ST. JOHN MAN IS KILLED IN WEST

Arthur D. Dean Meets Sudden Death in Automobile Accident in Los Angeles—Word Comes by Wire to Father.

Thomas J. Dean, grocer of 42 Wall street, this morning received the sad news that his second son, Arthur D. Dean, aged 24 years, was killed yesterday in an automobile accident at Los Angeles, Cal. No details were received. The wire was sent by another son, Ralph, who is in the automobile business in Los Angeles.

Arthur Dean was a well known and popular young man. For some time he was employed with the C. P. R. here and left a few years ago for the western states where he took a position with the Pacific Steamship Co., which operates steamships along the coast of California and British Columbia. His father said today that he could not operate an automobile, so he concluded that he was with his brother Ralph when the accident occurred. The news was a great blow to the father and Mrs. Dean was prostrated with grief. Besides his parents, the young man is survived by three brothers, John, both of this city, and Ralph, in Los Angeles, and one sister, Mrs. Louise Krohan, in Massachusetts. The sympathy of the entire community will be extended to them in the bereavement. It has not been decided whether or not the body will be brought here for burial.

SKATERS WERE IN HARD LUCK

Gorman and Lawson and Donovan Had Bad Falls in Milwaukee.

Charles Gorman and Roy Lawson returned home today from Milwaukee, where they competed in the indoor international championships. Although Charlie won only third place in the 440 yards, he defeated Joe Moore in the semi-final of the 220 yards and had the best time for that distance. In the final he was jumping into the lead around one of the sharp corners when he collided with one of the other skaters and was disqualified. In the half-mile he was in second place at the final lap, when he broke into a sprint he fell and crashed into the boards. He sprained his right knee and doctor feared he would be unable to compete. Despite this handicap he entered the races, and in the half-mile, in falling, broke one of his skates almost to pieces. Duke Donovan fell and fractured his ankle. Roy McWhirter also had a bad fall and injured one of his legs. The series of accidents was attributed to the small size of the rink, which is oblong and fourteen laps to the mile, making the corners sharp and hard to negotiate.

En route home the local skaters stopped off in Chicago, where they were the guests of the Western Skating Association at a big banquet tendered in the Terrace Gardens. Other skaters who competed in the meet were also guests.

ALL CANDIDATES WILL BE THERE

Meeting Tonight When the Hydro Question will be Discussed—Mayor Unable to Sit Out Whole Session on Account of Business Engagement.

Mayor Schofield this morning notified Roy Willett, president of the Hardware Clerks' Association that he would be able to attend tonight's meeting between the hours of 8 and 8:30 o'clock. He told him that he had received a wire from J. T. Shireff, managing director of the E. B. Eddy Co., of which he was local representative, informing the mayor that he would be here this evening and asked if the mayor could arrange to confer with him. His Worship said he asked Mr. Shireff by wire if he could arrange to postpone his visit for a week, but received a reply that he had to go through to Halifax tonight and would not be able to come at another time.

To a reporter the mayor said that he had been given fifteen minutes at tonight's meeting in which to express his attitude on the hydro distribution question, but it would require from an hour and a half for two hours to cover the subject properly. He also said that he was planning to hold a public meeting in the Imperial on the first available date and on that occasion would be prepared to go into the matter thoroughly. He said that the council's consideration of proposed legislation which will be presented at the Hydro Commission tomorrow was another reason why the present time was not an ideal one for him to attend the meeting but unless something unforeseen happened he would be at the meeting for the time he had specified.

Commissioners Jones and Bullock have accepted the invitation. This completes acknowledgement from all the candidates for civic honors who have expressed their intention of standing for election.

The Chaudiere carried forty-two passengers, composed of twenty-nine cabin, ten second and three third class. She also had a full general cargo, the bulk of which will be discharged here. St. John people on board were Mr. and Mrs. Richard O'Brien and Rev. C. W. Follet of Loch Lomond. Most of the passengers were for points in Upper Canada and Old Country.
