Use Zam-Buk.

Mr. Sim Vaughan, trainer of the Hamilton Tigers Football Team, and admittedly one of Canada's finest trainers, says of Zam-Buk: "In my estimation it is the finest healing balm obtainable, and no athletic institution, or no athlete, should be without it. I say this after fifteen years' experience as a trainer of athletes, and after experimenting with nearly all known embrocations."

The above opinion is shared by such well-known athletes as Sherring, of Hamilton, Longboat, the All Blacks, of New Zealand, and on all the leading football organizations of England. For sprains, cuts, abrasions, stiffness, rheumatism, and as an all round embrocation and balm, Zam-Buk is unequalled. All druggists and stores at 50c.

Firemen Resign

ON S. S. STELLA MARIS.

The firemen of the S. S. Stella Maris left the ship yesterday and went on strike because the owners refused to put an additional man—a trimmer—in the ship. Delegate Woods on behalf of the men interviewed the owners but they refused to comply with the request, and said that they would get other firemen to work the ship. The men who left the Stella Maris say that owing to the construction of the bunkers it is impossible for one man to get the coal when required, and to tend to two fires and keep up the steam required. Last trip the captain sent them a man to help at the coal. They say that the Stella Maris is a harder boat to fire than the Fogo, which has three stokers.

Harbor Grace Notes.

Mr. Albert Rogers, of the Union Wood Co., left for St. John's yesterday on business.

Mr. Alex. Crocker went out by yesterday morning's train for St. John's, where he will be employed for some months.

Miss Phebe Alcock went to Bay Roberts yesterday afternoon, where she will remain a couple of weeks, the guest of Mrs. Dawe.

A baby boy was born to Mr. and Mrs. Edward Moriarty this morning.

Twin babies—boy and girl—were born a few days ago to Mr. and Mrs. Arthur Sheppard.

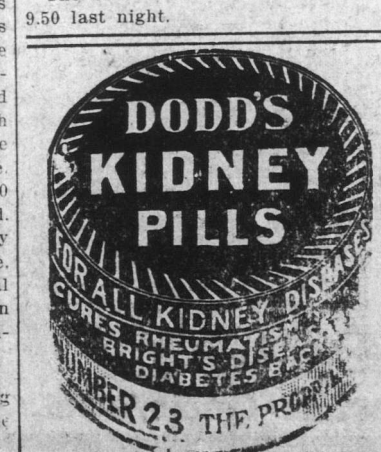

Mrs. Thomas Butler, of Bristol's Hope, died yesterday after a short illness. Mrs. Butler leaves a husband and a family of small children, one but a few days old, to whom much sympathy goes out in the loss of their mother.

A number of our citizens noticed the reflection of a fire over the South Side Hills at 9.30 on Monday night, and felt sure that the destroying element was getting in its work in that direction. We learn since that the cause was the burning of the stable and barn of Mr. W. Smith, of Bishop's Cove. The barn contained hay, a carriage, and a number of farming implements, while the stable was a valuable horse, all of which was burnt. The night was stormy with high wind, and so quickly did the fire do its work that efforts to save the property was of no avail.

While Messrs. John and Frank Wells, sons of Capt. James Wells, of Bristol's Hope, were at Fox Pond, a long distance in the country, this morning cutting wood, Frank met with an accident, cutting his right foot very much, nearly severing the great toe. Staunching the blood as best he could his brother John quickly made him comfortable on the ship, and came with all speed to Harbor Grace, and to the residence of Dr. Parsons, where several stitches had to be put in the wound. Very little time was lost, even the horse (a beautiful animal of 2 1/2 years) seeming to realize that something was wrong, fairly flew over the road. The young man lost much blood.

Mr. John French, one of the operators at the H. G. Boot and Shoe Factory, resigned his position and left for Boston a few days ago.

CORRESPONDENT.
Harbor Grace, March 23, 1911.
The shore train reached town at 9.50 last night.

Obituary.

JOHN MARTIN, C.E.

"Jock" Martin is dead. He passed away at his home at the head of Twenty Mile Pond at 6 o'clock yesterday morning. To the younger ones his name may suggest little, because his fame has been buried in the passing years, but to the older ones his passing will revive memories of a typical Scotsman and sportsman, who for many a long year loomed largely in the public eye.

John Martin was born at Eastridge Currie, a suburb of Edinburgh. A record in a family bible says in 1824, but there seems to be a mistake, as some years ago in a legal document the year of his birth was given as 1818. Thus John Martin lived in five reigns—George IV., William IV., Victoria, Edward VII. and George V. By profession he was a civil engineer, and did splendid work for the city and the country. One of his last public works was the water system of Carleton Place. Since his retirement he has been the recipient of an annual pension of \$1,200 from the city.

As an engineer he ranked high, but it was as a sportsman that "Jock" Martin was loved. In 1872, nearly 40 years ago, he won the McKay Curling Medal, and again in 1873. The following year he captured the Avalon trophy, and in 1886, at the age of 68, the medal of the Mienne Club. As a waterman his record is that of an angler, to whom rod and reel, babbling brook and placid pond were inspirations. He had few equals and no superiors in the gentle art. In 1879 he won the Rifle Club Medal by 96 points. An all round sportsman was "Jock" Martin, one of the old school, loyal, outspoken, fearless and capable, a manly man and a faithful friend.

He leaves one son, William, and two daughters, Miss Martin, who lived with him, and Mrs. Arthur Whiteley, of Corvallis, Oregon, U.S.A. We hope in the course of a few days to publish an appreciation from the pen of a gifted writer, who, though far younger in years, spent many a happy hour with rod and line in company with the grand old sportsman, who has just passed away—Daily News.

