NATIONAL GOVERNMENT

It is evident that the feeling in favor of a national, non-partisan government for Canada is making itself felt at Ottawa. The Ottawa correspondent of the Toronto Star says:
"It is stated authoritatively that strong pressure is being brought to bear upon the government from influential quarters to undertake the formation of a national government. Those behind the proposal are said to include Baron Shaughnessy and men of like calibre in the business and financial circles of the Dominion. It is recognized that the recent changes in the cabinet are not indicative of any desire on the part of the government for reconstruction. Legislators arriving at the capital are frankly puzzled concerning the political outlook. Nobody seems to be able to predict even approximately what the coming session will bring forth. Some believe an election to be inevitable; others suggest that reconstruction or even a national government may avert this. Western men appear to take the view that if an election can be avoided it would be well, but they declare that unless the government undertakes some change in the direction of greater efficiency, an election may be necessary."
The west is even more keen about a national government than the east. Of course newspapers which profit and perhaps exist by favor of the patronage committee do not desire a change, but that is well understood. It looks more and more like a national government or an election.

OVER \$1,000,000 FOR PLAY-GROUNDS.

The recreation system of the city of Seattle comprises 1815 acres, of which 1445 acres is in parks and squares, 231 acres in parkways and boulevards, and 139 acres in children's playgrounds, the whole representing an investment in lands and improvements of \$3,090,000, which would have been much larger but for the fact that public-spirited citizens donated valuable park properties.

We learn from the last annual report of the Parks Commission of Seattle that expenditures for this department are cheerfully made. Of playgrounds it says:

"Playgrounds have been given most generous attention, and it is doubtful if there is another city in the United States, of double the population, which can boast of having expended over a million dollars on playgrounds, as Seattle has done. The city owns twenty-four playgrounds, ranging in size from a city block to thirty acres in area. Twelve of these playgrounds have been substantially improved with modern outdoor gymnasium equipment of steel and other recreation facilities of a modern play-field, and men and women supervisors are in charge from May until October of each year. Four of the playgrounds are provided with recreation buildings or field houses, making possible all year round work. These buildings are modern in every respect, providing gymnasium, libraries, club rooms, assembly halls, etc." Bathing stations and a public golf course are other features of the Seattle recreation system. Of course the numerous parks, of which there are more than thirty, afford additional opportunities for healthful recreation. It is worth while to direct attention especially to the extent of the playgrounds, their cost, and the cost of maintenance. The following statement is summarized from the report:

Alki Playground—Land cost \$14,017; improvements, \$1,290; 1915 maintenance, \$88.51; area, 4.48 acres.
Ballard Playground—Land cost, \$32,853.05; improvements, \$34,681.14; 1915 maintenance, \$4,821; area, 5.15 acres.

Youngstown Playground—Land cost, \$15,292.94; improvements, \$5,015.15; 1915 maintenance, \$449.99; area, 1.8 acres.

There are seventy-two tennis courts and twenty-two ball fields in the various playgrounds and parks. The citizens of Seattle recognize the value of recreation, properly supervised, and they cheerfully pay the cost. The people of Canadian cities are gradually learning the same lesson, because they are paying a greater cost in other directions, as a result of their lack of interest in the leisure time of the people, both young and old, but especially the young. Our boys and girls need places to play, all they need supervision. Chief Simpson can tell some interesting stories about boy life, especially gang life in the city of St. John, resulting from the indifference of the public to the welfare of its boy life; and a stroll about the streets any evening will reveal the story of neglect of the girls of tender years.

If Mr. Blondin, the Nationalist, has nothing better for his staff to do than re-address letters for Kitchener, Ontario, which pro-Germans have addressed to "Berlin," he might effect a reduction in the staff and so give a boost to the campaign for national service. And that would enable the St. John Standard to save both words and space—thus profiting by the campaign and conferring a marked favor on its readers.

The Toronto Star Weekly says: "The recently appointed British food controller has fixed the price of potatoes in Britain up to the end of this month at \$28.75 a ton, which is, roughly, \$1.30 a bag. In Toronto today potatoes are selling at from \$2.25 to \$2.50 a bag. They were quoted yesterday on the New Brunswick Potato Exchange at \$2.40 a bag, and, according to one dealer, they may be much higher."

The latest Allied note to the United States leaves no doubt as to the only terms on which peace can be secured. President Wilson is plainly told that Europe must be freed from the menace of a power which has absolutely no regard for treaties when it believes there is something to be gained by breaking them. Kaiserism must go.

The British, including the Canadians, have made further gains in the west, and the Russo-Romanian resistance in the east has been stiffened by fresh troops, and the Teutons thrown out of Varna, which they had previously captured, and from which they had hoped to advance and capture Galatz.

The German raider in the South Atlantic has sunk or captured many vessels, but now that her whereabouts is known she will probably soon be accounted for.

It is once more announced that Greece has agreed, unconditionally, to the demands of the Entente Allies. In this game the Kaiser has lost, and the result will be of much advantage to the Allies.

If the I. C. R. suburban service is to be reduced, ample notice should be given, and care should be taken to prevent hardship to suburbanites who must come to the city every morning.

Once more the government at Ottawa proclaims the fact that no measure of conscription has even been considered.

Parliament opens at Ottawa today, and events there will be of unusual interest to the Canadian people.

Reports of further disturbances in Germany testify to the growing restlessness of the people.

Lucy—Don't you just adore Clarence Joyce? My, I think he's the handsomest thing!
Mabel—Well, his nose is a little flat, and his hair pretty light, and his eyes are a trifle big and pale, and his eyebrows—
Lucy—O, I know. You always expect a man to be a regular Venus.

