

"CARPET-BAGGERS."

The Colonist has a good deal to say about "carpet-baggers," simply because Mr. Schou has chosen to go up from Vancouver to run against Col. Baker in East Kootenay, and Major-General Kinchant has become a candidate in Cariboo. If this organ reflected for a moment it might come to doubt the wisdom of calling attention to this feature of the campaign, for the status of several of its own friends as "carpet-bag" candidates will at once present itself to its readers' minds.

Premier Davis is himself a "carpet-bagger" in Cowichan-Alberni, since his home is in Victoria. How does he like the Colonist's appellation?

Mr. Higgins carries his carpet-bag into Esquimalt without any protest from our amiable neighbor. The genial ex-speaker must feel pained to think that he belongs to the class so reproached by the organ.

Mr. Hunter is a "carpet-bagger" in Comox, but the organ does not condemn his candidature there on that account.

Mr. John Bryden is taking up his residence in Victoria, and therefore the Nanimosites may be induced by the Colonist's teaching to look upon him as one of the carpet-bag brigade.

Mr. Vernon has no personal connection with Yale, his home and his belongings being located in this city. The organ should immediately proceed to call the chief commissioner and his carpet-bag away from a place where they do not belong.

Dr. Lefevre, a resident of Vancouver, goes up to Dendway as a candidate, much to the disgust of some local gentlemen. No doubt these latter will heartily re-echo the Colonist's condemnation of "carpet-baggers."

Dr. Watt, a government candidate in Cariboo, lives in this city, which is much further away from the district than is Major-General Kinchant's home. If the general is to be held up to scorn as a "carpet-bagger," what is to be said of the doctor?

Col. Baker himself would have been a "carpet-bagger" in East Kootenay if that famous prospect had been successful and he had been able to unload his Grandbrook estate on the unsuspecting Englishmen. The colonel must congratulate himself on the narrow escape from entering the ranks so detestable in the sight of the chief organ.

In fine, the Colonist has gone to a great deal of trouble to hammer its own friends over the shoulders of Mr. Schou and General Kinchant. These two gentlemen have not the slightest reason to object, since they are getting the best sort of advertising they could look for.

A SUCCESSFUL MEETING.

Last evening's meeting was a most satisfactory one from an opposition point of view. The gathering was completely representative of the great body of the people of this city, and no observer could fail to mark its close and hearty sympathy with the speakers. The opposition candidates could ask for no better encouragement than they received from their audience of last night, and they can confidently count upon the complete success of the meeting as an indication of their coming success at the polls. The government party have been flattered themselves with the idea that opposition feeling in this city was insignificant because it had not been noisily manifesting itself; but this meeting will probably open their eyes to the truth. The general verdict is that the speeches were worthy of the meeting. In manner and matter they were excellent, and they offered many ideas on which the electors may well ponder. The exposure of the government's trickery and incapacity was such as to convince any but the most prejudiced partisan that the men now in office are not fit to be trusted with the charge of the people's affairs, and that a renewal of the lease of power would be a dangerous move for the province to make at this juncture. Their trifling with the workmen, their dealings with the parliament buildings, their turning and twisting in connection with the British Pacific project, their muddling with the provincial finances and trafficking in appropriations—all were set forth lucidly and convincingly. Last evening's speeches could not but leave an impression on the minds of the audience extremely unfavorable to the ministry and extremely favorable to the four opposition candidates.

EDITORIAL NOTES.

Said the Vancouver organ of the government: "A certain amount of public money must be spent every year throughout the province, and in a country boasting responsible government that section is most likely to get the lion's share which has the right kind of representatives." And again: "No sensible man can disguise the fact from himself or from his neighbors that those sections of the country are likely to have the 'pull' which are in touch with the powers that be for that special period." We were quite aware that the government and its friends were incantating this nefarious doctrine "each rose," but we hardly expected to find it openly preached as it is by the World. Let the electors carefully examine the certificate of character thus given the government by one of its friends.

Hon. Mr. Vernon in a speech at Boundary Falls said: "Mr. Graham had affairs, until quite recently, been a strong supporter of the government, and his hearers would probably learn from that gentleman his reasons for changing his

opinions. He personally had found out during the canvass that those whom the government had most befriended in this district were at the present time its most ardent enemies." From this, its own testimony, it must be inferred that the chief commissioner's prospects are rather blue. It seems that Mr. Graham did supply the explanation suggested by Mr. Vernon, for in a report of his speech at Fairview appears this sentence: "For 10 years I have been a strong supporter of the government, and during that time have had no great reasons for complaint, but for the last four years matters have been carried on in such a reckless, extravagant manner that the time has arrived for a change."

THE POLITICAL STRUGGLE.

The Campaign in Dendway—Who General Kinchant is.

Port Hammond, June 25.—We had a visit a few days since from Mr. C. B. Sward, opposition candidate for this riding, and his reception was most enthusiastic. His return at the head of the poll on the 7th of July is a foregone conclusion. Dr. Lefevre was also seen at a distance with a couple of his faithful. Betting is now down to one that the opposition will be returned to power.

The following incident, which we have an excellent authority, took place at Port Hammond a few days ago. Between the government candidate and a gentleman of that place, the doctor, after considerable talk, in which it appears the gentleman assented to avoid a fight, Judge Lefevre said, "I am not going to try to meet an intelligent gentleman like yourself who understands what one says," etc. This looks very much as if the doctor found most of the electors in the riding a matchless, but he will find out when they have sufficient common sense to mark their ballots for Sward on July 7th.

