## Lessons From the Life of Haydn

Great Musician's Qualities Discussed by Rev. L. Brown.

On Sunday evening following the giving of Part I of the Creation by the Choir of First Baptist church, Rev. Lewellyn Brown, the pastor, spoke for a few minutes upon "Some Lessons from the Life of Haydn." He said in part as follows:

"You are not studying the life of Haydn long before you are impressed with the magnanimity of his soul. He was a great musician in every sense of the word, but his great gifts, both native and acquired, did not make him blind to great gifts in other men. He appreciated the good and the beautiful wherever he saw it and was free to acknowledge the same. This is, no doubt, one reason, at least, why he was called by his musical friends, 'Papa' Haydn and here is a quality of life we do well to copy. It is harder sometimes to rejoice with those who do rejoice, than it is to weep with those who weep. Haydn could rejoice, and did rejoice with all who showed exceptional gifts, along his own line, and herein he showed the largeness of his own soul. Another lesson we may learn from Haydn is this: Poverty is no bar to success. It may be an annoyance, but it is no unsurmountable obstacle in the pathway of any man of ability, who is willing to work. Haydn was born in poverty, nourished in poverty, battered and badgered by poverty, but he was never overcome by it, but it served as a spur to patient endurance. He slept for a time in Vienna in a garret, polished the shoes of his master in voice production, for lessons rose above circumstances that would have daunted many a young man. Let me say he cannot succeed because he is poor. Any man possessed of fair ability, who is willing to work, can succeed, and the greater his ability and devotion to the task the greater will his success be."

"Another lesson I learn from the life of Haydn is the value of a single aim in life. Haydn believed he was called of God to write music, and to play it, and he gave himself to this one task alone. This one thing he did. His life shows steady progress as the result. 'The Creation' was written when he was 66 years of age, and is like the rich fruit of autumn held up to God after it has passed through all the previous stages and development. Haydn was a tireless worker, and his genius consisted in his ability to take

## HOSPITAL BOARD HELD MEETING

### Some Tenders Are Let—City Council to be Asked to Submit By-Law.

The regular meeting of the Hospital Governors took place yesterday afternoon.

Present, Warden Harris, in the chair, Mayor Bowby, A. K. Bunnell, George Kippax, Dr. Secord, R. Sanderson, F. D. Revill, and Superintendent's REPORT.

Following are extracts from the monthly report of Miss Forde:

Admissions 142, discharges 139, births 7, deaths 10, isolation (diphtheria) 6, operations 99, patients in residence 74.

The regular monthly meeting of the House committee and the Women's Hospital Aid, was held as usual on Tuesday, March 28th, in the board room. Seven members were present. Among other matters brought up, was that the laundry was in need of additional appliances to facilitate the nursing work for use in the Women's surgical ward. This matter was taken into consideration, and the brass tablets commemorating the generosity of the donors, who furnished rooms in the hospital, have been placed on the respective doors, and look exceedingly well.

We have to thank Mrs. Ginn for a number of plants in bloom, for the public wards, and Mrs. Gladstone Whitaker, for chocolate cakes for the nurses.

Dr. Coates was visiting physician for the month and Mr. H. J. Symonds and Mr. Kippax were visiting governors.

Mrs. Alfred Wilkes and Mrs. E. L. Goold who represent the Women's Hospital Aid, brought flowers for the public ward patients.

**TENDERS AWARDED.**

The House committee reported on a number of matters and pointed out that the laundry was in need of improved equipment.

A number of tenders had been received for supplies and that of G. W. Brander for drugs was recommended, and of T. Mintern for meat, both being the lowest. For bread J. McHutchison, Whitaker Baking Co., and J. Johnson had all tendered at the same price and it was decided to share the contract between them and turn about.

Seven tenders had been received for groceries, and the committee asked leave to further consider them, as a careful comparison, to decide the lowest.

With regard to laundry equipment it was suggested that the matter be taken up with the Women's Hospital Aid, and that Geo. Kippax be asked to secure data.

The report was adopted.

**NEW OPERATING ROOM.**

Dr. R. Secord reported regarding equipment of the above, and he and Mr. A. K. Bunnell were authorized to take necessary steps.

**MONEY BY-LAW.**

Mr. A. K. Bunnell reported on financial matters. The hearty thanks of the board were due to the County for the splendid gift of \$7,000 on capital account, and to Warden Harris for his cordial co-operation. It was now up to the citizens to vote the remaining \$8,000 of the \$15,000 needed. He would suggest that same, if passed, as he had no doubt it would, become operative after October 1st, and that would free the city from any interest or sinking fund during the present financial year.

It was decided to forward to the city council a full financial statement, and to ask them to submit a by-law to the people at such time as they deemed expedient.

**COAL TENDERS.**

A motion calling for tenders for coal was passed.

