

A Most Extraordinary Cure of Epileptic Fits

Mother Had Appealed to Three Doctors in Vain—Cured Four Months Ago by Use of Dr. Chase's Nerve Food.

This letter from Mrs. Nozel is endorsed by Mr. H. J. Mahaffy, druggist, Port Colborne, Ont., as being true and correct. While it reports a most remarkable cure of epileptic fits by use of Dr. Chase's Nerve Food, it also goes to corroborate similar cures reported by others.

Mrs. Henrietta M. Nozel, R. R. No. 1, Humberstone, Ont., writes: "I cannot help writing to you, as I want you to know what a blessing Dr. Chase's Nerve Food and Kidney-Liver Pills have been to my boy. He was taken with very violent fits, would twitch all over, his eyes would turn towards his nose, his jaws set and his lips turn almost purple. He would clench his fists tightly, become unconscious and then go into a long sleep. After several hours he would wake up sighing and so weak he could not stand. I was afraid he would die and took him to the doctor, who pronounced his case epilepsy. As his medicine was not effective and the fits continued, I took him to another doctor at Point St. Charles, but his medicine seemed to make him worse.

"As the boy's nerves were in such a state that he could not sit down or lie down, and the fits continued, I took him to a third doctor, who said

that he would not undertake to cure epilepsy, as no doctor could cure it. That night I went home very much discouraged, and when I took my dose of Dr. Chase's Nerve Food I gave my boy a dose, and that was the first night in weeks that he slept well. I kept on giving him the Nerve Food three times a day and occasionally a Kidney-Liver Pill to keep the kidneys and bowels active. I can, with a clear conscience, say that he has not had even one fit since beginning this treatment. I give him no other medicine. He looks and feels well, and as there have been no returns of the old trouble for four months, I believe he has been cured. I can never cease to be grateful to the manufacturers of these medicines, for I am sure I would have lost my boy if it had not been for Dr. Chase's Nerve Food."

Mr. H. J. Mahaffy, druggist, Port Colborne, Ont., writes: "This is to certify that I am acquainted with Mrs. Henrietta M. Nozel, and believe that the statement she has made in regard to Dr. Chase's Nerve Food is true and correct."

OFFICIAL.

LONDON, March 13.

At Verdun, fighting, frequently desperate, is continued. The enemy attacked west of the Meuse from the north, and in Woerwe is making some progress at certain points. His losses are very heavy. There is nothing special on the British front.

Germany has declared war on Portugal.

In Asia Minor the Russians are advancing to the coast, and are within thirty miles of Trebizond. They have also occupied Colai, thirty miles west of Kermanshah.

The British destroyer Coquette, torpedo boat 11, and the fleet auxiliary Havette, struck mines and sunk on the east coast. Six officers and fifty-three men were lost.

After preliminary successes, General Smuts forces have, after obstinate fighting, driven the enemy's forces from prepared positions on Kibito Hills. The pursuit continues southwards towards Usambara railway.

The enemy's position was attacked at Esauin, seven miles east of Kut-el-Amara, but the enemy were not dislodged, though they suffered severe losses.

BONAR LAW.

REPORTED FIGHTING IN GERMAN CITIES.

NO INFANTRY FIGHTING.

PARIS, March 13.

There was no infantry fighting last night in the region to the north of Verdun, according to an announcement made by the French War Office this afternoon. There has been, however, a continuance of artillery activity along all this front.

LIBERATING MORE MEN.

LONDON, March 13.

With a view to liberating more men for active service in the army, the Government has revised the list of starved occupations of employment, which exempted workmen hitherto. It is expected that the official details will be issued immediately. The revision is in accordance with the recent recommendation of Earl Derby. In cases where it is found impossible to remove occupations altogether from the starved list, men under thirty years will be replaced by women and older men.

GERMAN INACCURACIES.

WASHINGTON, March 13.

The French Embassy gave out the following statement: The German statement presents as a recapitulation of previous reports, figures of our losses at Verdun, which are inaccurate. The Germans wishing to reach the number of prisoners taken from them at Champagne and Aisles last September, have obtained a total of 26,000 unwounded prisoners by including, as usual, the killed and wounded as unwounded prisoners. Such a total is more than double the real number. As to the 189 guns claimed as captured, the real number is only 84 including heavy guns which have no means for transportation, damaged guns, and guns abandoned after being put out of use. Our observers have seen trains transporting to the rear, damaged guns. The losses to the enemy in artillery seem to have been very large. The Germans say they lost no aeroplanes in the February aerial fighting, and claim that 73 French or English machines have been brought down after fighting. The truth is that in February we brought down in aerial fighting, five German aeroplanes, which fell in our lines, and five others which fell

in the German lines. During the same month only one French aeroplane was brought down in aerial fighting.

GERMANY REQUESTS HELP FROM BULGARIA.

GENEVA, March 13.

AFTER VILLA.

COLUMBUS, N.Y., March 13.

Actual concentration of United States troops for the expedition into Mexico to try to capture Francisco Villa, was begun to-day. Villa with but a small body of men, it is reported here, is fleeing further from the United States border.

ACCEPTS CARRANZA'S PROPOSAL.

WASHINGTON, March 13.

The United States this afternoon accepted General Carranza's proposal for reciprocity arrangement, by which either his troops or American troops may pursue bandits on either side of the border. The note of acceptance was sent forward to General Carranza at Queretaro.

ARMS AND AMMUNITION FOR CARRANZA.

