THE COUNTY PARLIAMENT

Session Opened Tuesday

Reeve Purser, of Dover, Discusses the
New Bridge and Takes Straight
Forward Stand

Cornelius Purser, the sturdy Reeve of Dover, gave another exhibition of his honesty and straightforwardness at the meeting of the County Council this afternoon. Mr. Purser appeared at the meeting of the County Council to report on the new Bear Creek bridge, one-third the cost of which the council pays.

Commissioner Ross, of Tilbury, endeavored to bother the Reeve with questions, but Mr. Purser was equal to the occasion. "Didn't you make the statement that the bridge was costing more than it should, but that you didn't care because the county was paying a third of the cost?"

"No sir, no sir," emphatically denied Mr. Purser. "I never did. Neither did I stand around and oversee the building of the bridge but I took off my coat and was one of the workmen. If Mr. Ross and the gentlemen of the County Council want to find fault, they can just appoint a committee to go out and inspect the bridge and if it isn't satisfactory, I'll pay for it."

Some of the councillors thought that a "cheat" bridge should have been built. That would have cost \$100, but if the Dover township people of Dover township were satisfied with a bridge that cost \$300 the county should not pay for it.

Mr. Ross—I didn't find any fault with Mr. Purser, but he had heard that the council of Dover wasn't satisfied.

John Vester—The usual course is for the commission from that division to inspect the bridge and report to the county council. I am satisfied that Mr. Purser did his work as cheaply as it could be done.

John Grant said that he hadn't seen the bridge, but he had asked Mr. Purser to appear and present the itemized bill. Had the council delegated him to inspect the bridge he would have done so.

Mr. Purser said that in a matter of fairness the council might send Mr. Ross out to inspect the bridge. It would bear the inspection.

Mr. French—The bridge was built high so that sugar beet scows could pass through. Wallaceburg ought to pay for the necessary extra grading that was required.

Mr. Somers—Wallaceburg will do anything to make things go.

The County Council visited the Hoar of Refuge yesterday and found everything in splendid shape. H. J. French said that he had never seen the farm and buildings in better shape.

W. C. Sifton and J. C. Fleming reported for the special committee that, as Elgin didn't give the County of Kent credit for any of the money from Kent pupils that Essex and Elgin had both notified to collect the usual fee of \$1 per month. They also recommended that the accounts of Leamington high school, \$30, and Dutton high school, \$9, be paid. The report was adopted.

James Ross reported that the council of Tilbury village were now entitled to the grant of \$50 made at the June session and he asked that it be paid.—Carried.

John Vester and Warden Sifton reported that Essex, Lambton and Middlesex had paid in full all they owed Kent County for bridges built or repaired on the county lines. The report was adopted.

John Grant asked the council to give an expression of opinion in regard to the House of Refuge this year. Mr. Somers said he saw a wonderful improvement. He advised a change of name. It was called the poor house and this made people object to going there.

James Ross was glad to hear the remarks passed but he feared that the managers would get the big head and then affairs would not improve. He advised the rest to draw it mild.

Mr. Ross was satisfied with the appearance of everything.

Peter Haggart thought that the House was well regulated and the inmates appeared comfortable. The councillors were learning how to manage the House of Refuge.

Commissioner French gave notice that he would move that the County Council should co-operate with the City of Chatham in calling attention to the unsatisfactory train service on the Pere Marquette.

It was moved by Mr. Robinson, seconded by Mr. Ross, that Jonas George and W. C. Sifton be members of the Children's Aid Society for the year 1905.

It was moved by Mr. Ross, seconded by Mr. Robinson that the council grant \$5,000 for a new bridge over Egan's Creek on the Townsheel Road.—Referred to Finance.

Mr. Ross spoke in support of the motion. He said that it was on a county line. It might be a little short for a county bridge, but he didn't know.

Mr. Vester—If it is a county bridge, let the county build it. If

It Was No Dream

Even Though Nearly Incredible.

"For twenty years I suffered with piles, sometimes being confined to my bed for days at a time. The relief received from doctors, both in the United States and Mexico, was temporary, and most frequently I received no relief; other medicines had no effect; it was a continual drag; I was fit for nothing. I finally tried Pyramid Pile Cure; first application was magical; I could not believe I was awake next morning. I experienced a relief I had not known for twenty years."

"One box cured me, but not believing myself cured, I bought two more and they are still in my trunk. I first used this remedy in July 1902; I HAD NO OCCASION TO USE IT SINCE. The world should know of Pyramid Pile Cure. I have no words to express its merit." E. A. Leonard, Nueva Calle de San Antonio de las Huertas No. 5, City of Mexico. Pyramid Pile Cure is in the form of a suppository, which is admitted to be the best form of treatment for all its common ailments. With the painful tumors and does its work quickly and painlessly. It is sold by druggists generally, for fifty cents a package, and there is no other remedy "just as good." Write Pyramid Drug Co., Marshall, Mich., for their little book describing the cause and cure of piles, as it is free for the asking.

"A LITTLE OUTCAST."

"A Little Outcast," which comes to the Grand to-night, was written for men and women who realize the evil in the world and what this modern, complex civilization of ours loses by its insane worship of the gods of "getting on." The story of wrong doing, of false friends and fear of the world's censure, which is written around the lives of Paul Weston and George De Voe, might be the story of any two men in ordinary life. It is on the lines of human interest that its characters are drawn.

"A Little Outcast" forges ahead of its competitors. It is true and more sympathetic than anything which has yet appeared—the characters coming nearer to the general understanding. They are on a middle plane, while the majority of the others are up in the clouds or down in the mire.

Technically, the play is most artistic—each event so growing out of the other that there could not be a situation dropped or a line omitted. The story is one of New York City life with all its varying changes from exclusive mansions of the great to the squalid hovels of crime, and serves to present some striking stage pictures. Prominent among them are men and women who realize the evil in the world and what this modern, complex civilization of ours loses by its insane worship of the gods of "getting on."

DR. S. GOLDBERG. The possessor of 14 diplomas and certificates, who wants no money that he does not earn.

In order to convince patients that he has the ability to do so, he says, Dr. Goldberg will accept your case for treatment, and you need not pay one penny until a complete cure has been made; he wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and kidney troubles, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc.
