TO-DAY'S Messages.

11.00 A.M.

HINDENBURG'S FAILURE.

LONDON, To-day. The Russians have repelled Von Hindenburg's drive toward Riga and Dvinsk and along the Dvina River. They have taken offensive, but owing to the state of the ground have been able to make only slow progress in the marsh region west of Riga. Along the Styx River south, the Austro-Germans by counter stroke have pierced the Russian line and captured 1500 prisoners, according to a Berlin official statement. On the West front there have been no events of importance.

NO MILITARY REASON FOR SINKING THE ANCONA.

ROME, To-day. The Italian Government has sent an official communication to neutral Governments, dealing with the sinking of the Italian liner Ancona. The note denies the Ancona carried any arms or any contraband or persons in beliover military service, or that there were any circumstances justifying such an attack as a necessity of war.

THE FIGHT FOR TETEVO.

LONDON, To-day. A despatch to Reuters from Saloniki says the fighting yesterday between Serbians and Bulgarians in the region of Tetevo resulted in success for Serbians, who occupied the town of Tetevo, capturing one gun and a quantity of stores. Tetevo is a point of some importance, which may have bearing on further developments in that quarter. The Bulgarians attack on the left bank of the Ornaca River, was repulsed with heavy losses. Towards the south of Valandovo, the French captured several trenches. A Saloniki despatch to Reuters under date Sunday evening says Bulgarians have recaptured town of Tetevo. French and British troops continue to advance along whole line.

APPROACHING VELES.

PARIS, To-day. An Athens correspondent of the Hava News Agency in a despatch dated

Saturday, says news from private sources report the French within 12 kilometres of Veles, Serbia, which was held by Bulgarians.

RETIRED IN GOOD ORDER.

ROME, To-day. The Serbian Legation received the following official statement from Athens under Saturday's date: According to information, it is untrue that Valandovo has been occupied or even threatened by Bulgarians. It is reported this morning that the Serbian Government is installed at Mitrovitz. The Serbian troops carrying out their retreat in perfect order, are in no way discouraged. They have had to abandon no material and the Bulgarian allegations to the contrary are false.

FALL OF VELES IMMINENT.

PARIS, To-day. The Serbian Legation here to-day made public the following official statement: although Veles is not yet in the hands of the French and British troops, the Bulgarians are hard pressed and the fall of the town is imminent. The Bulgarians in the region of Veles suffered enormous losses and have requested the armistice to bury dead.

NO APPROACH TO VATICAN.

ROME, To-day. The assertion made in various quarters recently that Emperor William had written to Pope Benedict asking to obtain a truce from the Allies, is denied at the Vatican to-day. The officials of the Vatican declare that neither side has made any representation to the Pontiff, looking for peace.

ITALIAN CRUISER AT SALONIKI.

LONDON, To-day. The Italian cruiser Piedmonte arrived at Saloniki, according to a despatch from that place to the Daily Telegraph.

REASON FOR ASQUITH'S THREAT.

LONDON, To-day. James O'Grady, member of parliament and member of the Labor Recruiting Committee, is quoted by the Weekly Despatch as saying in an interview that the reason Asquith made the pledge that compulsory enlistment would be put into effect after Nov. 30th, if young men did not come forward voluntarily, was because when the recruiting scheme of Earl Derby was put into operation, the main response was by married men. Thousands of young unmarried men, O'Grady says, meant flocked into munition factories.

CHURCHILL'S RESIGNATION.

LONDON, To-day. An editorial appears in some London morning papers justifying Churchill's quitting the Cabinet under the circumstances already indicated. The Daily Mail asks whether Churchill is really responsible for the Dardanelles miscarriage, and says he leaves office with the good wishes of everyone in the country. Other papers not friendly towards Churchill are asking whether Churchill's plans of the Dardanelles and other undertakings, for which he was supposed to be responsible, failed in their object through delays or mismanagement of other personages in the Government or Administration. Lord Rosebery writes to the Times advocating the Government should take advantage of Churchill's regrettable resignation to take into the Cabinet some non-political man of business, if only for the purpose of retrenchment and to supply sorely needed new blood. The Morning Post strongly advocates formation of official opposition parliament force upon the Government improvement of the conduct of affairs.

FRENCH MINISTER WILL INVESTIGATE AT ATHENS.

LONDON, To-day. A despatch to the Times from Athens says Denys Cochin, Minister without portfolio in the new French Cabinet is expected to arrive there to-day. A despatch from Paris on Saturday, said Cochin left the French capital for Greece in endeavour to obtain the truth about the situation.

Boy Reported Shot in the West End.

Last night and this morning a sensational report was current in the city that a boy named Murphy had been accidentally shot in the head in the West End of the city yesterday. Only meagre details are to hand, as up to noon to-day when our representative last enquired, the police had no knowledge of the matter, but as far as we could glean the shooting was the work of another boy belonging to the same section of the town, who discharged a rifle and the bullet entered Murphy's forehead. The wounded lad was brought to the General Hospital to-day by his father where an X-ray operation will be performed to find out the nature of the victim's injuries.