The government or its henchmen as yet have taken no action in regard to the election of the "Justice Building" in place of the commodious Port Hammond public hall as a polling station. They will find out their mistake after the ballots are counted on July 7th.

A Stave Valley (Dendway municipality) correspondent, writing of his former neighbor, General Kinchant's, candidacy for Cariboo, says: "General Kinchant is one of the earliest pioneers of Stave Valley, and has spent much of his own labor and a large sum of money in improvements on 'Glentruin,' this giving employment to many settlers and adding materially to the wealth of the municipality. He stands high in the estimation of all as was proven by his election by acclamation to the municipal council at the beginning of this year. His command of the Eleventh Hussars in the British army, together with his retired rank, is evidence of his ability. The general is totally opposed to intemperance, is the friend of the oppressed and will combat wrong wherever he sees it. His services are needed, now that a black cloud of political sin hangs like a pall over the province, and when a crisis so grave is threatening the peace and prosperity of the country. Men of Cariboo, help the cause of liberty and promote pure government by returning General Kinchant as your representative."

Nanaimo, June 28.—Tully Boyce addressed the electors of this riding in the Cedar district hall last evening. There was a very fair attendance and the usual enthusiasm characteristic of political meetings prevailed. It is stated that the Hon. Theodore Diez intends to be present at the meeting to be held tomorrow night on the "Five Acres" blocks. Davis is undoubtedly interesting himself in this election. It is merely a fond delusion that occupies his brain, as the result on the 7th of July will verify this statement.

The Vernon correspondent of the Fairview Advance writes: "Politics are quiet among the supporters of the government at the present time. The opposition are certainly a majority in all the centres except Lumby. It is expected that two-thirds of the votes at the Mission will be cast for Mr. Donald Graham."

NANAIMO.

The case of Constable McLean, for assault, was again brought up in the police court yesterday, when the young girl whom it is alleged Stewart assaulted was present and gave evidence. Counsel for both sides fought hard for their clients, but the magistrate's decision will not be given till late this afternoon.

A mass meeting of the miners will take place on the "green" on Friday morning to consider the question of the ten and five per cent. reduction, as the men are now in working order.

Nanaimo, June 27.—The case of Stewart vs. McLean was concluded yesterday and the defendant was fined \$20 and costs. The case of Fletcher vs. McLean was decided out of court, the latter paying all costs.

Mr. Jones, the assiduous agent of the Coast Seamen's Union, has resigned his position, which will be filled by Henry Wolfe of Eureka, Cal.

Two young fellows who have been making themselves decidedly objectionable were notified by the police that they would have to leave the city. Yesterday they decided that the climate of Nanaimo was unsuited for their health so accordingly left for Victoria.

Nanaimo, June 25.—The bicycle races at the opening of the Caledonian grounds next Saturday afternoon will be as follows: One mile race, first prize, gold medal, value \$25; second prize, medals worth \$15.50; two mile race, first medal, \$20, second, \$10; three mile, novice, first, medal, value, \$10.50; second, \$5.50; five mile, first, medal, value, \$15; second, \$8; five mile, first, medal, value, \$15; second, \$8.

Nanaimo, June 23.—The programme of sports for the Caledonian picnic on Saturday has been completed and the grounds have undergone extensive improvements; the event should be celebrated with great enthusiasm. The lacrosse match, James Bay vs. Nanaimo, will be the principal feature of the day.

The boys of Messrs. Shaw and Gallows' classes were dismissed to-day after undergoing the usual closing examinations. The high school closes tomorrow.

The steamer Crown of England went under the shades yesterday morning. After taking on board 3500 tons of new V. Co.'s coal she will proceed this afternoon to sea.

WRESTLING.

MACLEOD WINS AGAIN.

San Francisco, June 27.—The wrestling match last night between Frank Moth, champion Gracioso-Roman wrestler of the United States, and Dan McLeod, champion catch-as-catch-can wrestler of the Pacific coast, took place at the Alcazar theatre for a purse and side bet of \$300. This started at work at 9:45 p.m. The first was Gracioso-Roman. Moth's favorite style, and he won the fall in 10 minutes and 40 seconds. The second bout was catch-as-catch-can and was won by McLeod in 8 minutes. The third, the same as the second, was won by McLeod in 6 minutes. After McLeod had won the match Moth said that he came out here to wrestle Gracioso-Roman not catch-as-catch-can, and would not meet him on the coast for a purse or side bet.

LAW INTELLIGENCE.

An Action for Alimony—A Case, from the Cariboo Road.

From Tuesday's Daily. The alimony action of Mumford v. Mumford came up before Mr. Justice Crease this morning in the supreme court. On the 19th of May last his lordship granted the wife, Mrs. Mumford, a judicial separation from her husband, Jacob Mumford, proprietor of the 124 Mile house, and subsequently on a motion made for alimony the learned judge ordered the husband to pay that a settlement might be having effect of court. In opening for the petitioner Mr. S. Perry Mills stated that he and Mr. Helms had endeavored to arrange a settlement of the matter, but were unsuccessful. The whole matter was unsatisfactory in the usual way. The petition sets out that the parties were married on the 8th of January, 1874, and lived together until last fall; that in 1884, on the death of the wife's father, she received about \$1500, which she subsequently put into her husband's business and which was spent in improving the hotel premises. The husband, it is stated, owns property valued at over \$10,000.
