At 8.30 a concert began the programme being as follows:—

The various items were faultlessly rendered. Miss Clara Smith acting as accompanist. Following the concert teas were served and then came a dance in the Gymnasium for which the band's hand supplied the music. At 2 o'clock this morning the affair was brought to a close. The anniversary service will be held on Sunday next at 3.15 in the C. E. Cathedral.

## Ada Bishop Gone Ashore.

Special to Evening Telegram.

ST. PIERRE, Miq., To-Day. The Burin schooner Ada Bishop, with a cargo of green fish for Gloucester, Mass., went ashore on St. Pierre Island, last night. It is reported that her keel is gone and the vessel is badly strained.

## Medical Quarters.

Dr. W. Roberts and Dr. M. C. Roberts are now practicing in the city and have taken over the quarters on Duckworth Street occupied in turn by the late Dr. MacKenzie, Municipal Council, and the Admiralty Survey. The Physicians are getting the place elaborately furnished and fitted as it is their intention to convert the rooms, which are commodious, into a sort of miniature hospital, in which a limited number of private patients can be accommodated. The rooms are peculiarly adapted as they are within easy access and away from the noise of the street.

## Quite An Attraction.

The exhibition, which is being given by the Agents of the Frazer Motor Engine in Messrs. Ayre & Sons Hardware Store window, is the subject of much favorable comment. Crowds of people have viewed the working of this engine the past few days, and at times the sidewalk has been so crowded that it was difficult to pass along. The Messrs. Franklin & Co. Agents evidently know how to demonstrate so as to show to best advantage the lines of goods they handle.

**HERRING SCARCE.**—Yesterday herring were scarce at Bonne Bay, the first time since the herring fishery commenced this year.

## Cable News.

LONDON, To-day. At a cabinet meeting held last night the Government decided to adhere to its programme.

WASHINGTON, To-day. President Taft has issued a proclamation fixing the rates that foreign shipping of the world shall pay for passage through the Panama Canal. The rates named are practically the same as those which will be in force at the Suez Canal next year.

SYDNEY, N. S., To-day. The Coal Co.'s tug, Douglas Thomas, was run down by the steamer City of Sydney, in the harbour. The tug was badly injured and run ashore to save her from sinking. It is thought four of a crowd of stevedores are drowned as they have not been accounted for.

### McMURDO'S STORE NEWS.

THURSDAY, Nov. 14, '12.

We have decided in order to close them out for the season, to put up our Dutch Flowering Bulbs into parcels and sell them off at fifty cents a parcel. In doing this we are enabling customers to buy these fine bulbs at just half price—each bag containing fifteen bulbs of Messrs. Van der Scoots best quality, and the selling price of which would ordinarily be 98 cents. Each parcel contains 4 Best Hyacinths for water culture, assorted colors, 2 Bedding Hyacinths, 2 Poetaz Narcissis, 1 other Narcissis, and 6 Tu Ups or Jonquills. This constitutes a real bargain. Those who have not yet had any of these beautiful flowers should frigate at once. Remember the price, only 50 cents.

## WHAT ATTENTION DO YOU PAY

to the TEA you drink? Are you satisfied if it only "tastes" like tea?

For luncheon or the evening meal there's nothing so appetizing, so restful, so altogether satisfying as a table beverage as STAR TEA.

'Tis a mighty good everyday all round drink; besides the flavour is delightfully real.

## Cable News.

Special Evening Telegram. LONDON, To-day. The Porte on the advice of Russia has instructed Mazim Pasha, Turkish Commander-in-Chief, to apply to the Bulgarian commander for eight days armistice with a view to opening direct negotiations for peace. The decision seems to show Turkey has little hope of being able to hold the Tchatalia lines against the Bulgarian advance. There is no news as yet how the Bulgarian commander met the Turkish request. The situation at the front judging from the paucity of news allowed to filter through either side is confusing.

OTTAWA, To-day. The Steamer May Flower was wrecked on Madaw river, three miles from Barry Bay. Of the 12 people aboard, two members of the crew and 3 passengers, Beverly, Imlach and Harper of Ottawa, commercial travellers, are alive to tell the story of disaster. They were found by a search party, who rowed out from Barry's Bay, on an island about 3 miles down river in very exhausted condition. They say that the Mayflower sprung a leak soon after she left Barry's Bay. Her hold rapidly filled with water. Those aboard quickly realized death was imminent. The wind sweeping down the river lashed the sides of the inflated craft and the boat began to turn, then the coal oil lamps went out by being crushed to the floor. In a few minutes when all was darkness, the boat keeled over broad-side and sank suddenly.

## Supreme Court.

Before The Chief Justice. Peter S. Arter vs. Jabez Winsom. This is an action for damage to the plaintiff in his occupation as a fisherman, by a breach of the Fishery Laws by the defendant in placing his traps too near the plaintiff. The plaintiff claims the value of 150 quintals of fish, the defence is a denial of the alleged trespass. The plaintiff was, at the time of the acts complained of, fishing at Ironbound Island.

This case was transferred from the Circuit Court at Greenspond. Mr. McNelly for the plaintiff and Warren K. C. for defendant. Mr. McNelly opened the plaintiff case and called his first witness. There are about 10 witnesses to be examined so that the case will probably take up the whole day in the hearing.

## The Police Court.

A man named Griffin about 80 years old summoned a young man named Walsh for assault. The defendant pleaded guilty to the assault but claimed that it happened in a drunken row. After hearing the evidence of the witnesses the defendant was fined \$10 or 30 days. The old man showed signs of a bad battering one side of his face being terribly bruised.

A drunk and disorderly was fined \$1 or 3 days. A man convicted of being drunk and disorderly in his own home was released on suspended sentence as he undertook to take the pledge.
