FRIDAY, MAY 14th, 1886.

JUDGING by his habit of repeating without judgment what he hears, the editor of the *Star* reminds us forcibly of a parrot. He is a sort of journalistic "Pretty Poll."

O'BRIEN said he would vote for Costigan's motion, because it was the one likely to have the least effect if carried. O'Brien is an Orange-Tory, and sized Costigan's traitorous amendment correctly.

Has it not yet dawned upon our Tory contemporaries that Blake has had a chance to know Gladstone's mind on Home Rule, and consequently worded his resolution in the way he knew best would encourage the "Grand Old Man"?

BROTHER MITCHELL, of the *Star*, has not yet apologized to M. C. Cameron, M.P., for the false and silly story he published and endorsed, saying that Mr. Cameron was a "d—d liar all the same." Bro. Mitchell is an elder of the church, and Mr. Cameron is a fellow member, yet the church is scandalized and journalism is disgraced by such false and cowardly attacks.

The Goderich Signal is chastising the *Mail* for alluding to the *Star* as "the official organ of the Government." We are inclined to think that the *Star* is the official organ of the Government, and that the *Mail* is the official organ of the Opposition.

The *Expositor*, in the first place, is not published in the West Riding of Huron, and, in the second place, it is not an independent Liberal newspaper. That is why the *Mail's* allusion to the *Expositor* appears so ridiculous. The subsidized Tory organs don't seem to understand that, as to what the *Exeter Times* means by "sacrificing good graces," we really don't understand its lingo.

If a Canadian "H. H." were to take a few characters, and weave around them the incidents described by Mr. Cameron in his speech on the Indian question, given in this week's issue, the wrongs described in "Ramona" would seem tame and commonplace. Some writer may even yet do for our red men what Mrs. Stowe did for the slaves, and Mrs. Hunt sought to do for the United States Indians; but in any event the speech of Mr. Cameron has made an impression upon the country that points to the dawn of a brighter day for our Northwest Indians. How any Christian man can support a Government that permitted such a shameful state of affairs to exist is beyond our comprehension.

The political sentiment of West Huron is being revolutionized, and the whole trend of sympathy and adhesion is towards the Liberal party. The names of Blake and Cameron, always powerful as a watchword in West Huron, are today more potent than ever as a political battle cry. We believe our readers will agree with us that the *SIGNAL's* endeavors to back up the parliamentary work of the Reform leaders has assisted not a little to the cheering aspect of the situation in the riding. West Huron is solid for Blake and Cameron, and the men who are flocking to the banner of Reform are good men who are leaving Toryism on principle, and uniting with a party which is built upon the foundation of an advocacy of political liberty at home and abroad.

Chickens Come Home to Roost.
Mr. Farrow believes in encouraging home industries. The great champion of hen fruit culture came all the way from Ottawa to his home at Bluevale to cast his Easter eggs. And it is alleged that every hen within a radius of several miles of Bluevale has come to regard the champion as a personal friend, and when he comes home every one of them settles right down to business and lays the largest kind of eggs in honor of the occasion. (Wingham Times.)

The heraldic device of the Smith family of Virginia is said to be a club flush, and motto, "Thus doth Pokenhusts."

TREEING THE 'COON.

But when we state that the *Star* originally got its version of the Wentworth list case from the Hamilton *Spectator*, and that the latter invented the story, it will be seen that it is not worth much as a certificate for the honesty of our contemporary after all.—*Goderich Signal*

When you state that you state as deliberate an untruth as you ever stated, Mr. SIGNAL, and that is stating a very great deal. The *Star* could not have got its version of the Wentworth list case from the *Spectator* for the sufficient reason that the *Spectator* never published any version of the case. It follows that the *Spectator* did not "invent" any version of the case. The Goderich *Star* published a version of the case, and the *Spectator* simply remarked that the *Star's* story was correct. That was all the *Spectator* ever said about the matter. The *Star* did not even reproduce the *Star's* version of the story; but could not help admiring the able manner in which that journal has driven the *SIGNAL* from falsehood to falsehood in this matter.—*Hamilton Spectator*

If our contemporary will state that the information on the Wentworth voters' list business was not obtained from the office of the *Spectator*—through a member of its staff—we will admit that we have been in error in the original statement. We never said the voters' list matter was "published" in the *Spectator*, but we did say that that libel on M. C. Cameron, M.P., originated in the *Spectator*, and were reproduced in the *Star*. If the editor of the *Spectator* wants to help a "lame duck" in Goderich, by giving him private information on a certain subject, and then giving the "lame duck" a certificate in the editorial column of the *Spectator* for his truthfulness in regard to the Hamilton yarn, it is only right the people should know how the racket was worked. If the Goderich *Star* editor will deny that he obtained his information from the Hamilton *Spectator* office, he will put himself out of court so far as his information is concerned. There were three parties to the transaction—Judge Sinclair, the Hamilton *Times* and the *Spectator*. The *Star* did not get its information from the Judge or the *Times*. We have still the best authority for stating that the story published by the *Star*, and approved by the *Spectator*, so far from being the true facts of the case are malevolent.

