MARRYING MARY THE BEST IN YEARS

Miss Florence Gear and an Excellent Company Made a Big Hit in the Opera House.

Marrying Mary is a hit! That was the general opinion of the large number of Opera House patrons who saw the way production last Monday night.

Given a comedienne who is pretty, with a fascinating manner, can sing and dance well, and who has a way that would create in most men a desire to leave home, dress her in the latest creations, equip her with a brilliant jewelry, and place her on a well-set stage filled with other pretty girls, differing from her only in degree, and the result should be a most attractive entertainment and a money maker as well.

Marrying Mary is both. It is a girly show of songs and dances, with Miss Gear as the principal girl. It is bright, tuneful and funny, merrily funny and it certainly pleases.

Both Miss Gear and her vehicle were new to St. John last night, but it is fair to predict that by the end of the season they will be pretty well acquainted with the town.

The story of the play, what there is of it, is better told by the author, Miss Mary Montgomery, when the play opens, in a scene which has had three husbands and is not averse to a fourth. Her first husband was a gentleman of portly build and Rooseveltian teeth—a Mormon singer—who was doomed to carry the name of Bushmeyer through life.

At that moment Jocky Mason, bearded and resentful was reading a letter which reached his lodgings two hours before his arrival, in an envelope bearing the ominous initials—O. H. M. S.

It was from the Southwark Police Station. "Sir—Kindly make it convenient to attend here to-morrow evening at 8 p. m. Yours truly, T. BRADLEY, Inspector."

The following day it was Mason's duty to report himself under his ticketed leave, but it was quite unusual for the police to give a preliminary warning in London. At 9 p. m. two letters, one a bulky package and registered, reached him.

The letter was from Mr. Abington. It freely acknowledged his telegram, stated that a man in the Athenaeum, who knew Sir Philip Morland, had informed him, in response to guarded inquiries, that the baronet was exceedingly well off, and called attention to some important leases in closed which resulted his signature.

The other note was from Evelyn. It was tender and loving, and contained a reference that added to the mystification of her telegram.

"In the hurry of your departure yesterday," she wrote, "we forgot to mention Blue Atom. What is your opinion? The price is high, certainly, but, then, picture the joy of it—the only one in the world!"

And again came another message. "I referred to Blue Atom, of course. What did the post office make it into?"

Blue Atom was assuming spectral dimensions. He cursed the thing fluently. It was high priced, a joy, alone in solitary glory. What could it be? He strolled into the station, and entered into conversation with a platform inspector.

REPUBLICANS CARRY THE STATE OF MAINE

Portland, Me., Sept. 14.—The Republican carried Maine in the state election today by about 8,000 votes, that being the plurality of Bert M. Fernald, of Falmouth, the party candidate for governor, over Obadiah Gardner, of Rockland, who headed the Democratic ticket.

At 11 p. m., with only less than eighty little towns and plantations to hear from, the vote stood: Fernald 79,648; Gardner 83,973. The remaining counties in 1904 gave a Republican plurality of about 1,000 votes. Governor Cobb's plurality in 1906 was 8,064.

As the Republicans, after a particularly strenuous campaign claimed the state by 15,000, the result of the contest was regarded by politicians as more favorable to the Democratic party as demonstrating that the people desired to be heard on the question of reorganization of the judiciary law by a popular vote. This issue was the leading one in the campaign, although the Republicans discussed at times other national questions.

The vote was the heaviest since 1888 running well up to 140,000. The gain, however, was mainly by the Democratic party vote increasing more than 18,000 over that of 1904 while the Republican vote fell off about 2,500. Both parties, however, increased their vote over that of 1906.

Mr. Fernald expressed himself tonight as pleased over the result. "Doubtless Mr. Taft's popularity helped," he said, "to increase the vote over that of two years ago and will help us very much in November."

Mr. Gardner refused to comment on the election until he had received the full returns. "I feel that the result is a fair one," he said, "and I am sure that the people will be satisfied with the result."

The Republicans carried all four congressional districts by about the usual margin. Amos J. Munton, Rev. Mr. in the first, and E. C. Burleigh in the third, while John P. Swayze was chosen to succeed Chas. H. Howard in the second, and Frank G. Oserowsky the late Llewellyn Powers in the fourth.

The two parties split even in the twenty cities and capturing ten. The Republicans, however, gained in the counties. The next legislature will probably be Republican by about the usual proportion.

The voting was particularly heavy in the districts, where the Democrats through the popularity of Mr. Gardner among the farmers, made great gains.

wealth and our young men have left the farms and gone to the States. He had seen such people in the States and on the average they had not done as well as if they had stayed at home and worked equally hard. He dealt out some wholehearted advice to the young men and said that not one-tenth of our arable land had yet been occupied, furthermore we are freemen and can own our own homes and we should envy no other country. If we are thrifty and live within our income we will succeed and there is no reason why the main building is completely filled with exhibits and presents a fine appearance.

A GIFT FROM D. RUSSELL. Judge Forbes, while in Montreal on his return from Toronto, called on David Russell and told him of the intended removal from St. John of Rev. Dr. Fotheringham, and of the presentation to Dr. Fotheringham of a purse. Mr. Russell, who is a former parishioner of Dr. Fotheringham, and was at one time a student in his Bible class, at once expressed his sympathy with the movement and gave Judge Forbes \$100 as his subscription. The generous gift was presented to Rev. Dr. Fotheringham this morning, and, needless to say, was greatly appreciated, as were the warm expressions of good will accompanying it. This is not the first occasion on which Mr. Russell has remembered his former pastor.
