DETROIT MOTORISTS WILL TOUR ONTARIO

Three Hundred Expected to Explore the Muskoka District in July Next.

ONE NIGHT IN TORONTO

A large party of Michigan motorists will pass thru Toronto in July en route to the Muskoka district, where they will spend a few days before proceeding to Sudbury and the Shaw. A great new field for motor tourists from the United States will be opened up by this 1920 international good roads tour of the Michigan Pikes Association, which is to start at Detroit, July 14 next. The tourists will travel from Detroit to Toronto, Ont., thence north over the great northern highway to the beautiful Muskoka Lakes district, then to the mining region about Sudbury, and from there parallel to the north channel of the St. Lawrence river to the Georgian Bay to Sault Ste. Marie, Ontario. The return trip will be made from Sault Ste. Marie, Mich., by way of the eastern branch of the Dixie highway to Bay City, thence to Alpena, Lansing and Detroit.

Will Camp Out.
It is expected that about 300 tourists will take part in this two weeks' tour. They will carry with them a variety of equipment which discounts anything before attempted in any tour.

The itinerary is 1355 miles and the tour is of fifteen days' duration. Thirteen out of fifteen nights will be spent in tents. They will sleep under a roof in the American Soo and Toronto. The party's truck train will consist of four trucks, carrying three motor cars and two generators; one electric lighting truck and two generators; one triple combination, fire engine and two emergency trucks to make necessary repairs to the sixty cars and the trucks and temporary repairs for bridges and other necessities.

Not all of the two weeks will be spent in traveling. The first Sunday of the party will explore the Muskoka Lakes. They will also spend a day fishing in the Spanish River and two days at Sault Ste. Marie, one day on each side of the international boundary. Pathfinding parties have reported the route good and the scenery is said to be beyond description. What is particularly worth while about this tour is that it will show the tourist accessible the scenic regions of Ontario and northern Michigan are to the city-dwellers of Illinois, Ohio, Indiana, New York and other states in the northeastern portion of the United States. While there are hotels in almost all of the towns traversed by the trip, the number of persons in this tour is so large that it was thought best to make arrangements for camping out every night. This also adds a flavor of novelty to the tour. The casual tourist will doubtless patronize the hotels, however.

SOME CAUGHT SLEEPING
With the increasing demand for electric lighting and the limited amount of electricians that can wire an occupied or finished house for electric light and concealing the wires without breaking the plaster or marling the decorations, and the ever-increasing cost of wiring supplies, some people have delayed in having their houses wired, and will not only have to await their turn, but will have to pay the increased cost. But the Electric Wiring & Fixture Co., corner of College and Spadina avenue, purchased all the material necessary for a year's work in advance, and when the prices were low, and are in a position to quote low prices and guarantee to complete an eight-room house in two days. They also sell electric fixtures at wholesale prices to all. Estimates free. Showrooms 261 College street, corner Spadina avenue. Phone College 1878.

CHARGE OF STEALING CAR
George R. Reid and John Jarvis of Dowling avenue were last night arrested by Plainclothesman McIlwraith, charged with stealing a motor car owned by A. P. Mulholland. The car had been left standing on Calendar street, and the prisoners are alleged to have driven it up a blind street, where they abandoned it and attempted to climb over a high fence, but they were caught by McIlwraith.

KILLED BY SHUNTING TRAINS.
St. Stephen, N.B., April 4.—While endeavoring to pass between two cars of shunting freight trains in the Canadian Pacific yards here yesterday, John H. McWha, an employee of the St. Croix Soap Manufacturing Co. was so badly crushed when the cars came together that he died soon afterwards. No one saw the accident. McWha was 38 years of age and leaves a wife and two daughters. Percy McWha of Vancouver and Harmon McWha are sons.

ALBERTA PREMIER
DEFINES "BONE-DRY"

Declares That It Does Not Mean That Doctors Can Write Prescriptions.

Edmonton, Alta., April 4.—Premier Stewart made clear his interpretation of "bone dry" in the legislature yesterday, when proposed amendments to the liquor act submitted by Dr. Stanley were being discussed.

"I take it," said the premier, "that 'bone dry' does not mean that the doctors can write prescriptions for liquor as medicines or anything else, so the doctors will be relieved of that if they will assist other citizens in voting on the public vote."

