VOL. VIII. NO. 26. Athens, Leeds County, Ontario, Tuesday, June 28, 1892.

GEO. G. HUTCHESON & CO.

We want to engage your attention about our Dress Goods Stock. If you have any thought of buying a dress you ought to see it. We are told repeatedly that there is nothing like them in Brockville for style and value. Ladies are good judges, and when they pass judgment it is generally correct. We have all the new makes and styles in Dress Goods, and some lovely new patterns in Challis. We will show the stock with pleasure.

Our stock of Spring Carpets has all arrived. As usual it is the largest selection you will see in this section, probably twice as large as any other stock. It comprises all grades of Brussels, Tapestry, Wool, Union and Hemp Carpets, also Velvet Carpets, Matting, Carpet Squares with border all around, and Floor Oilcloths. Tapestry Carpets range from 50c. to \$1.00 per yard. Brussels Carpets at 80c., 90c., \$1.00, \$1.10 to \$1.25. Borders to match a great many patterns. Also Stair Carpets. Prices guaranteed as low or lower than the same quality of goods can be bought for, either in Brockville or in the C. E. We tell no fables about our goods; we guarantee them as represented of money refunded. We solicit the favor of a call of inspection. Carpet laying and making attended to when desired.

COUNTY NEWS.

INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS.

A Budget of News and Gossip.—Personal Intercourse.—A Little of Every-thing well Mixed up.—MONTGOMERY MILLS.

MONDAY, June 27.—Mr. Revitt is doing a rushing business in the cheese box line.

Not a little excitement was created on Sunday night by the appearance of a wild cat on Main street. The cat sent up some blood chilling yells which alarmed the sleeping citizens. It was, however, only a kitten, but it was accompanied by the mother cat which acted quite civilized while the young kitten tore up the ground in great shape. It gained an entrance to Mr. John Leader's house and was soon at the bedside of his youngest son who hastily springing up seized Pont's trusty rifle and chased the hitten toward Ballyneane howling in a frightful manner. Did you see anything of him, boys? Johnnie get your gun out! Ha, ha, ha!

Mr. O'Brien, our miller, has just completed his job of repairing the bulkhead and is again prepared to do grinding. He says he has a third more power now.

CHANNY.

MONDAY, June 20.—Mr. H. E. Eyre and son and Mr. George Chant went on the excursion to Ottawa last week. They had a fine time in the city and visited the Model farm. Mr. E. says they have some fine stock there, but thinks they can't quite come up to his Ayrehill bull. He has seven fine Ayrehill calves as one could wish to see.

Mr. G. G. Alford broke his engine so he had to go to Smith Falls to get it repaired.

Miss Adie Knowlton, evangelist, we are sorry to say, has been added to our sick list.

Miss Lucy Chamberlain is so far recovered as to ride over to see her sister, Mrs. E. Gallagher, who is very low.

Miss Ida Knowlton is not so well as she has been.

Mr. Harvey E. Knowlton is very poorly this summer.

Mr. Harvey E. Knowlton, of Bellamy's station, paid a visit to his uncle, Thomas Eyre, last week.

Miss Edith Knowlton, of Minnesota, who has been visiting friends here since last fall, is paying farewell visits to her friends before leaving for her home in July.

WESTPORT.

SATURDAY, June 25.—A large number of the workmen in being done on our road and sidewalks. A new sidewalk has been added to the west end of Bedford street, viz.: from the Orange Hall to the corner of the street leading to our largest suburb, the "Upper Mills."

Business is quite brisk, and crops look well in this vicinity, although some of the farmers are complaining of too much rain.

Our lively little town has always been famous for its high market prices for all kinds of farm produce. Why, some of the farmers of this neighboring village, Newboro, sell their eggs to the merchants of Westport for good cash prices. Why do not the people of this vicinity send their eggs to Westport, and thus get the benefit themselves of our high prices?

Miss Edith Webster, of Westport, was successful in taking the silver medal at the closing examinations at Coligny (Ladies) College, Ottawa.

The Canadian Order of Foresters of this place had a grand excursion on the 23rd inst., to Brockville, thence to Union Park, seven miles above the town. The excursion was a financial success, in spite of the unfavorable morning; the proceeds amounted to about \$180.

Bass fishing is now excellent in the Upper Rideau and Wolfe Lakes. Large numbers of pickerel and pike are being caught daily in Sand Lake, above the village. All of these, our three finest lakes in the county, are becoming popular resorts.

Mr. G. F. Reynolds is erecting a summer cottage at his camp-ground, Lincoln's Plain, about one and a half miles below the village.

FRONT OF YONGE.

MONDAY, June 27.—An old time war dance was inaugurated last week by the Indians near Lynn, at which place and vicinity they are at present gathering berries for farmers.

On several occasions we have of late noticed a fine spirited horse and carriage pass our peaceful domicile, and head for that rural village called Malorytown.

The occupant of the carriage was a fine looking young man, whose face seemed far removed from trouble or care of any description.

His boots were not galvanized with milk, and his arms were not made of tin. He was tastefully dressed in a neat fitting suit of diagonal. This young man, we were credibly informed, will take one of Malorytown's fair daughters to wife, and settle in Athens.

A hand of the last tribe, or gypsies, passed through this township last week, on their way to the land of horn spoons.

We have yet to learn that any farmer became a millionaire by raising strawberries or selling spring peas.

DELTA.

MONDAY, June 27.—Miss Minnie Bell has returned from Whitby where she attended the Ladies College.

Mr. Alonzo S. Allyn went to New Jersey last week where he intends to preach, at Arlington village. He will stay there till the opening of the college at Philadelphia in October.

There is a good opening for a harness maker here.