HONORABLE

The quarterly meeting of Hensall North circuit was held at Fanshawe appointment on Sunday 9th inst. The Rev. T. M. Campbell, of Goderich, preached the quarterly sermon. He dwelt on the priesthood and intercession of Christ, and his discourse was enjoyed very much by all who listened. After the regular service the sacrament of the Lord's supper was administered by Revs. Campbell and Torrance. On Sunday evening Mr. Campbell preached again in Hensall. On Monday afternoon the quarterly official board met in Fanshawe church, Rev. Campbell in the chair. After opening with the usual devotional service, the board at once proceeded to business. The financial returns were received, and the whole were very good. It is expected that the circuit will, as usual, pay their pastors their full salary, as several of the appointments made a full return. The Rev. Wm. Torrance spoke well of the liberality of his people in the past year in contributing to all funds of the church. After the regular business of the board had been gone through, it was moved and seconded that the present pastors, Rev. W. Torrance and Rev. A. McKibbin, be invited to return to the circuit for another year. On the motion being put to the board by the chairman, it received the unanimous vote of the brethren. Mr. Torrance responded in a short but touching address, and Mr. McKibbin also made an appropriate reply. Both expressed their appreciation of the invitation given, and thanked the brethren for their assistance and kindness in the past year. It was also moved and seconded, that Mr. Torrance should be a holiday during August and September, and that his salary should be continued while absent. This was carried unanimously. Mr. Torrance has been unwell for some time, and it was thought that a trip to the salt water would restore him to his usual good health. Mr. Torrance again expressed his thanks to the people. Rev. Mr. Campbell then submitted to the board the question of a division of the circuit. He stated that as some young men were going up for ordination, room would have to be made for them; he proposed to divide Hensall North into two circuits, making the eastern self-sustaining and the western a mission, and to establish Methodism in Zurich. He proposed also to give one appointment to Hensall South and that a self-sustaining circuit. This question was fully discussed on both sides, and in a manly and becoming Christian manner. It was finally resolved that this board request that the circuit remain as it is at present, and a motion put to this effect was carried. Mr. Campbell then stated that the question would be submitted to the District meeting, but that the interest of the circuit would be protected. The board then adjourned to meet again on Monday, 17th.

There is excitement in the groceries because George Old is selling seeds cheap. His stock of brockery and glassware is the most attractive in town. Fresh groceries in stock at lowest prices.

The phenologists may tell a man's character by his bumps, but you can always tell the young men who patronize F. & A. Fridman by the extent of their clothes, and their fashionable appearance.

G. C. Robertson, East street, is giving great bargains in furniture, bedroom sets, and mixed mattresses, lounge, ottoman frames, foot stools, furniture oil and various sewing machine needles. Carpets taken up and re-laid.

If you have commenced house cleaning call at Saunders variety store and see their stock of household goods, including window shades and spring rollers, corice poles, picture and room moulding, wall paper, kaesamine, and general household requisites. The superior virtues of this preparation have already procured it a wide sale in the Dominion. Do not let the fact of some enterprising foreigner deter you from giving it a trial.

Baird's Comedy Company will appear at Victoria Opera House every evening next week. The prices have been reduced to popular rates. Mr. Baird's reputation ought to be sufficient to draw good audiences every evening.

We understand a large number of offenders have been made by hospitable residents in the way of entertaining as guests members of the Methodist conference which will meet here in June. However, a fuller response is needed to supply the demand for billets.

James Mullen, the stage man, has added the fourth mail contract to his list, having just got the contract for carrying the mail to and from the railway in Goderich. Jim will become a bloated millionaire soon, if Government contracts continue to pour in upon him.

No grounds are better kept in Goderich than those of Wm. McLean. On Wednesday (yesterday) showed us over the place. The man was very far advanced and very neat. Gabe's cone-covered garden vases are amongst the most ingenious and attractive in that line of ornament.

R. M. Fullerton, of Brantford, representing "Snow Drift" baking powder, was in town during the week, pushing the claims of that article. A sample package was left in almost every house in town. We have tasted nothing nicer than a pudding made with "Snow Drift" on Saturday.

TOWN COUNCIL MEETING.—The regular meeting of the town council was held on Friday evening. Only routine business was transacted. C. A. Humber suggested the propriety of appointing a committee, to take special interest in railway matters. His suggestion was not acted upon, however.

The Kincaid Reporter says: "N. D. W. Dymont purpose in a month or so to be largely attended. The prizes are substantial, and a fair show to outsiders, is one of the chief characteristics of a Goderich crowd at field sports. Particulars are given on the posters."

