CLOSING OF THE BAPTIST CONVENTION

After Midnight When Proceedings in Moncton Came To End

A DAY OF MUCH BUSINESS

Matter of Morals and Faith of Ministers Referred to at Evening Session - Reports on Finances of Church and Acadia

Moncton, Oct. 22.—The Maritime Baptist Association closed its fifth annual convention after midnight. Tonight's public meeting was devoted to Christian education, the speakers being Dr. Sawyer, Sumnerland (B. C.), Dr. H. T. Newell, Acadia Seminary, and Dr. G. B. Cutten, president of Acadia University.

After the public meeting of reports proceeded with business adopting the convention of the treasurers of the denominational funds and others. The principal matter before the convention related to licentiate and registration. Regarding licentiate, a recommendation was made by the committee on pastoral supply that all licentiate be for one year only, subject to renewal, if approved by the district meeting, as at the end of the second year the licentiate to be endorsed by the association.

A warm discussion took place over laxity in issuing licentiate and following them up, and also keeping on the list or ordaining ministers the names of men unworthy of the cloth. In this connection it was stated one man, whose name appeared in the yearbook as a licentiate was now wearing the prison garb in Dorchester. In another case a registered minister, it was stated by Rev. B. H. Thomas of Dorchester, was known to be guilty of gross immorality. Mr. Thomas also referred to an ordained Baptist minister, who was present of rank and hasty. This man the convention was informed had attended the present convention.

While place of the meeting next year.

OBSTINATE CATARRH

cannot be corrected by local treatment; to arrest the flow of secretion you must remove the cause; this symptom is only one of nature's warnings of a run-down system.

Build your strength and vital forces with SCOTT'S EMULSION; it supplies the needed lime and concentrated fats; the glycerine soothes and heals the delicate organs; the emulsion nourishes the tissues and nerve centers and makes red, active blood.

Scott's Emulsion overcomes catarrh by compelling health and vigor.

Finance Committee's Report.

Rev. I. W. Porter, at the afternoon session, submitted the following report from the finance committee:

"That the boards interested have not presented statements of the work of the past year, in accordance with the coming year. Your committee has had therefore to do its work without the necessary data. By resolution of the convention this committee recommends that the total amount to be asked from the churches and the scale of division of the funds remain the same as last year, viz., \$55,000, to be divided as follows: Home missions, \$17,000; foreign missions, \$20,000; Acadia University, \$6,000; ministerial relief and annuity, \$8,000; western missions, \$6,000; grand total, \$57,000; ministerial education, \$1,000.

"In view of the fact that the receipts for the past year fell several thousands below the estimates and that practically all the cases represented are alike calling for enlarged contributions, your committee recommends that the total amount to be asked from the churches and the scale of division of the funds remain the same as last year, viz., \$55,000, to be divided as follows: Home missions, \$17,000; foreign missions, \$20,000; Acadia University, \$6,000; ministerial relief and annuity, \$8,000; western missions, \$6,000; grand total, \$57,000; ministerial education, \$1,000.

"Whereas, there has been but a very slight increase during the past year in our denominational funds, and whereas it is evident that our churches are not contributing adequately to our denominational enterprises, your committee recommends the immediate appointment of a field secretary for denominational funds, whose duties shall be (1) to promote the benevolence of our churches to educate our people in their stewardship and to organize our churches for the raising of the alms fund; (2) to serve as treasurer of denominational funds for the three provinces.

"Your committee further recommends that the standing order on finance be empowered to appoint such field secretary, to arrange details of salary, office accommodation and clerical assistance, salary and expenses to be a charge upon denominational funds—forty-five per cent from Nova Scotia and P. E. Island.

"We recommend an annual salary for the secretary of \$100, that this amount be paid to Rev. J. H. McDonald, D. D., for his services during the past year; that payment be made by the treasurer of convention.

"Considerable discussion took place on the recommendations to appoint a field secretary. Those participating in the debate included Revs. F. S. Porter, E. G. Colpitta, Mrs. Conant, Caboon, Crowell, Revs. W. H. White, C. P. Wilson and M. B. Smith. Dr. Conant took decided objection to the appointment of a field secretary. He did not think a man getting a large salary and going around talking self-sacrifice would amount to much. He did not believe in these runabout agencies. 'We have a cross,' he declared, 'for this sort of thing.'

Rev. Mr. Price asked if the field secretary was to operate in Nova Scotia and P. E. Island, and was informed that the appointment was for the maritime provinces.

The report was finally adopted with the exception of the clause referring to the payment of the secretary's salary. It was ordered that this amount be a charge on the denominational funds, the collections being taken at the convention being paid into that fund.

Sunday School General Secretary Rev. I. W. Porter submitted the following joint report from the board of governors and finance committee:

At a joint meeting of the board of governors of Acadia University and finance committee it was resolved to recommend to the convention to adopt the recommendations of the finance committee in respect of the appointment of a Sunday school general secretary, with an amendment making the amount of salary from the board of governors one-quarter instead of one-third. This was adopted.

Rev. A. S. Lewis moved that the financial year be changed from July 31 to Sept. 30, in accordance with notice of motion given last year. Seconded by Rev. J. H. Porter.

