A GOOD COMPARISON. The Rev. William Rulati, a well-known Michodiat clergyman, residing at Naples, draws the following anusing but aptcomparison between D. M'Lane's celebrased. Vermifuge and a ferret: "A ferret, when placed at the entrance of a rat-hold, entersthe aparture, travels along the passage, seizes upon the rat, exterminates his existence, the draws the animal's defunct carcase to the plant, And in like manner have I found Dr. Mone's American Vermifuge to operate upon works, those dreadful and dangerous tormestors of children. This remedy, like the ferret, enters the aperture of the mouth, travels down the worms, shakes the life out of the reptiles, aweeps clean their den, and carries their carcasses clean the Varsifuge bon are children.