The premier referred to is to be taken in this province some time in June to finally determine the question for Alberta of interpretation of the liquor act. The premier takes the stand that if the vote is overwhelmingly against the importation of liquor that the province will go "bone dry."

WOODWORKERS ASK FOR ARBITRATION
Approach Federal Department Because of Employers' Refusal of Wage Demands.

Ottawa, April 4.—Acting on behalf of the local inside woodworkers, Messrs. C. E. Fisher and H. Tremblay, the president and secretary of the local union, representing upwards of 450 employees of the 16 furniture and sash and door industries of the city, waited upon acting Deputy Minister of Labor Brown on Saturday, with a request for the appointment of a board of arbitration.

This action followed the refusal of the employers to negotiate a new wage schedule which calls for a minimum wage of 50c per hour for bench hands, cabinet makers and machine operators, who are now getting only 45c an hour, while others engaged in the industries get as low as 35c per hour.

VETS' DELEGATES LEAVE FOR OTTAWA
Will Interview Government on Question of Soldiers' Gratuity.

Thirteen delegates from the round-table conference left Toronto at 10.05 last night for Ottawa, where they will appear to the government for further cash bonuses for all returned men. The delegation includes representatives from the United Veterans' League, Grand Army of Canada, His Majesty's Army and Navy Veterans, Naval Veterans, Originals' Club, Veterans of France, American Volunteers in the C.E.R. Returned men, numbering about 300, awaited the arrival of the delegates last night at the union station, and greeted them with cries of "Stick to 'em boys!" and "Here comes Harry" (J. Harry Flynn). The crowd followed the delegation on to the platform and demanded a speech from J. Harry Flynn. In response, the president of the U.V.L. told the men that the government had said they would be glad to receive any representatives he sent to them, as long as he himself, stayed away. He also stated that he had been assured, on government authority, that the house intended to do something for ex-soldiers and their dependents at their present session. The government will receive the delegation at about 11 o'clock this morning.

TABLET TO MEMORY OF MEN WHO FELL
Nineteen Names Engraved on Bronze Roll in St. Andrew's Church.

During the Easter morning service at St. Andrew's Presbyterian Church, King street, a memorial tablet was unveiled in memory of members of the church who died on the battlefields. The ceremony was performed by Rev. John Pringle, D.D., who also preached the sermon. The service was conducted by the minister. In his sermon, Dr. Pringle, who served overseas, told of his experiences in France. He told of communion services in a barn with a board supported by two chairs for an altar; of the paths of administering to those who were dying of their wounds in a strange land and far from their loved ones; of work among the hospitals and dressing stations. He told of what these men bled and died for and that the principles behind their sacrifices were the principles for which all should live.

The tablet is of bronze and faces the congregation from the right of the altar steps.

CROSS-INFLUENCES IN LABOR'S RANKS

Well-Known Leader Sees Cooperation of Soldiers and Workers.

Labor split by itself was pretty much the theme of an address given at the L. L. P. forum, Labor Temple, Sunday afternoon by John W. Bruce, the well-known labor leader. Mr. Bruce in the course of his address pointed out that so long as the opposition of labor forces within the movement was maintained just so long would labor fail to take its right place in the movement of the world. He deprecated the alignment in economic fields now made, represented by the international movement on one hand and by the Canadian Federation of Labor on the other.

Touching upon the personnel of the movement the speaker pointed out that the labor movement, like every other, had its Judases, those who would not hesitate to betray the movement, who worked for the trust of their own personal aggrandizement. But, the fact remained that the dissensions within the movement and the apathy which characterized the majority of the producers of the country toward their own interests forced the real cause for any failures noted in the progress of labor. If the future of the labor movement was to be assured, the factor of indifference must be transmuted into a fire which would lead the workers on from glory to glory. No such spirit was evident today.

It was pointed out that the factor of indifference must be transmuted into a fire which would lead the workers on from glory to glory. No such spirit was evident today.

Finally, the speaker stated his emphatic opinion that the social revolution had come, that it was within the gates.

"How do I know that, you ask?" he said. "Well, I know it because today for the first time the workers and the soldiers are clashing the government. The reason for much of the failure in the situation today lies in the fact that neither of these bodies has assumed responsible authority. The day will undoubtedly arrive when labor and soldiers will put up such a government, and this will spell the real emancipation of the producers of the country."
