IS undoubtedly the most effective medicine now in use for **Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, etc.**

It never fails to afford prompt and permanent relief. It removes all soreness, and heals the diseased parts. It immediately soothes the most troublesome cough, and, by promoting expectoration, removes the mucus that stops up the air tubes—which causes difficulty in breathing—thereby giving relief to that depressing tightness in the chest. If you have a cough or cold do not neglect it; many, without a trace of that hereditary disease, have drifted into a consumptive's grave by neglecting what was only a slight cold. Had they used

Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared.

There are cases of consumption so far advanced that **Bickle's Anti-Consumptive Syrup** will not cure, but none so bad that it will not give relief.

In recent cases it may be said never to fail.

This medicine operates by promoting a **Free and Easy Expectoration**, which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state; by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

COUGHS, COLDS, SHORTNESS OF BREATH, and affections of the chest, attended with weakness of the digestive organs, or with general debility seems to vanish under its use.

IT IS SO PALATABLE that a child

will not refuse it, and is put up at a price that will not exclude the poor from its benefits.

FOR CHILDREN—When children are affected with **Colds, Coughs**, Inflammation of the Lungs, Croup, Quinsy and Sore Throat this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming.

NONE HALF AS GOOD.—MR. WM. McCLAY, Knowlton, P.Q., writes as follows: "I have great pleasure in testifying to the merits of **Bickle's Syrup**. I was so hoarse that I could not speak above a whisper, and one dose gave me relief and it only took a few doses to restore my voice. It will cure the most obstinate cough or cold. I never tried a cough medicine that was one half as good as Bickle's."

BRONCHITIS CURED.—MR. GEO. S.

RICHARDSON, Roblin, writes: "I have been using **Bickle's Syrup** for fully six years and can cheerfully recommend it to any one (after testing it thoroughly) as having no equal, and I have tried many remedies too. I have two boys and when young they were great sufferers with Bronchitis. The **Bickle's Syrup** effected a complete cure with one, and always

stops the disease on the other. I found it more effectual than the doctor's medicine and can truly say that it saved me many a dollar. I have used it myself and in our family, and we found it superior to any Cough medicine we ever used.

COULD ONLY WHISPER.—MR. THOS. DONOVAN, Escott, writes: "I was so hoarse for weeks last spring that I could only whisper, but one bottle of **Bickle's Syrup** completely cured me. Thanking you for the benefit I received from its use, etc."

THE BEST.—MR. L. W. SENISAC, Stanbridge Station, P.Q., writes:—"We have used **Bickle's Syrup** for coughs and colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

NORTHROP & LYMAN CO., Limited,
Toronto, Proprietors.
Price 25 cents, 50 cents, and \$1 per bottle.
