

NO HOPE FOR CREW OF SUNKEN SUBMARINE

Score of Russian Sailors Given up for Dead—The Water Far Too Deep for Divers.

Subatopool, Russia, June 13.—All hope is gone of saving the twenty men who went to the bottom of the sea in the Russian submarine Kamshala, when she was rammed and sunk by the battleship Rastislav during maneuvers Friday night five miles from here. The tremendous pressure killed two divers who went down to rescue the men. Others tried repeatedly and heroically to pass chains around the wreck, but finally came to the surface utterly exhausted, having accomplished nothing. All operations have been abandoned. The chances of saving the imprisoned men were recognized from the first as remote. Under normal conditions most submarines have an air capacity of three days, but those of the Kamshala type are weak structurally and for this reason cannot normally go more than 100 feet deep. She went down in 150 feet of water and only untrustworthy bulkheads stood between the men and death. After the boat was struck by the gun of the Rastislav, four men were saved, including the commander, who was giving orders through the speaking tube to the helmsman just before the collision. These orders, he says, were misinterpreted, the helm being put to port instead of starboard.

Jeeps Are Building Too. Victoria, B.C., June 13.—The first jeeps of Britain and the Blue Funnel Line, which arrived from Yokohama Saturday night, the latest completing a voyage from Liverpool with 10,000 tons of cargo, had a total of 200 jeeps on board, of whom 100 were landed here. The Empire had 12,000 jeeps, worth \$600,000, included in her cargo. Several notable passengers were brought by the Empress of India, which arrived today from Yokohama, including Admiral Sir J. E. B. Seely, K.C.B., G.C.T., ex-governor of Western Australia, who has been visiting Admiral Kamikura, to renew an old acquaintance formed when the Japanese admiral took a fleet to Western Australia six years ago. He was shown the Japanese-British friendship warship in the world, at Yokohama, and the Awaichi, just laid down, to be the largest and heaviest armoured warship in the world, at Yokohama. Count and Countess Castell were also passengers from Japan.

MY LUCKY DAY

Mr. Thomas Wylie (Box 384), Call, says: "It was the luckiest day of my life when I struck PSYCHINE, for I truly believe I shouldn't be alive now but for that. A neglected old man was brought to me by a friend, and what seemed to be a simple ailment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to 'hand in my checks,' although only 20 years of age. The medicine the doctor gave me made me worse and I was disgusted. Then I struck PSYCHINE. "PSYCHINE did miracles for me. The first bottle gave me new life and courage, and in less than two weeks I began to get on my feet and I felt I was on the high road to recovery. My appetite returned, and I ate like a hunter. As the saying goes, 'My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a day's illness since. Nobody could wish for better health than I enjoy, and it is all owing to PSYCHINE. It should be in everybody's hands." For Coughs, Colds, Loss of Appetite, Throat, Lung and Stomach Trouble, take Psychine. Druggists and Stores sell it, and send to D.R. SLOCUM, Limited, Spadina Avenue, Toronto, for a TRIAL FREE.

BLACK HAND HEADQUARTERS.

Ohio Band Has Been Levying Blackmail on Italians.

Chicago, June 13.—United States post office inspectors from Cincinnati believe they have discovered the headquarters of the "Black Hand" in this country at Marion, O. This belief is based on documentary evidence found today, when Sam Lins, of Marion, O., Antonio Viano, of Columbus, O., and A. Maris, of Dennison, O., were arrested. Chief Post Office Inspector Charles Holmes declares that evidence has been obtained showing that the band has fleeced different persons in this and other states out of thousands of dollars in the last few months by "Black Hand" methods. Inspector Holmes says the Marion band was composed of Italians, and worked exclusively upon their countrymen. He has obtained evidence that as late as two weeks ago they sent from Marion, O., post office money orders aggregating \$1,900 to confederates in Italy, this being the division of blackmail funds in one case. Many such bits of evidence, it is claimed, are in possession of the inspectors. The proof we have found against the Marion gang," said the inspector, "convince us that they have worked their game successfully on many Italians, particularly well-to-do Sicilians. They meant business when they demand money for it. If their demands were ignored, they resorted to the bomb, either to bring their victims to time or to avenge a persistent refusal to submit to blackmail."

Salcoats Crops Doing Well.

Salcoats, Sask., June 14.—Seedling operations have practically ended for 1909, and it is seven years since a more favorable seed time has taken place. The land was in first class condition to receive the seed, and with the heavy, warm rains of the past ten days and warm weather the growth has been rapid. Wheat is measuring from eight to ten inches in length and oats four to six inches and standing out well. A heavy crop of alfalfa is being raised here this season, but owing to scarcity of feed not much breaking will be done as in former years.

