

# The British are coming

On February 30th of this year CSL will be presenting the concert of the year, if not the decade. This show will see Britain's 3 premier rock bands on the same stage for the first time ever. The opening act will be the Rolling Stones. When asked how he felt about not being the main attraction Jagger replied, "I can't get no satisfaction!"

Performing after the Stones will be the Who. The group decided they would do one final show just for the sake of UNB students who have been deserving of a good concert all year. Special guest appearance by Keith Moon during the infamous "My Generation" rumble will be the highlight of the Who's show.

The best act has been saved for the last. For the first time in over fifteen years the Beatles will appear on stage together. This show should prove to be the most unusual as the fifth Beatle will be present. Madame Zelpa, the reknowned medium, will fill this role.

It is hoped by CSL that this concert will be to the satisfaction of students at UNB and that the credibility factor will be ignored.

Today Friday 25 is the second annual "BE KIND TO TEMPERMENTAL LEMMINGS

DAY". It all started one day a little over two years ago. My little sister came home from school and told me all about these poor little fur balls who every four years

Featured are many of the uses as this remarkable little creature. I have brought my mothers lemming skin book cover. Refreshments

will be served, notably lemming-aid and lemming tea. There are many interesting dishes that lemmings can be used in. Stew is one of my favourites. Just grab 50 or 60 of the little beggars from the freezer and chuck them in the pot. Each one is just the right size to pop in your mouth, and are they chewy. My two favourite desserts are lemming meringue pie and a frozen lemming on a stick.

whole day off work and we have a barbeque, ahh roast lemming on a spit. Then at night is the parade, this year's grand master is Jack Lemming. We have fireworks and everyone dresses up as a lemming.

Then we go to the river and jump in to show our respect to the lemming. As the rivers are a little bit cold in my country we have a problem with drownings, but its a small sacrifice to pay in respect for your national animal.

Back home, they do it right. Everyone takes the
