

## Wagon Paint

Makes the Wagon last longer

The wagon maker smiles when he sees the way some farmers neglect their wagons—it means more business for him. But he admires the fellow with foresight enough to keep his wagon well painted—it means longer life for the wagon. The wagon maker knows the value of paint—that is why he covers the wagons he makes with the best wagon paint he can get, so it will protect the wood and iron during the life of his guarantee.

### MARTIN-SENOUR WAGON PAINT

is made expressly for painting lumber wagons, sleighs and all kinds of farm implements and tools. It readily flows from the brush, is of good body and dries hard—will not blister—resists the wear and tear to which wagons are subjected—stays bright and makes the old wagon look new.

# Why is a roof

to protect—

Unless it fully protects what it covers, a roof is not really a roof. And only a metal-shingled-roof can possibly really protect the contents of the building it covers. For no other roofing is proof against all the elements or nearly so long-lived—or so economical.

### which metal shingle?

There are several makes of metal shingles to choose from. Any one is better than wood, slate, or ready roofing of any kind. Any one of them will outlast these roofing materials and give far better service. But—as with all things man makes—there is one better than the rest. We make it.

The principle of this side-lock makes a big difference in roofing. May we tell you about it by mail.

### why Preston surpasses

Preston Safe Lock Shingles will give you better roof-service, bigger value for your money, and complete satisfaction for two reasons. One is that these are the ONLY metal shingles so made that they pass the British Government (almost unreasonable) tests

exacts of galvanized sheet metal that it buys. One detail of these tests requires a coating of 98% pure zinc. Another, that the metal stand nding double without cracking the galvanizing a particle. A third, that the metal must stand FOUR dippings into acid without showing signs of corrosion. There are still other tests and ONLY the PRESTON SHINGLES, of them all, can pass these tests.

### yet the cost is the same

You pay about the same price for the ordinary metal shingle as for ours. And it is a little price, considering the roof-service they give. But you, naturally, would prefer to get most-for-your-money—as we all do. Therefore, you should, before you roof at all, learn about all the other metal shingles—and about ours. The book that will inform you is ready to mail to you. Just a post card from you will bring it.

The Preston top-lock—where the big strain comes on a metal shingle—is worth knowing about. Ask.

## The Joy of Harvest

depends more than you perhaps realize on the vitality, cleanness and "good breeding" of the seeds you sow. Rich soil and skilful tilling are largely wasted unless you select the seed as carefully as you prepare the soil.

## EWING'S Reliable Seeds

produce vegetables, flowers and field crops of which you can be justly proud. Your land is put to the best possible use, and your work is well spent, when you start right by planting Ewing's Seeds. Forty seasons have proved their reliability. If your dealer hasn't Ewing's seeds write for our Illustrated Catalogue and order from us direct.
