THE ACADIAN

WOLFVILLE, N. S. MAR. 25, 1887

Local and Provincial.

DOCKS.—Mr D. R. Munro shot two fine ducks last week.

Choice New Crop Molasses at O. W. Tremblay's Grand Pre Corner.

DOGS SERVICE.—Our article on "The Editor and his Troubles" is still going the rounds. Last week it appeared in the *Harvey, N. B. Observer*, credited to the *Liverpool Advertiser*. Pass it along.

TEMPERANCE ALLIANCE.—A meeting of the King's Co. Temperance Alliance will be held in Jackson's Hall, Coldbrook, on Monday, March 28th, at 1 o'clock, p. m. By order R. R. DUNBAR, Sec'y.

HOLIDAYS.—The College students have been spending a few days holidays. Quite a number of them took the opportunity of visiting their homes while the majority stopped in Wolfville. Studies began again yesterday.

GETTING READY FOR SPRING.—The *scholar* of which was held up here last winter on account of an accident, is being got ready for sea again. After making the necessary repairs she will reload her cargo of lumber and sail for Boston.

EFFECTIVE.—In last issue there appeared a notice of a horse skin being lost. The paper was issued on Friday morning and on Saturday morning the finder brought the article in question into the office. Moral—If you wish to buy or sell, or have lost or found anything, advertise in the ACADIAN.

RAMS.—The usual spring exodus has begun and our young men are leaving for the United States, although not so many as in former years. On Wednesday quite a number left from Avonport and other stations east. There were also some six or seven tickets sold at this station for the "States" on that day.

IMPORTANT TO EMIGRANTS.—C. H. Borden has just received a new stock of Trunks and Valises. He will give you a bargain.

LOADING POTATOES.—Navigation is now fairly open and the first arrival of the season was on Saturday last when the schooner *C. W. Chandler*, Capt. Buck, of Gloucester, arrived to load with potatoes for the American market. She is being loaded by Jacob Walton, Esq., and the price paid is sixty-two cents per barrel.

PERSONAL.—We had a pleasant call on Saturday last from A. M. Hemmison, Esq., M. P. P. for Queen's, who spent Sunday in Wolfville with his brother, Rev. J. B. Hemmison. Mr Hemmison appears to be excellently qualified to fill the position of representative in the Local Legislature. We enjoyed his visit very much.

TELEGRAPH.—A special meeting of the stockholders of the Acadia Rapid Telegraph Co. was held on Friday evening last. It is the intention of the company to understand to renew the line this summer. The manager informs us that there is a prospect of their wires being extended a mile or two east and also to Gasperau.

A WARNING.—The street leading to the railway station is always in a bad condition in the spring, and persons arriving by train are apt to form a bad opinion of the place on this account. As first impressions are often the most lasting something should be done at once to remedy this evil. A plank sidewalk on this street would not cost much and would be a great boon to all. Let us have one by all means.

FERTILIZER.—At this time the farmers are considering what fertilizer they will use. In another column will be found the adv. of the "Fish Fertilizer," for sale by D. Mumford, Esq., at the railway depot. This fertilizer has given excellent satisfaction in the past wherever used and Mr Mumford will no doubt find a ready sale for it this year. Parties wishing to buy will do well to call on him as he has had experience with different brands and his advice is worth considering.

APPRECIATED.—A particularly pleasing incident recently took place at Battleford. The occasion was the presentation to Mr Laurie, proprietor of the "Battleford Herald," of \$250, in recognition of the exertions he has made for years to further the welfare of that district. This is a deserved tribute to Mr Laurie's services in connection with the oldest newspaper in the territories. He has used it in the purchase of a new dress for the *Herald*, and our valuable contemporary will be more sprightly and good-looking than ever.—McLeod (N. W. T.) Gazette.

TRAMETTING.—The trametting given by the ladies of the Methodist church, was repeated on Friday evening last. The night was again stormy and the roads were very bad in consequence of which the attendance was small. Notwithstanding these drawbacks the trametting was quite a success and about \$67.00 was realized.

C. H. Borden has just received a new lot of those famous American Rabbits with extra thick heel and ball. This is a No. 1 Rabbit. Borden keeps no seconds. Call and get a pair.

THIEVING.—For some months past Wolfville has been pestered with thieves. Cordwood has walked off, hay has disappeared and in one case a quarter of beef which was hung up in an old building, took its departure out into the night. On Sunday night last the cellar of Mr Wm Wallace was entered by an outside cellar door and nearly a barrel of beef was carried away. The door, which had been carefully fastened all winter, was left unhooked the day before and consequently gave an easy means of access to the thieves.

ACCIDENT ON THE W. C. R.—Yesterday morning an accident occurred to the passenger train from Yarmouth. At Robichau's crossing, the locomotive passed the switch all right, but the wheels of a box car went up over the frog of the switch and left the track. The train was stopped without any serious damage having been done. The passengers were transferred to the locomotive and taken on to Digby, the mails being left behind.—*Yarmouth Times*.

Always keep West's Cough Syrup in the house for sudden attacks of colds, asthma, and all throat and lung diseases. Best in use. All druggists.

THE "COSMOPOLITAN" FOR MARCH.—"Life Beneath the Crescent," a beautiful illustrated article by Emile Julliard, is perhaps the most interesting in the March number of the *Cosmopolitan*, published by Schlicht & Field Co., Rochester, N. Y. It presents, in a bright and unconventional way, a great number of curious and interesting facts relative to Constantinople and the life of the Turks.

"The Profits of Novel-Writing," by William Westall, will also be read with much interest. The same may be said of "The Home of the Blizzard," an article on Icebergs, by Joel Benton; "Fasters and Fasting," by Henry Howard; and "The Paris Bourse," by Edward King. The number also contains several strong and striking short stories.

West's World's Wonder or Family Liniment. Useful in every house for cuts, burns, scalds, bruises, neuralgia, rheumatism. Always gives satisfaction. All druggists.

Those who rush rashly into a strike have generally no idea of how expensive it may become both to the strikers and their friends as well as to the community in general. A committee of the House of Representatives appointed to investigate the causes and extent of the railroad strike in the South-Western States estimate the loss to the strikers in that strike at \$500,000, and the loss to men who did not strike but who were thrown out of employment by the strike at \$500,000. Here is the immense sum of \$1,000,000 directly lost to the working men alone by a single strike. The loss to the Missouri Pacific railroad is calculated at \$3,500,000. This makes the total ascertainable loss by the strike \$4,500,000. The loss to the public through the stoppage and derangement of business could not be ascertained, but it is estimated by the committee at "millions of dollars."

Strikes.

Neither are the sums contributed by labor organization for the support of the men on strike taken into the calculation. The worst of the business is that there is nothing to be placed on the credit side of the account to any of the parties concerned. It was all loss and no gain. Irons, the master spirit of the strike and the author of all the mischief, is now said to be literally a drunken vagabond.—*Montreal Star*.
