

THE MAGNETICON.

The Celebrated English Magnetic Appliances for the Cure of
Disease Manufactured only by

MESSRS. WETTON & CO.,

Of London and Cheltenham, England; Edinburgh and Glasgow, Scotland;
Dublin, Ireland; and TORONTO, CANADA.

These appliances are at once a direct assistance and safeguard, as they not only possess strong curative properties, but are also a most valuable preventive; by their invigorating and vitalizing influence constantly averting much of the liability to disease or suffering, and daily adding to the strength and vigor of the constitution. Thus, the various appliances may be used with immediate and permanent benefit by the strongest man, or the most delicate invalid or child. They are arranged in a most convenient manner, being simply worn over the under garment, thus causing no unpleasantness whatever, and not interfering with any business or occupation, and may be laid aside at any time when not required. They do not require any preparation, are never damp or uncomfortable, and being constructed on the latest scientific principles, combine many points of excellence which are not possessed by ANY OTHER electric appliances—a fact which is at once demonstrated by comparison. They comprise the following among many other appliances:—
