If the spirit animating Mr. Ward's members will settle the question of

speech and the gifts of battleships from jurisdiction.

Australia and New Zealand be felt at After pavis After paving the streets between the the approaching imperial defence con- tracks and for two feet outside the tracks and for two feet outside the reference, something will be done toward the solution of the vital problem of naval defence. The colonies in the South Seas are already ready for the pany should keep the right of way in repair under the agreement. The company refused to make any repairs, and policy of overseas contributions to the imperial navy, and South Africa, when confederation is carried out, is likely to support it generously.

Sir Wilfrid Laurier is a statesman of tenacious opinions and force of character. He may be able to make a successful part of the city claims that the company should keep the right of way in repair under the agreement. The company refused to make any repairs, and in 1905, 1906 and 1907 made the streets passable, and now seek compensation. "The question is," said Chairman James Leitch, "have we the power to enforce payments of damages?"

"The board have a very strong feeling that they are not to go into such

tenacious opinions and force of character. He may be able to make a suc- ing that they are not to go into such cessful stand against the movement for questions, for we would be overwhelm-an all-red navy representing the empire as a whole and chargeable to the tion of damages against the thirty colonies as well as to the United King- odd railways under our jurisdiction. dom.
