GREAT ENGLISH REMEDY!!—THE MOST VALUABLE SPRING AND SUMMER MEDICINE IN THE WORLD!

HALSEY'S FOREST WINE!

Patronized by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medicine of the Age.

MEDICINES containing Molasses or Liquorice, like the boasted Sarsaparillas, require many large bottles to produce the slightest change in health. The *Forest Wine* is altogether a different article. It co-tains no Syrups to give it consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable plants of which it is composed. The *Forest Wine* combines the virtues of the

WILD CHERRY, DANDELION, YELLOW DOCK, and SARSAPARILLA.

With other valuable Plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient and cheapest remedies in use. Less than a single bottle is necessary in the lingering Fe.ient from habitual sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommenced, in the strongest terms, for all complaints of the

KIDNEYS, NERVOUS DISORDERS, BILIOUS AFFECTIONS, DROPSY, DYSPEPSIA, LOSS OF APPETITE, JAUNDICE, FEMALE COMPLAINTS, SCROFULA, AND ALL DISEASES ARISING FROM BAD BLOOD AND IMPURE HABIT OF THE SYSTEM.

SAVED FROM DEATH!!

THE Testimony of Mr. NATHAN MATHEWS, a highly respectable and wealthy citizen of *Newark, N. J.*

Dr. D. W. HALSEY:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I laid at the point of death, with Dropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine, my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and feel as perfect health as ever I did in my life. I confess I am more than sixty years of age. I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors have also used them with similar success in case of hard colds, and I can cheerfully recommend them to the public.

Yours, respectfully, N. MATHEWS.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

New York, Jan. 9, 1848.

DR. HALSEY—DEAR SIR:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely, for upwards of ten years; and, having adhered strictly to the directions which accompany the Medicines, I have recovered my health, notwithstanding all I have known me during my sore incurable. Previous to taking the Wine and Pills, I had recourse to the first medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are deluded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled persons. Allow me, therefore, to state, that a pity it is that the deception many laboring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured; and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

JAMES WILSON.

Yours, &c.,

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messrs. C. D. Lanyman & Co., the largest and most respectable Druggists in Syracuse, in a letter, says: "From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good medicine, and will, unquestionably, become the leading Medicine of the day." Dr. Mark, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his Patients.

Fifteen hundred Certificates from Physicians, Clergymen, and individuals of known respectability, have been given, testifying to the great cures made by "*Dr. Halsey's Forest Wine and Pills*" Among them is the cure of Mr. John Symm, of 305 Pearl Street, New York, cured of Affection of the Liver and bad Cough, after having been given over by its Physician, who pronounced his case beyond Consumption. A child of Mr. William Bowers, Broadway, New York, who had been afflicted for years with Scrofula, of four years standing, terrible sore Head six weeks time. Henry J. Brown, daughter of the Rev. James R. Brown, of Disease of the Heart and Incipient Consumption. Others of Jaundice, others of Piles, others of General Debility, others of Gravel, Female Complaints, &c. &c.

REVERE HOUSE, PHILADELPHIA, March 1, 1850.

SIR,—Since you are desirous to ascertain the effect which the Waters of the Point du Jour Springs have produced on myself, I must inform you that I have used them incidentally at their Source, and have found them slightly cathartic, and was in the case so affected by the consequences of severe disease of the Digestive Organs that my Physician judged it right to counsel for a time all active remedies, even for the repression of Dyspepsia and an obstinate Retention of the Bowels, under both of which I was suffering severely. He prescribed for my relief the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time so weak, that it was with difficulty I kept my feet. However, in the expiration of three weeks, I was restored by using the Waters. These Waters are of a saccous nature, containing a large quantity of saline particles, and agreeable in the taste—taken in a large dose they are strongly cathartic, but their purgative properties are unattended with griping,—and even those who have been using them for months past have been weakened or enervated in their constitution in consequence; upon the contrary, by using them they find their appetite improved, and their digestion restored. After a dose of 3 or 4 four glasses, I found that they had the effect of increasing the urinary secretions at first, and that there decreased in the same proportion that the alvine secretions increased. The result of which was that I could not spend above a quart in the twenty-four hours, and quite took away my thirst. I soon found the nervous system was thereby moderately augmented, and, instead of feeling myself more and more debilitated, I felt new during some days before, I perceived myself involuntarily disposed to pick up flesh, and in the course of a few weeks I was restored to my former health and strength. I therefore feel myself bound in duty to recommend that the divine secretions increased, the nervous and sanguinary systems were