BATTLE HYMN SUNG IN THE BRITISH LINES BEFORE THE BATTLE OF WATERLOO

"Comrades hark! the call has sounded! Here within God's House we stand, Praying Him to bless our arms, And defend our Father's land, All men here can learn a lesson Even as we who draw the sword— All must fight a harder battle As the soldiers of the Lord."

"Comrades, in these days of terror What are Britain's sons to do? Lead us as we march to war, Trust in Him, and keep your order; Comrades, let them scoff who will; God is still the God of Britain, Britain's sons are loyal still."

"God of Battles! God of Britain! Be as thou hast been before, Guard us as we form and muster, Lead us as we march to war. Thus believing—thus achieving— This our watchword still shall be: Britain's sons are faithful soldiers, True to Britain—True to Thee."

Better Bread Making

A Simple Undertaking with the "Universal" Bread Mixer

The "Universal" Bread Maker kneads and mixes in three minutes better bread than can be made by hand in half an hour.

The old-fashioned way of kneading dough—digging, punching, poking, patting and pawing is unpleasant, uncertain and unsanitary. The "Universal" way is the way of today.

With the "Universal" Bread Maker any one, even without experience can make firm light bread. A batch of bread is never a batch if made in a "Universal."

RECENT DEATHS

Mrs. Ada E. Thompson.

A wide circle of friends will learn with deep sorrow of the death of Mrs. Ada E. Thompson, wife of Alexander Thompson, assistant post office inspector, which took place yesterday afternoon at their home in Leinster street. Mrs. Thompson had been ill since New Year's, and while there had been some improvement she became worse a week ago and sank gradually until the end.

The late Mrs. Thompson was a daughter of W. V. Barbour. She was in her fifty-fourth year. Two of her sons are at the front, the eldest being Lieutenant W. Hazen Thompson who went over with the 115th and was almost at once transferred to the 47th Vancouver Battalion at the front where he has been in the thick of the fighting. His mother was much cheered by a cablegram at Christmas in which he sent love and the season's greetings. The other soldier son is Eric G., who is a quartermaster-sergeant with No. 6 Army Service Corps, also in France. He went to the war nearly two years ago. There is a third son, at home, Maurice, and one daughter, Miss Nora. The late Mrs. Thompson leaves a sister, Mrs. A. C. Currie, a brother, Allan D. Barbour, who was a member of St. David's Presbyterian church. The funeral is to be held to-morrow afternoon from her late residence, 106 Leinster street, at 2.30. A large circle of friends will extend sympathy to the family in their hour of sorrow.

Miss Eleanor M. Ferguson.

The death of Miss Eleanor May Ferguson, eldest daughter of the late Samuel Ferguson, occurred on Monday at her home, Lorneville (N. B.). She is survived by her mother and four sisters, the Misses Jean, Florence, Jessie and Leona, all residing at home. The funeral was held at Lorneville yesterday afternoon. The service was conducted by Rev. S. J. Langlois and interment was made in the Lorneville cemetery.

Mrs. Harriet J. Ellis.

Many friends will learn with regret of the death of Mrs. Harriet J. Ellis, wife of J. Howard Ellis, of this city, which occurred yesterday at her residence, 10 Alexander street. Besides her husband, two sons and one daughter survive. The sons are Henry Pinkerton, of St. Stephen; George Pinkerton, of Danforth (Me.); and Irvine Pinkerton, who is in the west. The sisters are Mrs. William Hughes and Mrs. John Hastings, of St. Stephen.

Richard B. Whelpley.

The death of Richard B. Whelpley, son of the late T. B. Whelpley, occurred at his daughter's home in Brockton (Mass.), on Jan. 4.

Mrs. Margaret Rafferty.

Mrs. Margaret Rafferty, widow of William Rafferty passed away early this morning at her home, Colbrook, following a long illness, aged eighty-one years. The death of Eubulus McCallum, one of the most respected citizens of Miramichi, occurred at his home in Douglastown early yesterday morning. He was seventy-six years of age.

Roland H. Graves died at his home in St. Martins on Tuesday morning at the age of thirty-two years, after an illness of three months. Harry and Frank Graves of St. John are brothers.

NEWFOUNDLAND SOCIETY

MEMBERS AT BANQUET

A banquet was held by the members of the Newfoundland Mutual Benefit Society, in their rooms in Germain street, last evening. The tables were prettily decorated. The following toasts were proposed: The King, with musical accompaniment by Isaac Mercer.

There is no longer any debate as to all the others, as I have not been the best treatment for itching, bleeding trouble since last winter. I consider it or protruding piles. But since about one ever used and shall always carry a box from this annoying ailment it is necessary to keep on telling people about Dr. Chase's Ointment.

Mr. Wm. Shaw, Island Brook, Que., writes: "I am writing this to let you know the benefit I have derived from your Ointment. I have suffered more or less for years with protruding piles, and last winter I got so bad I was completely unable to do my work. I went to a local storekeeper and asked him if he knew of any remedy for piles. I might say had anything that was good for piles that in my business I am known all over the place. I purchased a box and took it home and used it according to directions. Justice of the Peace."

Sworn before me this first day of January, 1916. M. M. Hallbrook, J. P., residing at Island Brook, Que., a box for anyone afflicted with piles, and for over one year I have not been troubled with piles. I had tried other remedies before but they only gave me temporary relief and that one box of ment. 60c. a box, all dealers or Edmundson's Ointment did more for me than son, Bates & Co., Ltd., Toronto.
