

New Arrivals Which Attract Interest From Milady Seeking New Wearables

Shown in the mantle section are some wonderfully charming little dresses at \$5.00, \$6.00 and up to \$8.50 in reposes, Ratines, Brocades and Embroideries, which are the very cream of this season's styles.

Spend a brief moment there looking them over. You will not regret the effort.

These Days are Spring Suit Days, Truly

and to see these delightful offerings from the style makers of Canada will be to fall at once under their spell.

For instance, take a Mustard Shade Silk Bengaline Suit which is shown and priced at \$32.50, lined with tango colored satin. It is made in one of the quaintest styles of the season. The back has a wide box pleat running from the neck to hem and the front of the coat buttons well up and is fastened with a pretty frog and loop. The skirt is moderately peg top.

At \$30.00 is a Menuet Blue Crepe Bedford, the cloth in itself being most attractive. The style of the coat is semi-Russian blouse with the drop shoulder and Postillion back. The skirt is full peg top and draped to the side. See it in the window, or better, step into the mantle department and ask to be shown some of the pretty things there.

Always Serviceable—Most pills lose their properties with age. Not so with Parnelle's Vegetable Pills. The pill mass is so compounded that their strength and effectiveness is preserved and the pills can be carried anywhere without fear of losing their potency. This is a quality that few pills possess. Some pills lose their power, but not so with Parnelle's. They will maintain their freshness and potency for a long time.

LISTENED TO THE LAST OF THE SERIES

Prof. Wheatley Concluded His Organ Recitals on Saturday Afternoon.

St Thomas' Church was crowded on Saturday afternoon when Prof. Wheatley gave the last of his series of organ recitals for this season. The program contained many items of interest all of which the recitalist played "by request." The most ambitious item was Beethoven's Symphony in C minor. Except one hears the great symphony orchestras, one has little opportunity of hearing such works as this and it was with the intention of giving the people of Belleville the chance of extending their knowledge in this direction that this item was included. Prof. Wheatley was assisted by Miss J. Clinton and Miss F. Davis, who together played the pianoforte part, the orchestral instruments being supplied on the organ. The arrangement proved very effective and an excellent idea of the orchestral coloring was obtained by this means. The pianists are to be congratulated upon their part; the rendering being most musicianly and the recitalist is happy in having such talented pupils to assist him.

Miss Joy Higgins was in excellent form and gave Mendelssohn's Violin Concerto her phrasing and tone quality being very good.

Mrs. Ernest Wheatley is a vocalist of decided ability possessing a voice of remarkably pure quality, her enunciation is perfect and the rendering she gave of Cowen's "Promise of Life" was a thoroughly musicianly one. We hope to hear more of her as we understand that she has great dramatic ability.

Mr. Sanford Burrows gave a robust rendering of "The Lord is My Light," the song suiting his voice splendidly.

These recitals have been a real musical education and we hope that Prof. Wheatley will see his way clear to continue them another season as the large audiences at each recital show how much the people of Belleville have appreciated the opportunity of listening to good music well rendered. The full program is appended.

BELLEVILLE CLUB IN CITY OF WINNIPEG

Celebrate Ladies' Night—Bill Squire's Interesting Reminiscences of the "Seventies."

Saturday evening, April 25th, was "Ladies Night" for the Belleville Club of Winnipeg, close to a hundred old time "Bellevillians" of both sexes being present in the Club's quarters at the Industrial Bureau.

The first part of the evening was spent in social intercourse, while later a program of reminiscences of Old Timers was provided, Mr. William (Bill) Squire being the principal speaker.

Mr. Squire left Belleville in the early twenties and vividly recalled to the memories of the Old Timers present the days before the railways penetrated the north country and Belleville was the shipping point for that territory. Those were the days when Belleville was some town, and wagons laden with grain from all the countryside lined Front Street and there was talk of it being paved then) from the wharf to the upper bridge.

From the twinkle in Mr. Squire's eye as he recalled those earlier days, and the knowing looks exchanged among the other Old Timers, the younger fraternity gathered the impression that the days of sport in Belleville were not a discovery of the twentieth century.

After leaving Belleville, Mr. Squire came west and pioneered the old Dawson trail between Port Arthur and Winnipeg, twenty years before the railway came. His graphic description of the difficulties of transportation in those days, principally by means of Red River ox carts and dog teams, was most interesting. He bore testimony to the fact that those carts, after being in use for a few days, had no need of automobile sirens to announce their presence—they spoke for themselves—it being customary for the owners to apply the lubrication to their own internal mechanism, rather than to the axles of their ox carts.

As to the adhesive qualities of Manitoba mud—there could be no doubt of that. Mr. Squire in his long experience, has come in contact with all kinds of mud, but never in his born naturals has he ever run into anything that can stick so close as Manitoba mud—very, it sticks closer than a brother.

Mr. Squire was also personally acquainted with Scott, who was shot by Louis Riel, they having campaigned together in the gold fields of Eldorado in the early sixties. Some interesting photographs were exhibited of Winnipeg and vicinity taken in those troublous times, which showed by marked contrast the wonderful development that has taken place in the last forty years.

Others contributed to the evening's entertainment among whom were Mr. W. A. (Will) Campbell, of Montreal, formerly associated with Mr. J. B. Flint in Belleville. Mr. Campbell just blew in for the evening, and we were glad to see him.

The ladies were out in numbers and kindly consented to take charge of the Club's May meeting, the last of the winter series, at which all "Bellevillians" will receive a hearty welcome.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

Mr. John Plewes of Brockville is in town today.

At the St. Andrew's church guild last evening papers were read on the study of nature.

Mr. Purdy Cook, former police officer, and now county constable, is today performing his first duties since a serious illness in the grip of which he has been for the past few months, by attending the spring assizes. Mr. Cook had a very severe attack of pneumonia, so that his condition was at one time very precarious. Fortunately he has so far recovered by means of medical attendance and good nursing that he is again able to be out.

Immigrants are still arriving and being placed in this district by Mr. D. J. Fairhead. A youth from the north of Ireland is the latest arrival. He goes across the bay.

Mrs. James McKinnon and Miss Everett of Detroit are in the city to attend the funeral of their uncle, Mr. Geo. Truscot.

Mr. Wm. Allison of Toronto Central arrives on Monday to take over the boys' department at the Y.M.C.A. here. Mr. Hudson, former secretary, is in town from Campbellford.

Mr. Sandford Burrows gave a robust rendering of "The Lord is My Light," the song suiting his voice splendidly.

Lineman Killed.

KINGSVILLE, Ont., May 4—Carl Marriott, a lineman employed by the Essex Light & Power Co., was electrocuted near Leamington Saturday afternoon, when a pole, which he and other men were erecting, sagged over against a live electric light wire and snapped it, one end falling on Marriott. Frank McGuire, the foreman of the gang, had a narrow escape. Part of the broken wire fell on his wrist, and the resultant shock knocked him down, but he soon recovered and endeavored to resuscitate Marriott, who proved to be beyond aid.