Alex. Stevens, the enterprising carriage maker, sold four buggies and one wagon last week. He has three first class ones, one from Brantford, one from Almonte, and one from Toronto. They are steady workmen.

The strawberry crop is plentiful here this season. G. K. Stevens and Lewis Nash are selling berries at 10c. a box.

J. H. Moulton has his new house painted nicely inside, the work of J. W. Wright, a first-class London painter.

William Bell has improved the new fence on his lawn near his house; Clapton Davis was the contractor that put the pickets in.

The laborers are at work on the sewer across from the lot of Mrs. Emma Stevens to the pond. The sewer has not worked since eight years ago.

A number of gentlemen and ladies took in the Westport excursion on the train to Brockville last Wednesday and returned home the night of Tuesday day. They had an enjoyable time.

G. P. Chamberlain has his horse painted and varnished through the skillful work of Jeremiah Judd.

Charles P. Chamberlain was at Oshawa on business and saw his horse Marshall France which was injured on the leg. He says that he will not take him to the Brockville and Oshawa racing race on account of this injury.

W. O. T. D. NEWS.

Dr. B. W. Richardson relates that he for the first time has obtained the great medicinal wine for a celebrated horse trainer, who refused to take it, and said: "I should, by drinking wine, lose four points on which I rely in my business;—endurance, decision, precision, and presence of mind."

The fourth chapter of Nehemiah should be a favorite to every temperance worker. Note four splendid points:

1. The people had a mind to work. They didn't sit down and shako their heads dolefully and sigh, "It can't be done," but they set their feet, and each did something.
2. "They made their prayers unto God." It is a blessed thing for every one when they step out of self into Christ, and realize that except the Lord build the house, in vain is the labor of them that build. Believing prayer can do anything.
3. They had a glorious motive for working. It was for their brethren, their sons, their daughters, their wives and their homes. We have exactly the same sublime motive.
4. They realized God's presence and aid. "Our God shall fight for us." That was enough to incite to the greatest deeds of daring. They could do and dare all things while Jehovah the unconquerable led. "The Lord is with us, and we shall overcome." "Brothers, sisters, this God is our God forever and ever, through Him we shall do valiantly."

A fragrant flower fills the house with fragrance. You do not need to see it to know that it is near. So with Christ, you do not need to see Him to know that He is near. He is with you, and He will do for you all that you can do for Him.

Some awfully good people hustle off their children on Sunday afternoon to Sunday school in order that they themselves may enjoy a quiet snooze. May their sleep ever be a troubled one.

FRANKVILLE.

MONDAY, June 27.—Mr. Milton Davis, of Brockville, is on the sick list.

Mr. Mack Lecky spent Sunday at Easton's College.

Mr. D. Livingston is on the sick list.

Mr. Albert Cunningham met with a serious accident on Thursday night, while stoking a stove and burning a large log, he was severely injured, and is now in the hospital.

Mr. Morley Holmes was a guest at Mr. Chas. Lecky's on Sunday.

Miss Minnie Richards was called in the night of Saturday by the death of her mother, Mrs. Henry Johnson, who died at the home of the bride, after which the guests numbering about 100, were entertained at a sumptuous supper held at the residence of the bride.

The young couple of this morning appear to have quite an eye for each other.

Not being used to any started at the rate of the driver of the passenger car, who was driving at a rapid pace, and who was driving at a rapid pace, and who was driving at a rapid pace.

UNION FARE HOTEL.

On Thursday last a Reporter representative joined the excursion party of Forrester that went up to Union Park. The steamer Belleville made the run to the park, calling at all the landings on the route. Arriving at the Park landing, the party were met at the wharf by the genial landlord of the Union Park Hotel, and we were soon enjoying the cool river breeze from the broad verandahs of this, the finest hotel and the most beautiful summer resort on the Canadian side of the St. Lawrence. This season the Hotel is under the charge and management of Mr. Joel Judson and wife, well known to many of our readers from his long connection with the implement agency in these counties.

When we heard that Joel had become the manager of a summer resort, we feared that he had mistaken his latest call, and that we would find him more ready to talk about machinery and horses than entertaining summer tourists or transient visitors. To say that we were agreeably disappointed would be putting it mildly. From the moment that the party entered the door until the final hand shake on departure, both Mr. and Mrs. Judson convinced us that they were perfectly at home in our stay we availed ourselves of a reporter's privilege and quietly sidled around the different balconies, took a peep into the parlors, chambers, and demonstrated not forgetting to drop down at one of the tables in the dining room, when, in obedience to a hurried order, the good looking dining room girls soon convinced us that they were both smart and attractive.

The small out at the head of this article conveys but a faint idea of the proportions of the Union Park Hotel. The high, and the grand, the beautiful view of the park and its numerous and tidy cottages as well as a magnificent view of the river from an elevation of 75 feet above the level of the water. To any of our readers who wish to spend a day, a week, or a month away from the hustle and hurry of town, city, or hamlet, we believe it to be the place that combines all the essential qualities of beauty, comfort, and cheapness, equal to Union Park, in any place where they will find hotel and hostess more obliging and ready to do their utmost to make their stay pleasant and enjoyable.

SMITH'S FALLS.

A Smith's Falls man took a fog signal out into his back yard, placed it on a rock and then hit it with a hammer. Both went off—the fog signal into the operator and the operator into the nearest doctor's office.

Mr. Herbert's design for the Sir John Macdonald memorial on Parliament Hill is complete. The figure of the deceased statesman will be of the heroic size. It represents him looking down upon a recumbent figure of genius with outstretched arms tracing on a globe the line of the C.P.R. Grouped around the pedestal are figures representing the various provinces.