Body Seen in Lake.

Sault Ste. Marie, June 13.—The steamer Roman left Detroit this morning for a Lake Erie dock. Captain Cary, of the steamer Sharpless, reported passing a body floating in the water below the nine mile point this morning. The revenue cutter Machinist was sent to pick it up. It is thought "may be the body of Vincent Webb, second mate of the North Wind, who was drowned off this vessel on his first trip this spring."

THE BEST LINIMENT

Gombault's Caustic Balsam IT HAS NO EQUAL

For the relief of all the most distressing and painful affections of the Human System, Gombault's Caustic Balsam is the most effective and reliable remedy. BAPTIST UNIONS MAY BE JOINED

Alberta Association Approves Principles Proposed—It is Found Practicable.

Ponoka, June 10.—The forenoon session of the Alberta Baptist convention was taken up with the discussion of the question of Canadian Baptist Union. There are in the Dominion of Canada three separate unions, the Central, composed of Ontario, and Quebec, and the Western, composed of Manitoba, Saskatchewan, Alberta and British Columbia. The present proposal is to unite all three into one central assembly, as the highest church court for the whole Dominion. The Alberta association approved of the principle, provided satisfactory terms can be arranged and the matter can be arranged and the matter was laid over for further consideration. Archbishop Gray of Edmonton addressed the association on the question of "Religious Education in the Schools," along the same line as he addressed the synod of the Anglican and Presbyterian churches and the Methodist conference.

Body Seen in Lake.

Sault Ste. Marie, June 13.—The steamer Roman left Detroit this morning for a Lake Erie dock. GRATEFUL FOR ECZEMA CURE.

Any sufferer can write to Mrs. D. D. McGilvary, of Nanton, Alta., for full information. There are undoubtedly many friends in the testimonials of medical firms—letters written by friends or even enemies—who have been cured by either hand, in some cases the testimonials are thoroughly genuine, gladly offered by prominent citizens, who are grateful for the cure. Such a case is that of Mrs. D. McGilvary of Nanton, Alberta, who cured her two children with D. D. and is glad to tell others about it. She wrote on September 3rd last: "Your letter to hand of recent date, I must thank you for so kindly inquiring about my order and also the child. I am glad to say I received the three one dollar bottles of D.D. and two cakes of Soap safely, and am delighted with the result of both prescription and soap. The Soap is all that I need. My little boy of two years and a half is to all appearance cured of the disease of Eczema. "My baby girl at two months broke out with the same rash and I treated her with D.D. and am perfectly satisfied she is cured to all appearance. I feel sure it is a splendid remedy for all such diseases and can highly recommend it if I will be able to recommend it to any one suffering with skin trouble. "If any reader of this paper should write Mrs. McGilvary, we request that a self-addressed stamped envelope be enclosed. For free sample bottle of D. D. D. Prescriptions write to the D.D.D. Laboratory, Department B.W., 23 Jordan St., Toronto. For sale by all druggists."

Lease Expiring To Purchasers of \$25 or Over we will refund railway fare for 25 miles SLAUGHTER SALE Remember the date and place 362 Jasper E. Opposite Ross Bros. Hardware Store

Starting Thursday, June 17th and positively closing Saturday, July 3rd. Our entire \$20,000 stock of new up-to-date clothing and Gents' Furnishings must be closed out in 15 days regardless of cost. Everything must go, even the counters and shelves.

We Must Vacate the Premises As the building is shortly to be torn down and a new modern structure is to go up in its place, and therefore we must dispose of the stock for whatever price we can get for it. To say that we are going to sell our goods at 50 cents on the dollar wouldn't be quite correct as there is some goods we will sell at 40 Cents on the Dollar or Less This sale will be the greatest event in Edmonton. It will make other sales fade into insignificance. Remember 1st.—That this sale will not continue for one day longer than advertised. 2nd.—That we do not advertise a few articles at low prices and soak you on others, but we sell everything at less than half price. 3rd.—That our stock is not old, shelf worn or out of season and style, but up-to-date, staple and new goods just arrived from the east. 4th.—That we guarantee absolute satisfaction, or we refund your money without any question.