It was announced that Mr. Eddy had accepted terms to act as collector for the city and Brantford Tp. in the matter of accounts.

A number of certified accounts were passed, and the board then adjourned.

**Politicians Made the Expedition**

Advance Against Bagdad Should Never Have Been Undertaken.

London, April 5.—(Cable to The New York Sun)—Austen Chamberlain, secretary for India, yesterday said the suggestion "that the advance against Bagdad had been ordered by ignorant politicians" against the advice of the commander-in-chief in Mesopotamia.

## Music and Drama

### COLONIAL

A funnier farce than "Mrs. Temple's Telegram" has never been played in Brantford. There is not a soldier left except those produced by tary laughter. It is not unnecessarily burdened with plots or dramatic situations, just pure clean, unadulterated fun from start to finish. The Princess Players seem at their best in this sort of entertainment, and you want to forget your troubles and business cares for an hour or so, go and see it to-night.

**POLLY AND HER PALS**

There was a large audience at the Grand Opera House last night when "Polly and Her Pals" held the boards. As advertised the production was without plot and contributed for laughing purposes only. In its admirably succeeded as evidenced by the continued manifestations of merriment aroused among the crowd in attendance.

### Famine in Asia Minor is Felt Very Severely by the People.

By Special Wire to the Courier.

Rome, April 5.—(Cable to The New York Sun)—Peace agitation is widespread in Turkey. The agitators are being severely encouraged by the Ulema, although these religious leaders are denouncing it in the mosques.

The arrest of the president of the chamber caused a very unfavorable impression.

The famine in Asia Minor is severely felt. The revolts resulting from the lack of food are suppressed with blood shed.

Republicans and Progressives of the Second West Virginia district have agreed upon S. B. Montgomery as candidate for Congress.

## GET RID OF HUMORS

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other eruptions come from humors, which may be either inherited or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and to improve the digestion and assimilation.

From your druggist get Hood's Sarsaparilla, which may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing can take its place.

**BREMNER-SIMONS**

A pretty wedding was solemnized at Brant Ave. Methodist church Tuesday morning, April 4th at 10 o'clock, when Alice Pearl, eldest daughter of Mr. and Mrs. R. W. Simons of this city became the bride of Mr. William Bremner, son of Mr. and Mrs. Thos. Bremner, of this city. Captain A. E. Lavell being the officiating clergyman. The bride, who was given away by her father, wore a becoming travelling suit of rufi taffeta with hat to match and corsage bouquet of roses and lily of the valley.

The young couple left amid showers of best wishes and congratulations for a short trip to Buffalo and Syracuse.

## Boy Knight Notes

Sergt. Monkman took charge of the regular parade on Tuesday evening, and a good workout was the result. The Bandmaster, Mr. Wood, who has been quite ill, was welcomed back last Monday evening by the boys.

A band meeting will be held next Friday evening and it is earnestly requested that all interested be present.

The O. C. had two splendid meetings last week.

The B. K. has a strong representation on the 25th and they are all good men.

The O. C. Lieut. Hunt, is desirous of seeing every Boy Knight on parade next Friday evening.

Inspection is drawing near and this is a matter that every Boy Knight can do his bit and assist in.

Interesting letters were received from Clinton Attridge and Leslie Goodson during the week.

## First Session HELD OF BOARD OF AGRICULTURE

### Officers Elected For the Year 1916—Good Roads Advocated For the County.

The first annual meeting of the Brant County Board of Agriculture, which is taking over the work of the Farmers' Institutes throughout the county, was held yesterday afternoon in the Department of Agriculture on Dalhousie street. The attendance was gratifyingly large and great enthusiasm in the new organization was exhibited by all present.

For the year 1916, the following officers were elected: President, J. W. Clark; vice-president, Geo. Telser; secretary-treasurer, A. W. Pate; assistant secretary-treasurer, F. E. Malcolm; executive (4 members): McKimmon, A. W. Vansickle, R. J. McCormick, A. E. Westbrook; auditors, W. C. Good, P. Porter.

A motion was passed by the board recommending that the county council adopt the county roads system, provided some equitable arrangement be arrived at whereby the work may be equally divided among the various municipalities throughout the county.

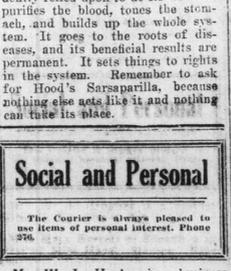

There was a discussion in regard to the service given by the telephone companies in the rural districts. It was the opinion of the meeting that the number of subscribers on a party line should be limited to seven, and that an exchange service between different companies operating in a community should be given. The matter was left with the executive to be taken up with the Railway Commission.

The board proposes to take over the work of the two Brant Farmers' Institutes at the end of the Institute financial year in June.
