Ottawa, October 23rd., 1917.

Sir,-

Referring to account of Mr. Ingham for relief supplies furnished to John Beaver, I beg to say that it is noted that cough medicine and emulsion were supplied. The account is being paid in full this time, but medicines should be given by the doctor of the Alnwick Band and not supplied as relief, and you should bear this in mind in future.

Your obedient servant,

For Asst. Deputy and Secretary.