Dr. Cutten wished that some arrangement could be made to hold the convention at least a month earlier. After discussion by Revs. I. W. Porter, E. G. Colpitta, Dr. Cousine and the mover of the resolution changing the financial year was adopted.

Rev. F. S. Porter submitted a report in regard to young people's work and moved the following resolution:

"Whereas, it has been felt that the young people's work in the maritime provinces has not enjoyed that denominational affiliation and support essential to its success and, whereas, this lack of co-ordination and consequent dependence on outside agencies for literature, supplies, etc., have mitigated against efficiency in the movement, and, whereas, many leaders in the work are convinced of the necessity of a change in the manner of administering and controlling this important department of denominational life and activity; therefore, Resolved, that in the opinion of this convention the time has come for the creation of a denominational board to supervise the young people's work in these provinces, working either in conjunction with the Sunday school board and called committees on Sunday school or young people's work, or separately and distinctly appointed with its own special secretary. If the new board is appointed we recommend the nomination of fifteen trustees, six from Nova Scotia and three from P. E. Island.

The report was seconded by Rev. Mr. McCutcheon and adopted.

The report of the Sunday school board was taken from the table and adopted.

Rev. Mr. Jenner moved that his convention in view of the pressing needs at Cornwallis street church, Halifax, approve of and endorse an immediate appeal to remove the mortgage on the property of that church. Further, that when said mortgage is removed we endorse a movement to obtain a new and suitable building giving to the home mission board a free hand in the matter of appealing for the necessary funds. Adopted.

Revs. Gordon and Higgins resigned from the Sunday school board in order to allow a central board at Wolfville to be appointed.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering tentailed by neglected skin troubles—mental because of disfigurement, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for rough complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a postal 'Cuticura,' Dept. 34, Boston, U. S. A., will secure a liberal sample of each, with 32-page booklet on Skin and Scalp Treatment.

SENSATIONAL CLOSE OF THE BECKER TRIAL

Jack Sullivan, Recalled, Testifies as To Frame-up—Judge Orders His Evidence Taken

New York, Oct. 22.—The evidence in the case of Police Lieut. Charles Becker closed abruptly and dramatically this afternoon with testimony from Becker's "star witness," Jack Sullivan, for which admission Becker's lawyers had fought long and hard when Sullivan testified before Judge Re-opened Case.

John F. McIntyre, Becker's chief counsel, had declared his case rested when Sullivan was recalled. He said, frankly, that he did not want Sullivan's testimony. The court ordered the case reopened and instructed an attendant to bring Sullivan over from his cell in the toms and put him on the witness stand.

Mr. McIntyre refused to question him, and Justice Goff, leaning over the bench, instructed the district attorney to ask the witness "as a part of the case of the defense" certain questions which the court had excluded during Sullivan's previous testimony.

The question had to do with conversations Sullivan said he had in the West 53rd street jail with Rose and Webster. "Rose told me that he and Webster, Valon and Schepps were going to frame up Becker," Sullivan declared. "He asked me to corroborate his testimony. They all asked me—kept at me day and night. When one left off the other began. One day, and after he had read it, he came to me and said 'Jack, the Becker didn't have anything to do with the murder. He said: 'I swear to you on my mother's grave that Becker didn't have anything to do with this case. He is innocent, but I've been talking too much and I have got to testify against him.'"

"There was but one witness called in rebuttal and none in surrebuttal. The case was closed for both sides at 3 o'clock, and adjournment taken soon thereafter. Tomorrow will be devoted to summing up. Justice Goff will charge the jury on Thursday.

THORNE LODGE FAIR.

A very successful programme was conducted at the Thorne Lodge fair in Victoria Park last night, when nearly 300 people attended. The St. Mary's Band furnished music. The door prize, a ham, was won by George Purdy. Those who were successful in the game, etc., were: Ladies' bean board, a pipe, Mrs. Nichols; ladies' plate toss, a pair of slippers, Miss B. Campbell; men's plate toss, a gold chain, James Stratton; ring toss, a pipe, Crawford Johnson. The fair will close this evening and a special list of prizes has been prepared. The door prizes will be a silver spoon and fountain pen.

Y. M. S. OF ST. JOSEPH.

The election of officers in St. Joseph Society took place last evening at the regular meeting as follows: President, George Cunningham; vice-president, E. J. Moran; recording secretary, J. Morrissey; financial secretary, F. O'Leary; charge of sports and games, V. Brophy; charge of literature and dramatics, J. Legere; charge of rooms and socials, H. Atchison; treasurer, John Stanton; sergeant-at-arms, B. Stafford.

The Gadder Is On the Job

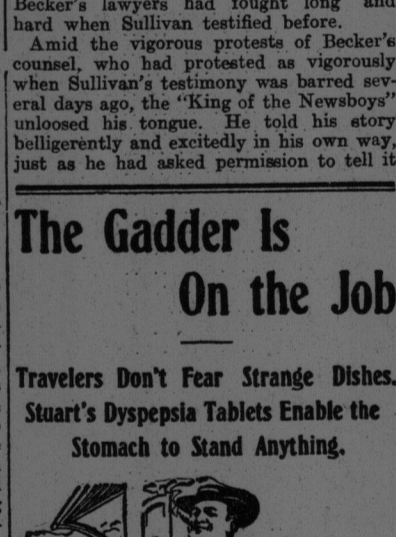

Travelers Don't Fear Strange Dishes. Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything.

