We have purchased a large lot of Sample Toys, the newest and cheapest in the market.

THE AVIATOR'S RUSE!

A Russian aviator, who was flying over the enemy's territory in company with an officer, was forced to descend owing to an accident to his motor. The pilot and the officer were wearing leather clothes with no indication of their nationality. Suddenly while at work on the motor seven Austrian soldiers under the command of a non-commissioned officer passed close by on the top of a hill. Resistance was impossible, for the aviators were armed only with revolvers. Luckily the Russian officer spoke fluent German. Calling to the Austrian non-commissioned officer he peremptorily ordered him to help. The latter, believing himself in the presence of a superior officer, hastened to obey. Soon the motor was working again and from the aeroplane, describing graceful circles in the air over their heads, there fell a little piece of paper thanking the Austrians for the help they had given to the Russians.

Another instance showing what an important part our apparel plays in our every day life. It is not a question of constantly buying new clothes but having the old ones kept in proper condition through the Dry Cleaning process.
