Along Brussels street a large portable boiler, just lately purchased, is being used. It is capable of thowing four streams of steam at once and is doing some very effective work.

In Carleton a boiler is being kept on the constant move. There is also an additional boiler in the city proper which is being used for emergency cases.

The fact remains that the contract was ratified and that every officer and all the prominent men of the company who were in a position to know the ins and outs of the affair were eagerly in

Local Government Will Consider in This Session-A Highway Act.

FREDERIGTON, N. B., March 10. In the provincial legislature today, Hon. Mr. Labillois introduced his bill relating to highways, making a number of changes in the present system.
Statute labor is to be abolished, and
each county is to be divided into highway divisions under superintendents just for the pleasure of making the kick.

The sentiment of those who knew what they were talking about was expressed by General Manager Hays who

Hon. Mr. Tweedie said that last sesclared that the Grand Trunk Pacific sion a committee had been appointed of which he was chairman, to prepare a measure for the purpose of amending the election act in regard to a secret ballot. He desired to notify the members of this committee that he would call them together tomorrow so that the matter might be disposed of
