

SAD ACCIDENT AT PORT WILLIAMS

On Tuesday morning, August 16th, Port Williams was truly saddened and shocked when the news quickly spread, by word of mouth and old, as well as over the telephone, that little Frankie Fraser had been instantly killed. He was the second child of Mr. and Mrs. Ray Fraser, of this place, Mrs. Fraser being a daughter of Mr. and Mrs. George Fraser, of Greenwich. A large two horse sloop wagon, owned by Mr. George Gates and driven by one of his men, was drawing sand from the pit on Belcher Street. Frankie and his little brother Ivan, aged three and four and a half years respectively, knowing the driver ran in and asked their mother if they could go on the team with him, they received the desired permission, the mother not thinking of accidents, they having been on the teams before. It seems on the return trip, Ivan was holding to end of wagon and playing along, little Frankie on the load and it is supposed he stood up in the attempt to get back with his little brother, as each wanted to do whatever the other did. He fell over the side to the ground, the back wheel crushing the back part of his head, death being instantaneous. The driver immediately stopped the horses who were walking and at once gathered little Frankie and Ivan up in his arms and springing to his seat, ran the horses in to the Port. In his shocked state he had enough presence of mind to carry little Frankie into his own home nearby, not to the child's mother at once. He then rushed to the factory to tell the father the sad news. The poor mother first heard of it from her little son Ivan, who ran in, his little face pale and blood on him from the close contact with his little brother in the driver's arms, saying "Mamma Frankie is dead". The two little boys were constantly together and often called twins being so near of a size. Everyone noticed them and they were often seen passing through the Village hand in hand, or arms around each others necks, going to meet "Daddy", or to the home of their aunt, Mrs. George Gates. Frankie was a lovable and pretty child and is sadly missed. The young parents are nearly heart broken in this their first great sorrow. Besides little Ivan, they have a little daughter, Velma, a year and a half old, left to help comfort them. The funeral was held Wednesday afternoon, being largely attended. It was conducted by Rev. O. N. Chipman who spoke nicely from the words of David, "I shall go to him, but he shall not return to me", 2nd Samuel, 12:23. The three hymns, Rock of Ages, Safe in the Arms of Jesus, and Someday we'll understand, were beautifully sung by Mrs. O. G. Cogswell, Miss Thelma Gates and Mr. Bordman Lantz. Flowers in great abundance were given, many beautiful pieces being from near relatives, as well as two lovely pieces from the "Loyal Workers", a class in the Baptist Sunday school, of which the mother is a member; also quantities of lovely cut flowers from friends as well as little bunches of flowers from many of little Frankie's playmates. One that was especially touching was a little bunch, from one of his little playmates, picked from his little garden and fixed by himself, who took it to the home asking with tears in his eyes, that it might be laid on Frankie. The sympathy of the entire countryside is extended to the bereaved parents. A large procession of relatives and friends followed little Frankie to his last resting place in Willow Bank Cemetery, Wolfville. —Contributed.

DRIVING AWAY GLOOMS

The "gloom-bug" which has infected the mind and heart and very soul of the pessimist for years and years is sure to be destroyed if Mack Sennett, the comedy king, has his way. He has been spending the better part of his "young life" finding ways and means by which this infection can be destroyed and with each of his big special productions his doses come nearer and nearer. The real "gloom" dispeller is at last found in his latest five reeler, "Down on the Farm" which is released by United Artists and will be at the Wolfville Opera House on Monday and Tuesday, Sennett, when he first began to find the remedy in despair for he found that most people were pessimists, but he has gradually wormed his ideas of laugh into their beings that he now has a following that numbers more than thirty millions and with each getting at least a thousand laughs out of his latest sensational comedy, the thirty billion laughs should have at least some effect on the populace.

Seals

We make Corporation Seals, Notary Public and Commissioner Seals, seals for fraternal societies as well. State wording and design required and we'll quote cost.

GREENWICH ITEMS

GREENWICH, August 23rd.—We notice Murray Forsythe in soldiers uniform, on horse back. He is in training at Aldershot, in "The Kings Nova Scotia Mounted Rifles", (6th C.M.R. Batt. C.E.F.) who went into camp on Tuesday of this week. George Chase, Port Williams, a returned soldier, is a Major on duty there.

Mr. and Mrs. Burpee Bishop, with their sons Robert and Maurice, spent the week-end, a week ago at Bedford, at the home of Mr. and Mrs. Andrew Cobb, the former, Mrs. Bishop's brother. Little Miss Charlotte Cobb, came home with them visiting them a few days.

Mr. and Mrs. George Bishop, with four children, also Mr. Leslie Bishop, returned last Tuesday from an outing of several days, in their new auto, around the South Shore, going through to Yarmouth first. The trip was much enjoyed. Several of the relatives in this place attended the Bishop-DeWolfe wedding in Wolfville, last Tuesday.