Dr. T. Henderson, of Detroit, well known as a school teacher in this county, is visiting friends here. He looks healthy and hearty, and has splendid prospects in the City of the Straits. He is to assist one of the professors in his private practice, which is regarded as an excellent opening for a young physician.

The creditors of the estate of Justice Rosdeng, of Zurich, met at the Sheriff's office on Friday last, and offered to accept 50c on the dollar secured, but security could not be obtained. The estate will therefore be sold on Tuesday next. It is expected that from 10 to 40 on the dollar will be realized by the creditors.

An odd thing about the electric light is the variation of prices in various localities. Buffalo pays 55 cents per light per night, Oswego pays 40 cents, and Kitchener 20 cents. Hamilton pays 40 cents, and at Dunnville, where water power is used, the price is 12 1/2 cents. Somebody pays too much, or somebody pays too little.—*Hamilton Spectator*.

Miss Wynn, Miss Radcliffe, Miss Cooke and Prof. DePuey will assist.

BOUGHT THE HOMESTEAD.—James Regan, teacher of S. S. No. 6, Goderich township, has bought lot 15, Lake Road east and west, of the township of Hay. This was the estate of his father, the late Francis Regan, and is a valuable farm containing 113 acres of good land and commanding a delightful view of Lake Huron. Mr. Regan has no intention of giving up his profession, which he has followed successfully for nine years, and will continue teaching, and will rent the farm.

THE SCOTT ACT.—A temperance convention will be held at Clinton on Friday, 28th inst., at 10 a. m. Every temperance worker in the county is cordially invited to be present. There is now a brighter prospect for the temperance cause than at any other time since the Act came into force.

Polley's sale of lively horses and rice drew an immense crowd on Tuesday afternoon. Buyers were present from Kincaid, Sarnia, Stratford and other points. John Knox handled the business. Bidding was lively on the cheaper articles. Mr. Polley is well pleased with the result of the sale. He is not retiring from business just yet.

The Scott Act had a marked effect for good on the big crowd that assembled, not a single man appearing the worse of liquor. The sales amounted to about \$1,000.

THE COMING METHODIST LEISURE.—We hope the mayor, and perhaps the reverend, will attend the first public meeting of the Methodist conference which meets here in a few weeks' time, and give a word or two of welcome to our guests. We understand that an opportunity will be given them to do so. There will be about 200 strangers in this church parlour, and we wish them to carry away with them impressions of Goderich as a delightful place for a sojourn. Let the mayor and the reverend welcome them cordially.

PROVINCIAL APPOINTMENTS.—His Honor the Lieutenant-Governor has been pleased to make the following among other appointments, viz.:—Robert Cockburn Hays, of the town of Goderich, in the county of Huron, solicitor of the Supreme Court of judicature of Ontario, to be notary public in and for the Province of Ontario. William Lewis, of the township of Stephen, in the county of Huron, to be clerk of the Eleventh Division Court of the said county of Huron, in the room and stead of John Lewis, resigned.

THE "STAR" CENSURED.—Copy of resolution passed at the meeting of the official Quarterly Board of North Street Methodist Church, held May 3rd, 1886: Moved by W. R. Roberson, seconded by R. W. McKenzie, and unanimously carried: "That where certain paragraphs appeared in the Goderich *Star* of the 30th ult., intimating the refusal of the District Superintendent to sanction Dr. Sexton's occupancy of Victoria St. Church pulpit, and knowing the whole case, we hereby express our regret at the course adopted by the District Superintendent, and our regret at the appearance of said paragraph."—S. P. HALL, R. S.

The United Empire arrived early on Sunday with some 28,500 bushels of wheat for the Harbor mill. About 1 o'clock on Monday she began to unload, and about 34 men were under agreement to do the job. Owing to the elevator shaft being unable to reach one of the higher ways, the men were higher pay. The affair was finally compromised, but the matter caused much talk in business quarters all week. It was rumored that the Ontario wheat for the G. T. R. would give Goderich the slip owing to this last wrangle, but she came in on Thursday and unloaded at the elevator here. Laborers have undoubtedly rights, but we hope the workmen along the dock will be careful not to kill the bird that lays the golden egg.

