

Serial No.	From or to whom.	Date.	Subject.	Page.
9	To Governor-General the Marquis of Lansdowne.	March 30, 1886	Recording the correspondence and negotiations which have taken place with the delegates and the High Commissioner, and observing that as it appears doubtful whether satisfactory communication by steamship can be regularly maintained all the year round, it is important that the proposal to construct a "metallic subway" should receive the careful consideration of the Dominion Government, and the Secretary of State hopes the matter will admit of such a settlement.	46
