

We believe, through careful inquiry, that every advertisement in The Guide is signed by trustworthy persons. We will take it as a favor if any of our readers will advise us promptly should they have reason to question the reliability of any person or firm who advertises in The Guide. We do not knowingly accept the advertisements of frauds, get-rich-quick-schemes, doubtful investments, or anything classed by us as "undesirable."

We publish no free "boosters," and all advertising matter is plainly marked as such.

Rates for classified advertisements may be seen on the classified page. Display rates may be had on application.

Change of advertising copy and new matter must reach us seven days in advance of publication to ensure insertion.

The Grain Growers' Guide

G. F. CHIFMAN, Editor.

Published under the auspices and employed as the Official Organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association, and the United Farmers of Alberta.

The Guide is designed to give uncolored news from the world of thought and action and honest opinions thereon, with the object of aiding our people to form correct views upon economic, social and moral questions, so that the growth of society may continually be in the direction of more equitable, kinder and wiser relations between its members, resulting in the widest possible increase and diffusion of material prosperity, intellectual development, right living, health and happiness.

Published every Wednesday at Winnipeg, Canada. Authorized by the Postmaster-General, Ottawa, Canada, for transmission as second class mail matter.

Volume IV. June 26th, 1912 Number 48

WHEAT TO SELL, OR WHEAT TO ROT

The Western farmer is face to face with a problem unlike that of any other grain grower in the world. He has virgin soil and ideal climate. He is growing "bumper" crops. But often he cannot sell the crops because he cannot ship them after harvesting. Last year forty-five million bushels of wheat were unmarketed because of the lack of railroad and elevator facilities. And the prospects for several years to come are no improvement.

It is easy enough to grow wheat, but it is a serious question when the wheat must be left to rot, because it cannot be shipped. However, every farmer may have his own storehouse, absolutely water, fire and damp proof. He can build it himself of concrete blocks and be independent.

With a concrete block storehouse, he can harvest his crops and put them away until the rush is over, when cars are plentiful and prices are highest. His grain is kept at its best and he can borrow on it at reasonable rates.

The concrete block storehouse solves the Western farmer's most vital problem. This subject is dealt with in a very comprehensive and thorough way in a new circular issued by the Ideal Concrete Machinery Co., of London, Ontario. It is well worth reading and may be obtained free by writing direct to this company.—Advertisement.

The Best Place to Market your Cream is
The Brandon Creamery & Supply Co., Brandon, Man.

The Guide is the only paper in Canada that is absolutely owned and controlled by the organized farmers. It is entirely independent, and not one dollar of political, capitalistic or special interest money is invested in it. All opinions expressed in The Guide are with the aim to make Canada a better country and to bring forward the day when "Equal Rights to All and Special Privileges to None" shall prevail.

Subscriptions to any part of the British Empire, \$1.00 per year in advance. Foreign subscriptions, \$1.50 in advance. Single copies 2 cents.

Send money by express, post office or bank money order. We cannot accept responsibility for money sent loosely in a letter.

75c NOW Makes \$200 By Next Fall

Gophers robbed you of \$200 worth of grain every 48 hours this year! How would you like to have that money? Will the something happens next year or will you invest the box of Kill-Em-Quick Gopher Poison and kill every gopher in an 18 acre field? Lose their 12 per cent to kill gophers. Money back if it fails. Show in the lines to start killing gophers, squirrels, muskrats, chipmunks and field mice. Have Kill-Em-Quick poison. Ask your druggist or write us now for interesting facts. Address Anton Nicholas, President Nicholas Kill-Em-Quick Co., Dept. K, Winnipeg, Manitoba, Canada.

TO FARMERS

When in Winnipeg for the Exhibition do not fail to call on me. I have farm lands for sale at prices away below market value, on easy terms; might have one next to yours which you can handle easily. Correspondence solicited.

Guaranteed
Painless Extraction
by the
Dola Method

You only get one set of natural teeth to experiment on, and if the experiment proves a failure neither time nor money will put you in a position to try again. Then you are compelled to wear false teeth. Some people are satisfied with these, while others never become accustomed to them and would spend half a fortune to be able to get their natural teeth back again. That is why you should not experiment. Consult the best dentist you can possibly find and accept his advice. If your teeth are worth saving he will tell you. If not let him extract them and make you an anchor plate. This is the latest and most up to date

Don't Monkey With Your Teeth

method of making a satisfactory plate. Those who have a few old stumps of teeth which can be treated and built up for a crown, can have new teeth put in without a plate. By this

method you get new teeth which are as solid and satisfactory as your own. Moreover, they last for years.

Come to Winnipeg Exhibition week and let us see your teeth. We have the largest and best equipped dental office in Canada and graduate specialists of many years experience for each of the various branches of dentistry. We can give you a written guarantee with your work. You run no risk if you accept our advice. Estimates given, and samples of the different forms of work shown before beginning. Come early in the week so that we will have plenty of time for treating.
