AMERICAN Temperance Life Insurance Company, Capital \$100,000.

HARTFORD, CONNECTICUT.

MUTUAL COMPANY.

Excorporated by the State of Connecticut, and officially approved by the Comptroller of Public Accounts.

J. Burton, Agent for Nova Scoti a

Tile friends of Temperance in the above State have recently procured a Charter for a Life Insurance Company, with a view to insure the lives of Temperance men, by themselves, that they may secure the advantages of their temperance principles without being subject to pay losses incurred by intemperance.

It is a well settled fact in the history of Life Insurance Companies that full twenty-five per cent. of their losses are traceable to the remote or direct influence of alcoholic stimulants upon Ann. Prem With Profits Age. | Am'nt.

influence of alcoholic stimulants upon the human system. Total abstinence men, if insured in common with men who habitually use intoxicating liquors as a beverage, of course are com pelled to share in paying losses incur-red by this practice. They do not in-sure them upon an equality with oth

It is the design of our Company to insure none but temperance men, and to give them the full benefits of their temperance principles, both in the re-duced rates of insurance and the full duced rates of insurance and the full carnings of the Company, after deducting expenses. We have herewith appended our table of rates. It will be seen that they are twenty-five per cent. lower than the rates of most mutual Companies. Our premiums are to be paid in cash, but if upon our present rates, it shall be found that abstinence from the use of intoxicating liquors as a beverage, shall make a greater difference in the value of life, than we have estimated, the insured receive the full benefit, for we propose paying all profits in cash annually, after the usual fund of \$200,000 has accumulated.

In this Company those who are in-

annually, after the usual fund of \$300,000 has accumulated.

In this Company those who are insured for life, and thus propose to share the profits of the business, not only have the same security furnished by the best conducted Mutual Companies, but they have the entire earnings of the Company on the low rates, after deducting expenses; and in addition to this, every dollar of the capital (\$100,000) is liable for the payment of losses. This, we believe, affords abundant security to the public, and presents decided advantages over any other Company in the country, for there is none to our knowledge, organized upon this plan. 5 4 5 dant security to the p 5 10 0 sents decided advan other Company in there is none to our k 6 7 5 nized upon this plan.

THE ROAD TO HEALTH! HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD

DIGESTION. Copy of a Letler from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

Prescot Street, Liverpool, dated bit June, 1851.

To Professor Holloway.

Sin,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so elarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was in duced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the experity of the attack, and the spredy cure, I think, speaks much in invour of your astonishing Pills.

FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the let March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two mouths, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure. credible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND "TOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Them & Son, Proprieto's of the Lynn Advertiser, who can wouch for the following statement.

To Professor Hottoway.

To Professor Hollowar,
Sin.—I desire to bear testimony to the good effects of Hollowar's,
Sin.—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stoneach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Heydon, Esq., Sydney New South Wates, dated February 25th, 1851.

Bis.—A Mr. Thomas Clark, a Settler at Lake George, was for a considerable time seriously sufficied with a complaint of the Liver, together with the Gravel. His inedical attendents, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Fill's and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them secording to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly admited to and recognition products to the cure of liarly adapted to and essentially necessary for the cure of COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrewing friends and Nurses, have tailed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE persons have been deceived repeatedly in buying medi-cines which were said to be infallible cures, but which have only proved pallistives, but this medicine is not only a pallistive but a cure for ulcerated lungs. It contains no deleterious drugs, and one trial will prove its aston-ishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as Spitting of blocd, coughs, pain in the side, night sweats,
