Pratt Food Co. of Canada, Ltd. Dept. 62 Toronto

At a certain college it was the custom to have the students write the following pledge at the bottom of their examination papers: "I hereby certify on my honor that I have neither given nor received aid during this examination." Soon after handing in his paper, a young fellow hurriedly entered the class-room, and said, "Professor, I forgot to put the pledge on my paper." "Altogether unnecessary," replied the teacher. "I have just finished looking over your paper, and I feel sure you neither gave nor received aid."

Cholera Infantum is one of the Most Fatal Diseases of Young Children

Mothers should look well after their children during the hot summer months, as this is the time of year this trouble is most prevalent.

If any of your children become troubled in this way it will not pay you to experiment with some new and untried remedy.

Get one having stood the test of time. Dr. Fowler's Extract of Wild Strawberry has been on the market for over 65 years and we have yet to hear of a case of cholera infantum it has not cured.

Mrs. S. S. Johnstone, Ochre River, Man., writes:—"About four years ago I gave Dr. Fowler's Extract of Wild Strawberry a good test.

"My oldest son, five years old, got very bad with cholera infantum; two days after my next son took it; and the third day my little girl also took it. I doctored with all kinds of things but they kept on getting worse and the doctors could do them no good. I then started the Dr. Fowler's Extract of Wild Strawberry and after two or three days could see a difference, so kept on with the treatment, but they were so bad it took about two weeks to complete the cure.

Different people have asked me how I saved my children's lives that time, and I always say it was Dr. Fowler's Extract of Wild Strawberry. I am, now, never without it in the house."

Price 35 cents.

MAKE YOUR ENTRIES FOR THE INTERNATIONAL.

Less than two weeks more remains before the date of closing of entries for the International Live-stock Exposition, to be held at Union Stock-yards, Chicago, December 2nd to 9th, 1911. The exact date that entries close is November 1st, and any breeders who are contemplating showing at this great exhibition should lose no time in making their entries if they have not already done so. Canadian breeders have always done well at this great show, and we hope to see a large and strong entry of Canadian stock this year. Don't forget the closing entry date, November 1st.

A reduction auction sale of registered Aberdeen-Angus cattle is to be held at Grape Grange Farm, Clarksburg, Ont. (see advertisement), on Thursday, November 16th. Some fine animals, sired by Elm Park Master, one of Mr. Bowman's best, and by Prince Rupert M., a grandson of Pradamere (imp.), will be offered for sale. The "Blacks" never hook, are easy feeders, mature early, make the best of beef, and are good crosses with Shorthorn grades or dairy breeds. The fat-stock shows from Edinburgh, Scotland, and Smithfield, England, to Chicago, U. S., show that they have few, if any, equals as prize beef winners. Clarksburg is only 1½ miles from Thornbury Station, G. T. R., with sidewalk and bus running to the lane gate, and the sale begins at 1.30, after the arrival of the train from the south.

THE WOODSTOCK SHORTHORN SALE

The contribution sale of Shorthorns held at Woodstock, Ont., on Wednesday, October 11th, had the misfortune of having the morning C. P. R. train, with a number of probable buyers on board, tied up at Milton on account of a wreck, the train arriving at Woodstock after 3 p. m. Taking into account this disappointment, and the feed shortage, the sale was fairly satisfactory to contributors, while buyers secured good bargains. The excellent character and condition of the animals offered received favorable comment. Following is a list of sales of \$75 and upwards:

From the herd of H. J. Davis, Woodstock, Ont.	
Rosewood Gem, John Miller, Broug-	
ham.....	\$150
