Hydro Com

18

OTTAWA, April 27, 1928.

My dear Dr. Manion:

Referring to your letter of recent date regarding the use of C. N. R. right-of-way for extension of rural line Hydro Electric Power Commission out of Port Arthur, to serve a summer resort district, I beg to advise you that we have made some progress in this matter, but are confronted with certain necessities which are outlined in a letter (copy attached hereto) addressed by the Commission to Dr. McCullough, which, after reading, kindly return.

Yours very truly,

Hon. Dr. R. J. Manion,
Minister of Railways and Canals,
Ottawa, Ontario.
