

The man who robs Peter to pay Paul usually intends to strike Paul for a larger amount later on.—Puck.

A London journal says that a lively discussion once took place in a town council in the north of England. One thing led to another, till one of the disputants gave another the lie direct. The insulted party rushed forward, and the pair clinched. At that moment the first man exclaimed, "I reiterate that you are a liar!" To the astonishment of every one the aggrieved party let go his hold. "Oh, well," he said, "In that case I accept the apology. If a man says he reiterates, that is all any gentleman can ask."
