WATER SUPPLY.—We are told that the water supply is contaminated by sewage and that typhoid fever is prevalent in consequence. The highest medical authorities in the city say that our typhoid death rate is 22, as against 8 for Hamilton, also using Lake Ontario water, because our sewage reaches the intake pipe. As the city increases, the sewage will push out farther, and we may any time have a typhoid epidemic. What has the Council done to remedy this? Nothing but talk and tell you to BOIL THE WATER. What good is cheap power to people stricken with typhoid fever?

The same anti-Beck organization that circulates red-handed copies of the News will single out Dr. Nesbitt as the Mayoralty candidate most deserving of its support.

What is there in Dr. Nesbitt's speeches or in his campaign liter at ure to suggest that as "Mayor and not interfere with any business in the city contracted for double to make an arrangement with the poor suffer hardships from buying coal in small quantities at high prices. The city annually buys 25,000 tons at \$3.00 per ton. It would benefit many and not interfere with any business in the cest if the city contracted for double the quantity and sold orders on the coal merchants for half or quarter-tons at cost price, the same as the Gas Company sells coke orders.

I have not forgotten how the Don Improvement Scheme (which I opposed) was rushed through in the same way. Estimate, \$200,000; cost, \$700,000; result, fallure. St. Lawrence Market, estimate, \$75,-000; cost \$300,000. find their ideal candidate for petitive struggle with a private If we must have Nesbitt for ure. that fling free copies of the News Mayor, we had better defeat the

—Telegram, Dec. 27, 1907.

Mayor, we had better defeat the by-law and keep a strong grip on the purse strings.

—News, Dec. 26, 1907.

Mayor, we had better defeat the Years ago I was instrumental in defeating a third bonus, to the Credit Valley, but we got the railway all the same. If we defeat the Bylaw, we will get cheap the same of the power just the same. I have always consistently opposed plausible schemes with fictitious estimates to commit the city to large expenditures. The estimate for the Power scheme is \$2,750,000, but the city experts state the complete estimate is \$5,200,000.

THE STREET RAILWAY should compelled to provide proper accommodition for passengers. It is perfectly shar ful the way the cars are packed, should, moreover, be compelled to exte

I submit it is time for a change in the City Council. Many of the retiring Council have been there for years. They have talked of pure water, trunk sewers, Yonge street bridge and viaducts, and they have talked and talked, but the judges have been working overtime to investigate their blunders. Give new men a chance to do something. Labor Temple, Brockton Hall,

(Near Queen St.)

TWO LIVES LOST IN FIRE. Oil Lamp Upset and Curtains Take Fire-Father and Son Victims.

OTTAWA, Dec. 29.-A sad tragedy occurred on Saturday night at 11 o'clock on Nelson-street, whereby a father and son lost their lives. Mrs. Desloges was sitting in her kitchen, while her husband and two children were sleeping upstairs. She had been sewing and in replacing the sewing machine cover, slipped upon an orange peeling and fell. The oil lamp was overturned and the curtains were soon ablaze. The woman caught up one child and screamed to awaken the sleepchild and screamed to awaken the sleep-ers, but was unsuccessful. Some little delay occurred in ringing a fire alarm. Mr. and Mrs. Fred C. Ashley, died to-day at the Brockton Hospital, from a bullet wound inflicted last night by her lover, Samuel H. Stetson, 24 years old, of Rockland, who killed himself immediately after shooting her. She made no statement at the hospital, but after the shooting last night she said she had told her lover that he must give her up, and that "Sam" had then shoother with the shooting had the shooting last night she said she had told her lover that he must give her up, and that "Sam" had then shoother with the shooting last night she said she she significant.