Indigestion & Dyspepsia

In all its Forms can be Cured.

It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden. Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription. A sure cure for persons afflicted with stomach troubles. It can be obtained at

DR. F. STAFFORD & SONS,
Duckworth Street and Theatre Hill.
Small size, 25 cents; postage, 5c.
extra; large size, 50 cents; postage, 10c. extra. Mail orders must be accompanied by remittance—oct29,1m.

Hockey Last Night.

The ice men's benefit match last night at the Prince's rink resulted in a win for St. Bon's by 7 goals to 3 over the Vics. The attendance was small owing to the weather conditions and some of the regular players on the teams did not turn up and substitutes had to be enlisted. The St. Bon's players were Walsh, Hearn, McLean, Godden, D. Walsh, Shortall and Herder, and the Victorians were Thomas, Vinnicombe, McPherson, Tobin, O'Dea, Shortall and Brian. The game was a lively one and McPherson gave promise of being a good player. He sent in two of the goals won by his team. The others were scored by Shortall, Godden, Walsh and Herder.

Marion Bridge, C. B. May 30, '02.
I have handed MINARD'S LINIMENT during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of Liniment I handle.

PROMINENT CITIZENS ILL.—Messrs. Geo. Davy and Sheriff Carter have been ill the past few days and are confined to their homes. Both are, however, mending to-day and it is hoped will be around after a few days.

Mr. Geo. Cole of the Singer Sewing Machine Coy. has resigned his position and went Sunday to British Columbia.

£17,000 Offer Refused

For Three Months Rent of House During Coronation.

London, March 13.—Rents for houses for Coronation season are rising with the increasing demand for accommodation.

According to the Chronicle, one Liberal Peer has refused an offer of £10,000 for the use of his residence for six weeks. Another offer of £17,000 was made for the tenancy of a house in Hill street during May, June and July, but the owner refused, to take less than £20,000.

The private residence of Prime Minister Asquith, at No. 20 Cavendish Square, which has been always greatly coveted by reason of its splendid reception rooms, old mahogany staircase and walls, painted by Sir John Thornhill two centuries ago, has been secured by Lady Cunard.

Severe Sentences.
Brooklyn Attempts to end Epidemic of Crime.

No mercy seasoned the justice which was meted out in Brooklyn recently to check the epidemic of small crimes which have been prevalent in the borough. Michael Drew was sentenced to ten years in Sing Sing for the robbery of a woman agent of the elevated railway of \$5.50. Henry Coy was sentenced to fifteen years for the robbery of a woman on the street of \$2.70. Michael Schuler was sentenced to twenty years for trying three times to turn his furniture for the sake of the insurance in a tenement house where twenty-nine other persons lived. Chas. Nelson and Jerome Williams each were sentenced to not less than ten years for the robbery of \$25 and a gold watch from a man on the street.

Minard's Liniment Cures Colds, Etc.

Use Condensed Milk.

An act respecting the production and sale, in Ontario, of milk for human consumption, has been introduced into the Provincial Legislature at Toronto.

Fathered by the Hon. Jas. Duff, this legislation is known as The Ontario Milk Act, and is designed to give to the council of every municipality in the province authority to pass by-laws regulating the milk on sale, even to the point of production.

The cry for pure milk that has gone up from nearly every centre in the Province, has no doubt been largely responsible for this bill. Milk is one of the few articles of domestic consumption essential to the well-being of the nation; and the difficulty experienced by the dealers in getting it to the consumer in perfect condition is admittedly great.

It is this general doubt of the purity of bulk and even bottled milk that accounts for the steady sale of condensed milk. Many reputable firms throughout the country are putting these products on the market. Prepared in establishments where cleanliness is truly considered next to Godliness, these canned brands of milk are so sealed up as to keep for an indefinite length of time in any climate when reasonable precautions are taken.

Dodd's Liniment.

Is the best Liniment for Rheumatism, Lumbago, Sprains, etc. Gives relief in one application. "It touches the spot." 25 cts. bot. W. T. COURT-ENAY, the Prescription Pharmacy, cor. Duckworth and Prescott Sts. mar29,11

MINARD'S LINIMENT CURES BURNS, ETC.

The Prospero left Channel coming this way at 6 a.m. to-day and is due here Monday night.

The Peace Movement.

Special Evening Telegram.
LONDON To-Day.

The best means of advocating the Arbitration Treaty between England and the States was considered at a meeting of the Free Church Council last night. It was decided to post one projected demonstration at the Albert Hall to allow time to arrange simultaneous expression of feeling in the States. This decision was due to a letter received from Sir Edward Grey, Foreign Secretary, who advised the keeping in close touch with corresponding American bodies in order to make clear what is done in one country is in sympathy with the feeling in the other. Resolutions were adopted asking the Lord Mayor to form a National Committee for holding meetings in favor of the movement in all the towns of the United Kingdom.

McMurdo's Store News

FRIDAY March 24, 11.

A good disinfectant is an essential in every household, considering the prevalence of infectious disease this present season. Cook's Cofectant is one of the best of these, and will be found very suitable for general household work. It is non-poisonous and non-corrosive, easily mixed with water to make solution of suitable strength, and very economical in use. One thirty-five cent tin makes 20 gallons of potent disinfecting fluid. This preparation is used by many Boards of Health on the other side, and has the approval of our local Public Health Department. A tin should be in the house for emergencies. Price 35c.

The Prospero left Channel coming this way at 6 a.m. to-day and is due here Monday night.