Mrs. A. K. Forsythe entertained the young people at her home last Tuesday evening. "The best time ever" was the verdict of a pleasant evening.

Mr. Charlie Fenwick recently left on one of the excursions for the great North-West. All success to him.

Miss Bertha Fraser who has spent several years in the Canadian West, returned home recently, for a visit, receiving a cordial welcome from relatives and many friends. She is visiting at the home of her parents, Mr. and Mrs. George Fraser, but this home, in the midst of their gladness in having Miss Bertha home again, received a sudden and very sad shock on Tuesday morning last week when they got the sorrowful news that little Frankie Fraser had been killed, their daughter Lalia's child. The little fellow with his little brother was often noticed over here at the home of their grandparents, very bright little boys and only the day before some of the neighbors saw them there, they having been left for the day by their parents, who took a long drive that day. Much sympathy of friends in this place is felt for Mr. and Mrs. Fraser and family. We understand this is the first break in the grandchildren. We think the number was twelve.

Mr. T. A. Pearson and Mr. Grant Murphy, who is on vacation from duties at the station, motored to Halifax last week where they spent a few days. Mr. Merry is supplying at the station and is assisted by Mr. Stanley Crockett, who recently returned from his home at Centrellea, Annapolis Co.

Mrs. Wallace, whose home is in Hants Co., returned home last Saturday, after several days' visit with her brother here, Mr. George Fraser. Mr. and Mrs. Burgess, of Massachusetts, who also were guests at the same home, left for their home last Saturday morning.

Miss Fisher, our new school-teacher, arrived last Saturday evening and our school opened on Monday morning, a very good attendance, but more yet are expected to attend. Our school house met with some repairs and improvements during the holiday season. We welcome Miss Fisher to our village.

Visiting Cards at The Acadian.

NOTHING TO EQUAL

For Sprains and Bruises
The first thing to do when you have an injury is to apply Minard's famous Liniment. It is antiseptic, soothing, healing, and gives quick relief.

W. E. MACLELLAN,
Acting District Superintendent.
DISTRICT SUPERINTENDENT'S OFFICE,
Halifax, 11th August, 1921.

BAD ROADS ARE COSTING MOTORISTS MILLIONS

The value of good roads to the motorist has been figured out in dollars and cents, in "Public Works." The saving that could be effected in Canada can be imagined from the figures this magazine gives in connection with highway traffic in Iowa.

"In that state," says the writer, "it is estimated that there are now about 430,000 automobiles and automobile trucks that have an average mileage of 5,000 for their tires, and the present mileage could be increased to 12,000 if the roads were well paved. With tires at \$20 each, there would be a saving of more than \$17,000,000 a year on tires alone."

"One-third of the present amount of gasoline would be saved on good roads and assuming this to be only one-third of a gallon a day for each automobile, it would amount to \$10,000,000 a year. The saving on repairs and upkeep of cars would reach nearly \$7,000,000 more which, with the additional sum derived from the auto tax, is sufficient to build three roads across the full width of the state at a cost of \$40,000 a mile."

APPLE CROP IN QUEBEC REDUCED

MONTREAL, Aug. 16—The apple crop will be materially reduced in this Province, according to Mr. Robert Brodie, of the Province of Quebec Pomological Society, owing to the recent hot weather and drought. Mr. Brodie has just completed a tour of inspection of the various apple growing districts and states that the fruit matured too quickly during the torrid spell, and as a consequence a lot of it has dropped off the trees. He states that there will be a fair crop, however, but far from what earlier indications pointed to.

NOTICE.

is prepared to supply
First-class BARRELS

f. o. b. car at Wolfville or Grand Pre, or will deliver within a reasonable distance from the cooperative at
60 cents per barrel
Place your orders at once before the rush.
JAMES P. EYE, Manager
Melanston, Kings Co.

ADVERTISING RATES.

One of the surprises eastern weekly publishers got at the convention recently held in Vancouver was the advertising rates which the Western publishers received for space. A minimum of 40c. and 50c. an inch for yearly contracts is quite general in British Columbia. The new rates approved by the King's Printer in Alberta for display advertisements are as follows:
Rate Per Inch
500 or less..... 30c.
501 to 1,000..... 35c.
1,001 to 1,500..... 40c.
1,501 and over..... 45c.
It is very evident that in the East the merchants are being more generously dealt with by the newspapers. Were THE ACADIAN's rates based on circulation at the same rate as the Alberta papers we would be getting a minimum of a good deal more than double the present rates. Considering the circulation and service given, THE ACADIAN's rates rank as the biggest values in the advertising business.
