GERMAN HELD ON CHARGE OF DESTROYING C. F. R. SIGNAL

Tuesday, May 11.

A wire-haired and well-scented German dog, Joseph Schreier, is incarcerated in the county jail on a charge of maliciously destroying a signal on Thursday night, which destruction had not been discovered in time, may have led to a serious disaster.

On Sunday night, Sectionmen Arthur Duplessis and A. W. Duplessis at Ennisville, saw the dog tampering with the tracks. He approached an erected signal of the block signal system which he destroyed. He kicked in the lower part and reached the indicator off with his hands. He then left the tracks and went to the woods.

The men had a good opportunity to see him and were able to give a description of him to the C. F. R. police. Yesterday morning D. Ryan, assistant superintendent of the Atlantic division, left St. John and searched the district. He located the suspicious character yesterday morning and notified Detective Skidmore of St. John, N. B., the arrest and brought the prisoner to the city.

The German was brought before the police magistrate about 9:30 o'clock and was remanded to jail. He could speak fairly good English, and according to Detective Skidmore, had a good knowledge of the railroad of the province and was very familiar with railroading. Not much is known about him. He told the police that he was in New York this time last year and since, he has travelled through the maritime provinces.

A thorough investigation will be held into the matter. The opinion is held by some that the German is mentally deranged. If such is the case he will be sent to the Provincial Hospital. He is found to be sane and will be kept a prisoner until the end of the war at least.

In arresting a suspected spy at the arrival of the train from Sussex yesterday morning, Sergeant Chas. Rankine and Policeman Elliott checked an alleged deserter from the 4th Mounted Rifles, Amherst, as it is believed he was making his way to the States.

About 5 o'clock yesterday morning a call was received at central station from Sussex to the effect that a suspicious person had got on the train at Sackville, and was proceeding in the direction of St. John. The train arrived about two hours later, Sergeant Rankine and Policeman Elliott were on hand to meet it, and on a description that was given them held William LePomp, a Frenchman, belonging to Quebec. He was brought to central, and upon investigation it is charged that he had deserted from the 4th Mounted Rifles. He will be taken back to Amherst today.

VICTORIA (B. C.), UNDEER MARITAL RULE

Victoria, B. C., May 10—Victoria is under martial rule, the result of renewed attacks upon German establishments by mobs bent on revenge for the sinking of the Lusitania. After a mob of several thousand men and boys smashed windows yesterday in the Phoenix brewery, New England hotel, Killbuck's jewelry store, Hermann's cleaning establishment, and Geiger's plumbing shop, the mayor read the riot act and 800 soldiers began patrolling the city. A detachment of troops is expected from Vancouver to reinforce the local garrison. Further trouble is feared.

The Phoenix brewery was wrecked, the mob doing its worst before the soldiers reached the scene. A guard was placed around Government House to prevent any disorderly scenes, due to the fact that Mrs. Barnard, wife of the lieutenant-governor, is a daughter of Mr. Loewen, a German.

Anti-German Riots in Liverpool.

Liverpool, May 10—The municipal authorities ordered that all saloons be closed at 8 o'clock tonight, in consequence of the anti-German riots here yesterday. The ring-leaders of these disorders were let leniently in court today, but were warned that further outbreaks would be punished rigorously.

"Now, men," said the general employer as his hands clattered round at the breakfast hour, "this is election day, and I hope you are all going to vote."

"Now, I'm not going to tell who my favorite candidate is. Every one of you is entirely free to vote as you think best. But do you see that big barrel of beer over in the corner? Well, that barrel won't be opened unless X gets in."

Bernhardt.

Love to contemplate a part. From all its homelike glory. The trails that soften to the heart. Bernard's story.

"As when his writings cold and clear Had roused the lion in the Briton, That with words that resembles fear Was badly smitten."

His eye methinks pursued the flight Of British power the world had over, And saw beyond his lion's might The cliffs of Dover.

I saw antagonism roused In mighty lands across the water, And saw how he never had espoused The cult of slaughter.

"The sword," he whined, "I never bared. Nor made it in its scabbard rattle. Nor warned my land to be prepared For growth to battle."

"And if in books of mine, one word Is quoted that could bring discredit On Honor, Peace, or me—absurd! I never said it."

"Be sure thy peace alone I crave. The wrongs of war was inspired my writing— I found some other men are brave As ours in fighting."

YOUTH HELD AT SACKVILLE FOR ROBBING CARS

Sackville, N. B., May 11—A youth named Murray Lorette was before Police Magistrate Doull this morning, charged with the breaking, entering and stealing merchandise from an Intercolonial railway car on a siding near the freight shed here, about April 20. Lorette was also charged with committing a similar act at Shediac on May 4. Two other youths, Dennis Arsenault and George Bristol, gave evidence. They said that they had been with Lorette and were connected with the thefts. Both Arsenault and Bristol were sent up for trial recently for similar offences committed at Amherst and Springhill (N. S.), and Arsenault, in his own testimony, said that, as near as he could remember, the gang had broken into six or eight cars. They pilfered—constantly of boots, silverware, candy of various kinds, gum, etc. Lorette was sent up for trial and taken to the county jail at Dorchester to await the first sitting of court.

BOYS AT THE FRONT IN SAFE WATERS

Fredericton, N. B., May 10—(Special)—Mrs. Stephen Jones today received a card from her son, Sam Jones, formerly of this city, who enlisted in St. John with the 2nd Fusiliers contingent, and went to England with the 12th Battalion. The card says: "Just a few lines to let you know I am leaving Southampton for France." The card is not dated, but it evidently dates the story published in a local paper sometime ago to the effect that Sam was reported missing from the 14th Battalion Royal Montreal regiment while in action in France. This story originated from a letter published in a Montreal paper in which a man of the same name was mentioned. The card received by Mrs. Jones was in today's mail.

NORTH SHORE STREAM DRIVER SWEEP TO DEATH

Campbellton, May 9—The unusual rise of water in the Restigouche river and its tributaries was doubtless responsible for the death on Saturday of a young man named Dubugny, aged about 19 years. Dubugny was in the employ of the Richards company, making the drive of logs and, at the time of the accident, was standing in the water of the Christopher brook, about five miles from its junction with the Restigouche, attempting, with others, to float the logs, when the jam broke and the logs suddenly swept down river.

Some of the other men saw his peril and called to him, but apparently too late for him to escape. One of the men on the logs made a desperate effort to save him by grasping his head as the logs swept over him, but succeeded only in grasping his hair.

The body was recovered on Saturday night, and the funeral service was held on Monday, the 9th, from the residence of his father in the "Folic." The bereaved family have the sympathy of many friends.
