

PREFACE.

THIS edition of the Ready Reckoner is one of the most complete ever offered to the public. It shows readily, at one view, the value of any number of feet, yards, gallons, pounds, &c., of any article, from 1 to 225, at rates ranging from one quarter of a cent up to 5 dollars, in so plain and easy a manner, that a person may, by looking at the head of the page for the given price, and at the column on the side for the number wanted, tell with the utmost accuracy the amount of value required.

In order to render this little work more valuable to Farmers, Manufacturers, Tradesmen, and Mechanics, there is added a Table, showing at one view a rate of wages, from one quarter of a day to twenty-six; from one dollar per week, to nine dollars and fifty cents; together with variety of forms of Notes, Bills, Receipts, Petitions, &c., which no person in business ought to be without.