"Railroads tell you about the wonders of Nature along their lines; hotels describe their modern accommodations; but they never fail to ring in their 'cuisine unexcelled.' The wise traveler knows he is taking 'pot' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites."

This commented a philosophical traveler, man, speaking of hotel life, restaurants, grills and junction lunch counters. "The 'situations in this world,' he continued, 'are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and eating. I have learned from experience to eat what they serve; to forget the food experts, read the current news and jokes and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets.'

And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the drug gist does not try to sell something in the place of it that's "just as good." Their unqualified merit and success and the universal demand for them has placed them within the reach of everyone.

MORNING LOCALS

The S.S. Athenia, of the Donaldson line, arrived at Quebec yesterday from Glasgow. Included among her passengers were several Scotch families who are to locate at Miramichi, N. B.

The annual dinner of the Canadian Association of Stationary Engineers will be held in Wannamaker's restaurant this evening. During the evening Police Magistrate Ritchie will deliver an address.

The exterior of the customs house, post office and dominion savings bank are to be cleaned by the sand blast process. Huppelle Thourout, managing director of the company, arrived in the city yesterday with the apparatus.

The members of the building committee of the Board of School Trustees met the city commissioners yesterday afternoon for a conference regarding the proposed new school for the Douglas avenue district. The present building is declared inconvenient, unsightly and in large enough, and the trustees recommended that a site for a new building be purchased before last.

They also reported that they had secured several lots to be commissioned. Lack of funds is the chief difficulty in the way of the project, but the commissioners will consider the matter and give their answer in a month.

OPTION ON WEST PICTOU FARMS

Doctor MacDermott, of Montreal, a brother-in-law of Mr. Brock, manager of the Pictou branch of the Royal Bank of Canada, who has spent the most of the summer in Pictou, was impressed with the low valuation of farm lands in West Pictou and saw what he considered a good opportunity for investment. He interested Montreal real estate men and, at their instance, with the assistance of Gus Cameron, real estate agent, secured options on twenty-two farms in this neighborhood. He picked out a pretty fair run of farms, and their total valuation is close to \$50,000. The options are for six months.

Mr. MacDermott says that the C. P. R. is about to go into the business of colonizing farms in Nova Scotia. While they will naturally work first along their own line, the D. A. R. he thinks that they will eventually acquire further railroad interests and, at all events, he believes that he or the real estate company with which he is working, can find purchasers for the farms he controls, at a price which will leave a fair margin of profit.

My Digestion Is Now Good

And I Feel Like a Young Man Since Using Dr. Chase's Kidney-Liver Pills.

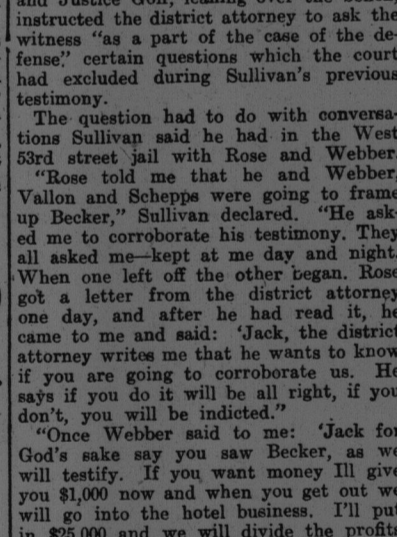

Prof. A. T. Smith.

"What a horrible condition the digestive system gets into when the bowels are constipated. The poisonous waste matter is thrown back into the blood stream and finds its way into all parts of the body, causing pain and aches and feelings of fatigue and misery.

It is wonderful how quickly Dr. Chase's Kidney-Liver Pills sweep the poisons from the digestive system and enable the organs of digestion to resume their natural functions.

Prof. A. T. Smith, 1 Mt. Charles street, Montreal, and formerly of Boston, Mass., writes:—'I suffered for many years from bad digestion, constipation and horrible headaches. I have been treated by many doctors without any result. One day a friend in Boston advised the use of Dr. Chase's Kidney-Liver Pills. I was completely cured. My digestion is good. I never feel any pain in the back. My head is clear and I feel like a young man. I think Dr. Chase's Kidney-Liver Pills are one of the best medicines on earth.'

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edman, Bates & Co., Limited, Toronto.

when he was on the stand before Sullivan's testimony, guided by the unwilling hand of the district attorney, was in direct support of the contention of the defense that Rose, Webster, Valon and Schepps, informers and state witnesses, had conspired in jail to send Becker to the electric chair by their own perjury.

Judge Re-opened Case.

John F. McIntyre, Becker's chief counsel, had declared his case rested when Sullivan was recalled. He said, frankly, that he did not want Sullivan's testimony.
