**\$200.00 IN CASH**  
 And Numbers of Valuable Premiums  
**GIVEN AWAY FREE**

For correct solutions of A.B.C. Puzzle.  
 Read Carefully if You Wish to Win a Money Prize.

"Simple as A.B.C." the old saying is. This puzzle may look simple, but try it, and you will find it puzzling enough.

The puzzle is to count the number of A's, B's, and C's in the square. State how many of each letter you find.

To the person who sends in the highest correct count we will give the sum of One Hundred Dollars, (\$100.00). To the person who sends in the second highest correct count we will give the sum of Fifty Dollars (\$50.00). To the person who sends in the third highest correct count we will give the sum of Thirty Dollars (\$30.00). To the person who sends in the fourth highest correct count we will give the sum of Twenty Dollars (\$20.00). Should two persons send in equally correct answers for the first prize, the first two prizes will be divided between them, each receiving the sum of Seventy-five Dollars (\$75.00). Should three persons send in equally correct answers, the first three prizes will be divided between them, each receiving the sum of Sixty Dollars (\$60.00). Should four persons send in equally correct answers, the whole sum of Two Hundred Dollars (\$200.00) will be divided between them, each receiving Fifty Dollars (\$50.00). And so on in like proportions.

**DO NOT SEND ANY MONEY**

We mean exactly what we say. We do not ask you to send us any of your money. There's only one simple condition (which does not involve the spending of any of your money) to be complied with.

If you think you can correctly count the A, B, C's, write to-day, as this advertisement may not appear again. We will reply at once, saying whether your answer is correct or not and will send you a full prize list, together with particulars of the simple conditions mentioned above.

**GIVEN AWAY**

And many other Prizes according to the simple Conditions of the Contest (which will be sent).

Each one of the above four lines of figures spells a word. This most interesting puzzle can be solved with a little study, as follows: There are twenty-six letters in the alphabet, and number 2, C number 3, etc., throughout the alphabet.

**USE YOUR BRAINS.** Try and make out the four words. **ACT QUICKLY.** This is a chance for clever persons to win Cash and other Prizes with a little study and mail to us, and we will write you at once, telling you all about it. You may win valuable prizes. **Act Promptly.**