Your house or barn needs painting. You lose money in the value of your property every day you leave them unpainted. Let us tell you how little it will cost you to paint, and thus properly protect your house or barn. We ask you to send us your measurements and we will give you an expert estimate. You will find when you see how low this cost will be, that it is not economy at all to let them go unpainted, exposed to rain and climatic changes. We will tell you also why it is wise to do your painting with Stephens Paints—paints made by Western Paint Specialists with twenty-seven years' experience—paints that combine the exact amount of Manitoba Linseed oil (acidulated), with the exact amount of pure pigment required to withstand both the blistering heat of 100 degrees and the cracking cold of 40 below. You will show your wisdom when you protect your buildings with Stephens Paint—the Paint with the Long Life. Chown Hardware Co., Edmonton, Alta.

COMMERCIAL MARKETS CANADIAN LAMBS TOP MARKET Chicago, June 15.—Good hog all the advance of yesterday, was a low market on grassy and mon mixed grades, which made a considerable proportion of the ply. Competition for quality keen and the \$7.80 to \$8.60 steadily wanted. The supply moderate all over the west. The cattle trade was of volume. Fresh receipts were Texas stuff, a lot of it coming to packers from St. Louis. Were about steady. Live huttons were active strong to 25c higher, a load of dian fed short lambs selling at a new high price. Stocker and shipping lambs sold up to 9c. Hogs—Receipts 12,000, steady strong. Mixed and butchers to 7.90; good heavy, 7.75; rough heavy, 7.30 to 7.70; pig to 7.80; pigs, 6.30 to 7.00; pig to 7.50. Cattle—Receipts 2,000; Beefers, 5.35 to 7.25; cows and calves, 2.25 to 5.50; Texas, 5.25 to 6.25 to 8.00. Sheep—Receipts 10,000; slow to 6.10; lambs, 6.25 to 7.00; wethers, 5.00 to 6.00. SUN AFFECTS WHEAT MARKET Chicago, Ill., June 15.—The forces in grain were checked by fight today and the entire active list suffered recessions. It shifted downward Chicago prices from sections of the grain and corn belts told of sunbaked well as of higher temperatures grain trade, unlike the usual dark, as well as the growing love the sun, provided it is not scorching in description. The corn plant has not prospered of a lack of seasonable temperature and the warm sun. The wheat has been cut in parts of Ontario and Texas and what is in the parts here has been rained on, and the wheat in the west is about ready for the harvest. These were visited by "old soil" and the bears sold wheat. The considerable long wheat "to out and it may be said," were sold by the wheat into the hands of the buyers of the best houses in the trade, including S. B. Chapin & Co., B. Patten, Clement-Curtis. Many commission houses and buyers in hand of the resting grain these were filled. The selling by Logan & Co., Chicago, Shearson Hamill and the traders. Nearly all the wheat of the country suffered. At Winnipeg, where "a once being run in the July," there pronounced drop. Minneapolis had a setback of two cents time. In the end, July was here and the cash business small at 35,000 bushels. The millers in the Northwest continue take wheat from the elevators in Minneapolis, also the total \$25,000 bushels for the past days and withdrawals today \$28 cars. Contract stocks increased 624,000 bushels. The Continued favorable weather ported in Russia, and Roumania many both the United States and official rains and improved crops. Foreign markets, but little change future. The pool being 1/2 to 3/4 lower, which was unchanged. Paris was unchanged to 3/4 better, and flour unchanged to 1/2 higher. Berlin was unchanged and Buenos Ayres was unchanged 3/4 higher. Oats were weak and lower. Try commission houses were selling side of the market and oats were weak and lower. Crop prospects are ideal. After the Singer Trust. Philadelphia, Penn., June 15.—John Segal, so far as the public declare, is preparing to get out of the Sugar Trust. The element forced by George H. Jr., receiver of the Pennsylvania Refining Company, has put the long sought opportunity for the limit of the ancient trust bears to the corporation the him out of his property in Philadelphia. Segal, it is stated, has been very forthcoming in his share to him from the American Sugar Refining Company, which put the refining business in the hands of the trust. That not only means the rest all his stocks and bonds in the refinery, but the \$1,000,000 loaned on the hotel Majestic and Pennsylvania's companies, share the profits of the trust during the period the Segal refinery been closed under the vote dummy directors of the trust. Spectacular Naval Review London, June 12.—Reports to a special press conference today a meeting at Spithead one of the most spectacular naval shows ever held in these historic waters. The fleet, led there for review by the Queen's messenger, consists of 44 battleships, 15 submarines, and nine auxiliary vessels. The delegates embark on the same and will be taken round the Spithead in four main lines, and pass the yards will be manned by Jack Tar while all the vessels are at the honor of the occasion. Other in the program of the visit to month are a visit to the Dreadnaught, and the torpedo school at Island is called, and then a drive to the dockyard which covers more than any other naval arsenal world. Unfortunately it is raining and the weather condition is unfavorable for the review of the
