

The Child's Own Bible

Of course every child should own a Bible and of course it should be illustrated, for the same reason that Primary Teachers use the Colored Picture Roll in teaching the Sunday School Lesson. Pictures catch attention and make the Bible Stories very real to the boys and girls.

This delightful edition of the Good Book is made specially for the children.

It contains 34 clever, full-page illustrations in rich colors. The size of the book is a convenient one, 4 x 5½ inches.

The type is clear, the binding strong, being a good black Morocco.

This is the sort of Bible to read to the very small children—when they get a little older they'll want to read it themselves. Put it on their little bookshelf before they get any older.