NEW YORK, March 13.

A large quantity of small arms and ammunitions has recently been shipped from this port for Mexico in the steamer Esperanza, which left here for Vera Cruz last Thursday, carrying 500,000 rounds of rifle ammunition for the Carranza Government. The steamer reached Havana to-day, and is due at Vera Cruz on Thursday. The steamer's officials said that they had received no orders from the States Government relative to shipment of arms or ammunition. They said in all probability the shipment could not be stopped, once the Esperanza reached Mexican waters.

AMERICANS QUIT MEXICO.

LAREDO, Tex., March 13.

More than 600 Americans and foreigners have left Mexico, through the port of Nuevo Laredo, since President Wilson gave orders to capture Francisco Villa, according to customs records to-day.

DENIES RUMOR.

COPENHAGEN, March 13.

The Danish Foreign Office denies the rumor that Germany offered \$2,000,000 for the Danish West Indies. The American Minister, Dr. Maurice Egan, has also taken occasion to say that there is not the slightest foundation for this report. In the opinion of the Danish Government the value of the Islands has greatly increased since the opening of the Panama Canal, and the sum suggested would be regarded as entirely inadequate. A semi-official news agency from Berlin on Feb. 21, characterized it as a nonsensical story that Germany had attempted to obtain control of the Danish West Indies.

ACTIVITY OF ARTILLERY.

LONDON, March 13.

An official statement issued to-night says that enemy exploded mines near Camby and on LaBasse-Bethune

PILES

Are you a sufferer? Know that terrible itching, dragging down pain, that robs you of pleasure, even of rest, and makes life miserable? Don't you believe in the law of averages? If a remedy has cured hundreds of people, don't you think it likely it might at least cure you?

Just give Zam-Buk a fair trial! Mr. J. McEwen, of Dundas, suffered from piles for fifteen years. He says: "I tried pretty nearly everything, but got no permanent relief until I tried Zam-Buk. This balm relieved the pain; continued use completely and permanently cured me."

The rich herbal essences of which Zam-Buk is composed, quickly remove congestion, relieve the dull, gnawing, burning pain, and cure. All druggists and stores, or post-paid from Zam-Buk Co., Toronto, for price, 50c. box, 3 boxes \$1.25.

road, without damage, to-day. We carried out successful bombardments near Manet, Lille and Armentieres railroad at Hooze. About Loos and southward from Bully and Grenay there was considerable activity. Yesterday there was much aerial activity on both sides. Thirty-two hostile machines were engaged. One was driven down near Lille. A second was shot down in our lines. To-day another German machine was forced to descend in our lines.

Girls! Girls! Try It! Stop Dandruff and Beautify Your Hair

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanse." Just try this — moisten a cloth with a little Dandeline and carefully draw through your hair, taking one small strand at a time. This cleanses the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair — fine and downy at first — but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Dandeline from any druggist or toilet counter, and just try it.

DOGS—The Greyhound

By GEORGE FITCH.

Author of "At Good Old Slawh."

The greyhound is a slim, elegant beast with Chippendale legs and a waist that would make a French chief of cool springs, and is noted for his speed, having little weight and wind resistance. A greyhound will project himself from hither to yonder faster than any other style of dog, but is singularly devoid of business when he arrives. In this he resembles the aeroplane, which can travel from New York to San Francisco in two months at a rate of ninety miles an hour and arrive in ample time to be shipped back.

Greyhounds flourish mostly in poetry and picture-books and are not a familiar object on the landscape, except in England, where they are used extensively for decorative purposes. From all pictorial information which we can gather, the chief object of this celebrated dog is to provide a resting place, with his long needle-like head, for some beautiful lady's hand. The fact that no greyhound has been trained to act as a messenger boy or a pipe cleaner, leads to the suspicion that there is no place in the animal's sparse and economical body large enough to stow a brain of working size.

In the west the greyhound is sometimes used for chasing jack rabbits. His success can be estimated from the fact that these animals have now multiplied until they can be rounded up in droves of 10,000 and killed with clubs. A greyhound can run as fast as an ordinary John rabbit, but when the latter begins to dodge and evade the issue, the brow of the noble dog becomes corrugated with perplexity and he soon retires with a headache.

They greyhound makes a fine family pet, and has no habits, living and bound is fed lightly on pine needles and spaghetti and is bundled up in an old umbrella-cover during cold weather, he will remain slim and beautiful for many years, provided he doesn't step in a rat-hole and break one of his delicate legs.

Household Notes.

A toy iron is useful in ironing baby clothes.

Cornmeal is excellent for waffles and girdle cakes.

Young turkeys have smooth black legs and short spurs.

Successful cake baking is the result of constant care.

Honey should be reckoned as food and not merely a confection.

Whole wheat bread is always best made up in very small loaves.

Whole potatoes or onions will last longer if kept in a wire basket.

A straight, wide-mouthed pitcher is excellent for beating eggs in.

Fried clams on toast are a very good dish for a summer luncheon.

When one undergarment of a set wears out, save it to patch the others.

Put a pinch of salt in the starch. It will prevent the irons from picking.

MINARD'S LINIMENT FOR SALT RHEUMATISM.

The daily meals should be set with as much care for one member of the household as for the entire family.

else the servants will grow careless.

If the fatirons are to be put away for some time, they should be rubbed with a mixture of vasoline and sweet oil.

Children love to be in the kitchen and they should be allowed to come in, for in this way they unconsciously learn much about foods and their preparation.
