NEW BRUNSWICKERS HIGH IN HONORS

Close of The Summer School of Science

SUCCESSFUL MEETINGS

List of the Winners of Scholarships and Prize Winners—Miss Olivia Maxwell of St. Stephen Wins a \$50 Scholarship

The Summer School of Science, which has been held at Halifax during the last three weeks has just completed the most enjoyable and successful of its twenty-seven sessions.

The closing meeting was held on the evening of Tuesday, July 29, in the Technical College, the assembly room of which was crowded with students and friends, who greatly enjoyed the brilliant addresses and the distribution of scholarships and diplomas.

Among the speakers of the evening were Hon. E. H. Armstrong, of the Nova Scotia government; Controller Harris, representing the city of Halifax; Rev. Doctor Bond and Rev. A. B. Cohen of the clergy; Doctor McKay, chief superintendent of education; Principal Sexton of the Technical College; and members of the Summer School of Science staff. The honors of the evening were shared by Miss Olivia Maxwell of St. Stephen, N. B., and Hubert Vickery of Yarmouth, N. S., each carrying off a \$50 scholarship. In winning the remaining scholarships New Brunswick students were somewhat in the lead.

Miss Pursey of Yarmouth headed the list in the number of scholarships obtained by any one student, taking the Lindsay scholarship, the scholarship for agriculture in Yarmouth and the prize in English.

Four New Brunswick students carried off two prizes each, as beside the scholarships for highest average, they obtained scholarships for special subjects. Miss Ebbett of York Co. and Miss Burgess of Queens, were ties for the first prize in botany, with Miss Young taking the other botany prize. The prize for agriculture in New Brunswick was won by Miss Brown of St. John county.

HOW I MADE MY HAIR GROW

Woman With Marvellously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. Believe me they injure the roots of the hair. After any long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but has practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, 1/2 drachm; Lavender Compound, 2 oz. If you like it perfumed add a few drops of Ys-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp.

This Is An Illustration of The New Front Lacing Corset

Women who are particular about the perfect fit of their gowns will be at once interested in this front laced model. It will give a narrower back in stylish slender effect. It supplies suppressed curves rather than flat lines and the entire hips and thighs are snugly moulded in long graceful contour distinctly fashionable.

Come and study the points of comfort which this style of corset furnishes.

ORANGEMEN PARADE AT ST. JOHN'S, Nfld

St. John's, Nfld., July 31—Yesterday was the big day of the Orange convention. The grand black chapter completed its work during the forenoon and elected officers for next year.

In the afternoon the Orange convention opened in grand session and a mammoth parade was held through the city, about 1,200 taking part with five bands. The procession visited the government house, rendered assurance of loyalty to the governor, who made an appropriate speech in reply. The parade then made the rounds of the city through thousands of spectators, white sympathizers on the hills on the south side of the harbor fired volleys of musketry and cannon.

After the procession, a large number of leading delegates, including local Grand Master Squires, Attorney-General Morrison, Mayor Hocken, of Toronto; Col. Armstrong, of St. John; Dean Saunders, of Montreal; Canon Fish, of Toronto, and all the ladies of the party, attended the Catholic orphanage picnic, which was proceeding at the same time. At night fireworks and illuminations arranged by local lodges brought the affair to a close.

The usual low prices at Pidgeon's are cut still lower than ever during Big Ben's stay. Get busy and get your share. Corner Main and Bridge.

BREWSTER'S MILLIONS

OPERA HOUSE, AUG. 7, 8, 9

There is nothing new to say about "Brewster's Millions," Millions have read George McCutcheon's whimsical story of frenzied finance which has made the most blasé laugh. There is little to say about the play. The triumph of stagecraft is attained in the wonderful third act on board the yacht rocking in the gale in mid-ocean. The company in support of Lewis Nilson is a strong one.

George Koors, fifty four years old, who escaped from the Tennessee State Penitentiary in Frankfort twenty-one years ago after serving ten years of a life sentence, has voluntarily surrendered himself and has asked to be allowed to complete his sentence. He says that his decision to return was made on the toss of a coin.
