The O. G. C. Girls gave a party on Wednesday evening at the home of Mr. H. M. Brown in honor of his son Owen who will leave shortly for his Mission.

Mr. H. A. Willis left on Monday for Logan, Utah. He will probably be absent for a couple of weeks. He stopped over night at Raymond enroute.

Mr. Joseph Ellison of Aetna who recently underwent a very serious and delicate operation in the Galt Hospital where he had part of his lower jaw taken out, speaks very highly of the kind and scientific treatment which he received.

Mrs. Barber was the recipient of a very pleasant surprise party last evening.

The dam being thrown across the Creek will necessitate a little work on the foot-bridge for the safe-guarding of little ones. The water beneath the foot-bridge will probably be all the way from 8 to ten feet deep. The object of the dam is to protect the pipes that have been laid under the bed of the creek.

An exciting run-away took place in front of the Cahoon Hotel on Wednesday morning. The team was already for a drive, commercial man and driver aboard, when the "puff" of the Gasoline Engine startled the nags and they broke the double-tree. Freeing themselves from the rig they dashed through the west end of town, circled and came back again to the point of commencement.

The surprisers surprised and otherwise. This is about the whole story in a nut shell. A crowd of surprisers called at the home of Mr. and Mrs. Cazier on Wednesday evening. The hour being late like all descent folks, the inmates had retired. The surprisers spent a few moments and then went their way. Among the crowd was Mr. and Mrs. Spencer and when they were safely at home, lo and behold, their companions "trooped" in and there was another surprise. Lunch was served a la help yourself. The menu consisted of, Lima Beans (cooked), Tea, Society Tea Cakes, Other Cakes, and more beans. Everybody had a good time and the big bean dish was emptied before the time keeper shouted, "enough." We are under a sworn obligation not to state that Mesdames, Campbell, Bates, Ibey, and Elton, and Barber and Mr. and Mrs. Van Brown were among the number. It was the same "old bunch."

College Notes.

In regard to proposed College of Music arrangements have been made with the Conservatory of Music in Toronto which is affiliated with Toronto University, whereby all pupils can take the work in Cardston. An examiner will be sent out at the close of the spring term to examine pupils. It is needless to state the immense value such a course will be to pupils desirous of studying music. The course leads to a degree from Toronto University. It is now the privilege of the people of Cardston to join in making the work a success.

Musical Contests

An effort is being made to have a conjoint musical contest between the Alberta and Taylor Stakes of Zion. The contest is to take place, first at Cardston during the Christmas Holidays and then a return at Raymond sometime during the next mid-summer months. The Stake Sunday Schools will have the contest in charge. It is intended to give something like \$150.00 away in prizes and the two stakes are to share the proceeds equally. More definite information will be given later.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns, and like injuries before inflammation sets in, they may be healed without maturation and in about one third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists and dealers.
