LEADING FARMERS ALL OVER THE RECOMMEND IT

WHY THE SHEDD FENCE IS THE BEST

BECAUSE it only requires half the rails and takes up half the space of the common worm fence. It won't blow down amy easier than your buildings Stock cannot rub or throw it down. There are no stakes or posts in the ground to decay. It is stronger and can be built for half the cost. It is cheaper than wire fence with none of its dangers.

Any ordinary old rail fence contains enough material, with the addition of stakes and a pound of wire to a rod of fence to make a good, substantial fence that will last for years. Wire costs 3 cents a pound. Farm right, 5 cents