Rev. John Ferguson, of Vankleek Hill, and formerly of Brussels, was in town during the week, visiting his sister, Mrs. Delane. Mr. Ferguson has for some time past been resident in Denver, where he has been engaged in the business of a real estate agent, but he has returned to his home, James, who is affected with a lung ailment. The rev. gentleman first came to Huron some twenty three years since, and resided in Brussels for sixteen years, where he was engaged in the business of a real estate agent, but he has returned to his home, James, who is affected with a lung ailment. A free social was held by the Methodists of Victoria street in the basement of the church last Friday evening. Nearly all the members were present. The pastor improved the occasion by reading the rules of the Methodist Society, and giving a brief statement of the condition of the finances and present membership. 78 members were returned last Conference, 20 have removed to other parts, 68 having been added during the present year, making a net increase of 43. After supper the following resolution was moved by J. H. Edward, seconded by W. Swaffield, and carried unanimously: "That the members of Victoria street Methodist church place on record our high appreciation of the labors of the Rev. G. F. Salton during the present conference year. He has in everything been true to the spiritual welfare of his people and the best interests of our church, and his efforts have been signally owned and blessed by our common Master. In him as a spiritual leader, as a pastor and as a financial worker we express the most unbounded confidence and affection, and we heartily hope the Conference will grant the request of our Quarterly Official board by returning him for the ensuing Conference year."

INDIAN OPPRESSION.

How Our Red Wards Have Been Ill-treated by Tory Officials.

Convincing Address of M. C. Cameron—A Tale of Shame—Convicted by Their Own Witnesses.

Mr. Cameron (Huron). I regret very much that the First Minister is not in his place tonight. I regret the occasion of his absence, because I propose for a short time to discuss the administration of the Department over which the First Minister presides, and I always prefer discussing a question of that kind in the presence of the head of the Department. The First Minister, in his report for the year 1885, recently submitted to Parliament, said:—

"That the Indians who revolted had no reason for so doing, in so far as their treatment was concerned, is sufficiently established by the concurrent testimony of all those connected with the management of the Indians of the Northwest Territories."

I say that no statement could be further from the fact, and no allegation could be more at variance with the reports of the Department of Indian Affairs. But, even if that statement were true, it would not in any sense relieve the Department from the responsibility for the uneasy, dissatisfied and discontented state of the Indians, and for their ultimate outbreak in open revolt against the sovereign power of this Dominion. The officials of the Department are by no means reliable witnesses. Those who offended against the Indian; those who sinned against the Indians; those who robbed and cheated and swindled the Indian, as I shall establish before I sit down, and those who permitted the Indian of the Northwest Territories to be frozen to death and starved to death, are not very reliable witnesses, are very unlikely to disclose their own misconduct and to admit their own criminality. The hon. gentleman ought to have testified the statement he made in the report of his Department as to the conduct of the officials of that Department and the administration of Indian affairs by those more reliable witnesses, that of the officials incriminated. I shall, in discussing this question, pursue a different course. I shall establish the charges that I propose to make against this Government and the officials appointed by this Government by the reputation of the honest, the few honest men that are connected with that service in the Northwest, and by a mass of independent testimony, that in my judgment is simply startling. The reports of the Department for the last four or five years are eloquent with statements of wrongs done to the Indian, of promises broken, of violated treaties made with the Indian, of gross injustices done to the Indian, of shameful official misconduct on the part of those appointed to administer Indian affairs in the Northwest, of lying, cheating, and robbing the Indian; and I propose to establish these propositions in their order by extracts from the reports of the Department and by the testimony of individuals thoroughly conversant with the situation of affairs in the Northwest Territories. Let me, then, first deal with the kind of officials which this government placed over the untamed, uncivilized, unchristianized, uneducated wards of the nation with whom this country was bound to deal honestly and fairly, because Canada induced the Indians of the Northwest to surrender their possessory rights to what is practically the British Empire for the meagre pittance of \$100,000 per annum.

Writers upon the Indian question, and especially such writers as the authoress of "One Hundred Years of Dishonor," speak of the Indians as easily managed, peaceable, quiet, unoffensive, docile, so long as they are fairly and honestly treated; but as faithless, turbulent, and rebellious when he is injured, when he is deceived, when he is wronged, when he is defrauded. In order to retain the confidence of the Indian, in order to educate, to elevate, to civilize and to christianize the Indians, it was of the first consequence that men of character, men of honesty, men of truthfulness, men of high moral standing, should have been selected to preside over and administer Indian affairs in the Northwest Territories. I regret to say that, in so far as I have been able to gather the facts, such men have not been selected. Some of the men selected by the Government of this Dominion from the swarms of camp followers that usually surround this Administration, were men who were utterly unfit for the positions they were called upon to fill. Men who were unfit for positions in the public service in the older Provinces of the Dominion, were shipped off to Manitoba and the Northwest Territories, and given charge over the Indians there, men who have proved themselves to be dishonest, careless, immoral. I say, sir, that the conduct of the officials of the Northwest Territories, more than anything else, created dissatisfaction and discontent among the Indians; that the misconduct and the mismanagement of the Administration in connection with the Indian Affairs in the Northwest Territories, as much as anything else, produced uneasiness, dissatisfaction and discontent among the Indians, which ultimately broke out into open rebellion. I charge, Mr. Speaker, that many of the officials appointed by this Administration, from Commissioner Dewdney down to the lowest official in the service of this Gov-
