Canadian Government Proposes To Become Absolute Owner of Canadian Northern Railway

(Continued from page 1)

Government Loans.
Last year in connection with the

Loan to G. T. P.
As to the G.T.P., Sir Thomas stated that it was in a different position and that the government should make a demand loan repayable at six per cent. and secured by mortgage to the amount of \$7,500,000. That amount would be presented to the house in the supplementary estimates and power of directors of the company as the government saw fit to do.

The Two Reports.
Sir Thomas then referred to the appointment of the commission, composed of A. H. Smith, president of the New York Central, chairman of the

Proceeding Sir Thomas dealt with the difficulty caused by the commission sending in two reports, one by Sir Henry Drayton and Mr. Ackworth, and a minority report by Mr. Smith.

Public Ownership Idea.
"It seems clear," he said, "that the continuance from year to year of the large financial assistance which we have been granting to these companies is against opinion and against public policy while the ownership of these roads remains in private hands. The true policy would seem to only the best public ownership order that the benefit from large public assistance should inure to the public when these enterprises reach the period of fruition."

Atlantic Standard time. S. D. Gupit, Mgr.

Government's Proposal.
Coming to the government's proposal Sir Thomas declared and said in plain language that he did not believe there would be further aid to the Canadian Northern while it was privately controlled. Briefly referring to the fact that the government already owned \$40,000,000 of the \$100,000,000 stock of the C.N.R., he said: "We propose to acquire the whole of this \$60,000,000 of stock for the people of Canada. With the \$40,000,000 stock that we have we shall be the absolute owners of the Canadian Northern Railway. Whatever money we expend in the payment of fixed charges for betterment, for rolling stock will be to the sole benefit of the people of Canada."

"We think it is desirable, in the interest of efficient management, and for the purpose of financing, that the system should continue to be admin-

After holding first place in the American League for one day, Boston dropped into second place yesterday by losing to Chicago. Chicago once more leads the league, 625 to 50. On Monday Boston defeated Chicago 5 to 2 in a peculiar way. In the first inning Harry Hooper, of the Red Sox, a native of Prince Edward Island, made a freak home run, with two men on bases. Hooper's hit went down the right field line. The ball struck J. Collins' glove and bounced into right field bleachers, putting Chicago in second place for one day.

COLLAPSED FROM HEAT.
Special to The Standard.
Moncton Aug. 1.—The first case of collapse from heat with the season here occurred today with the monster standing at 85. A driver of a city garbage wagon was overcome by heat this afternoon and fell off his cart. His condition is thought not serious.

G. T. P. Mortgage.
W. M. German asked in reference to the mortgage to be taken on all the assets of the G.T.P. whether it was not a fact that the outstanding securities already equalled the value of the property.

"I think so," admitted the minister, "but I would say this: The G.T.P. already has a large area in the west. Even if it costs something in interest I believe that it should be continued as a going concern. I do not believe that public opinion would agree that the road should be thrown into the hands of a receiver."

As to the value of the C.N.R. stocks, Thomas said he proposed to acquire it for the public of Canada and have the manner determined by arbitration in the manner recommended in the Drayton-Ackworth report. That was a board appointed one member nominated by the government, another by the owners and pledgees of the stock and the third by the other two, or if they could not agree, by the senior judge of the exchequer court. If the arbitrators were not unanimous in fixing the value of the stock provision would be made for an appeal to the Supreme Court in both law and fact.

Green Plays Brilliant Game—Chestnut Pitched Good Ball—Acacias Are Still After the Maples.

The Tremble-freeze two-wheeled circus drew a large crowd yesterday evening at Hampton. Fully nine hundred in all witnessed some clever feats in ball juggling and base line running. The star performer for the station was a runner out at a mile in the double play, who pulled off a feat of pulling a rope over his head while he was in the air.

The base running of Matthews, Bennett and Tremble was one of the features of the performance. The result of the show last night was that both teams on the same back for first place, each having a game to their credit. It has been decided to play the deciding game on Saturday afternoon at 2 o'clock. The game will be played on the field of the Acacias, which has been secured for the purpose. The winner of the game will receive \$100. The line-up was as follows: Village—Sharp, c.; Freeze, p.; Ryan, 1st; Fleming, 2nd; R. Bovard, 3rd; L. Fleming, 4th; D. M. L. W. Gilliland, c.f.; H.