Adventure From Far North.

The s.s. Adventure, Capt. Wilson, arrived back to-day from the Far North. The ship was absent four months and a half, during which she was engaged by the Canadian Government, going as far north as Port Nelson. Capt. Wilson reports that when leaving there very severe weather was setting in, the frost being intense. Besides the ice was forming to a thickness of several inches and the Adventure had to butt her way along through the ice. She brought back 200 workmen, laborers and stevedores, from the Hudson Bay port. The ship then went to Sydney where she was examined by the Russian authorities with a view to being purchased. She brought here a cargo of coal.

Supreme Court.

Court met at 11 a.m. to-day, pursuant to adjournment. Present, Mr. Justice Emerson. **Steer Bros. vs. The Fishermen's Union Trading Co., Ltd.**—James Callahan and E. G. Gishaw were sworn and examined. A note was put in as evidence. This closes the plaintiff's case. Morine, K.C. for deft., calls no evidence. J. A. W. McNulty, is heard in closing. Court takes time to consider. Court adjourned until Dec. 1st at 11 a.m.

Minard's Liniment Co., Limited.

Gentlemen,—In July 1915 I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In September, 1906, Mr. Wm. Outridge, of Lachute, urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and to-day I am as well as ever in my life.

Yours sincerely,

GREAT IRISH COMEDY AT ROSS-LEYS.

To-night Carroll and Ellor the popular Irish song and dance artists have another treat for patrons. When you see Carroll as Primrose Flanagan, the trained nurse, and Miss Ellice, the lady of the sanitarium, you will howl. The singing of Mr. Carroll is positively marvellous, and at every show he is applauded to the echo; night after night the pictures have to be taken off to allow them respond to encores; they are in a class to themselves. The pictures, too, are splendid, every one a feature. Don't miss to-night's great show.

BRITISH THEATRE.

A very pleasing variety programme will be seen at the British to-night. The "Lost Chord" by Mrs. Ayre will delight all whose pleasure it will be to listen to this old favorite. The "Trod O' Hearts" will be continued and will reveal some stirring and exciting scenes. A two reel drama "The Rose Bush of Memories" by the famous Reliance Co. A spectacular number "Intrigue" gives a good representation of its name. And the bill concludes with a very funny comedy, entitled "Six Months to Live." We earnestly invite the co-operation of the patrons of this well appointed and up-to-date theatre.

"IN SPITE OF ALL" AT THE CRESCENT.

Mr. Fiske's great stage success: "In Spite of All" is being presented at the Crescent Picture Palace to-day. This great feature is produced in 3 reels by the Edison Company and includes such screen artists as Gertrude McCoy, Robert Connors and Sally Cruise. "For the Cause" is a Biograph production showing the methods of foreign spies to obtain secret plans and papers. The comedy reel is a corker. "Swedies Hopless Love." Wallace Berry hands out barrels of fun in this clever act. Dan Dalmir sings a pretty Japanese ballad: "I want to go to Tokio," quite a new number. On Wednesday the Crescent shows a two act comedy drama: "The Girl and the Reporter."

THE GREAT SILENCE, A WONDERFUL FILM.

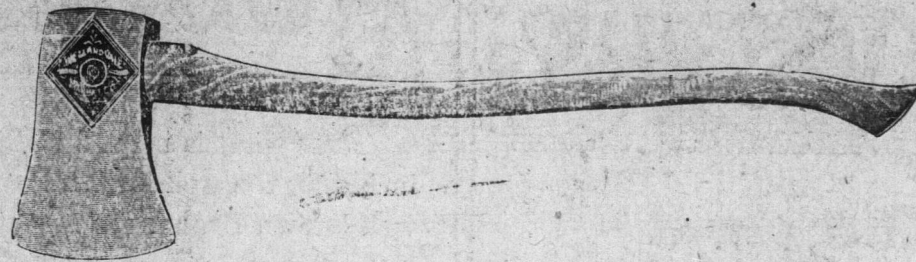

The Nickel Theatre has a most elaborate programme arranged for this evening. Only the best pictures to be obtained are shown. To-day's bill is an exceptionally clever one. "The Great Silence" is a three-reel society drama with Francis X. Bushman and Berley Bayne in the principal roles. These artists are known the world over and they are always in demand. There will be a new reel of Pathe News, showing the latest events.

"Getting Acquainted" is a Chaplin comedy in which Mabel Normand also plays "An Amateur Prodigal" is a two-part social drama in which the great actress Ruth St. Denis stars. "His Bachelor Dinner" is the comedy. "The Goddess" is coming to the Nickel shortly.

Household Notes.

If you are short of hot-water bottles, don't forget that hot bricks, wrapped in flannel, make a very good substitute.

Wax candles which have become dusty can be made perfectly white by rubbing them with a clean piece of flannel dipped in spirits of wine.

Practice real economy by using half flour when making the starch each week. It answers the purpose just as well, and the saving in cost is considerable.
