

The Paint That Costs The Least

is the Paint that covers the greatest surface—that takes the shortest time to apply—that wears the longest. Martin-Senour "100% Pure" Paint does all three. Here's the proof. "100% Pure" Paint covers 900 square feet of surface per gallon.

Hand-mixed-lead-and-oil, and cheap prepared paints, cover only about 500 square feet.

The greatest cost of painting is for labor. It takes less time to apply Martin-Senour "100% Pure" Paint because its fine, even texture spreads much easier.

MARTIN-SENOUR "100% PURE" PAINT

(Made in Canada)

is guaranteed to be exactly as represented. The purity of the White Lead and Zinc Oxide—the high quality of the Linseed Oil—the minute fineness of the grinding by powerful machinery—insure a paint that gives years of protection and beauty to your home.

Why use cheap paint—that is expensive to put on—when Martin-Senour "100% Pure" Paint wears nearly twice as long?

If you are painting this year, you'll be interested in our books—"Town and Country Homes" and "Harmony in New-Tones". Write for copies—free.

GREENSHIELDS AVENUE, MONTREAL

Newfoundland Methodism Goes Over the Top.

REPORT OF MISSIONARY COMMITTEE SHOWS REMARKABLE RECORD FOR PAST YEAR.

The following report was presented by the Missionary Committee at Thursday's session of Conference:

Your Committee, with hearts filled with thankfulness to the Great Head of the Church, desire to report that the givings of our people to Missions this year have reached the sum of \$24,333.00. The amount raised last year was \$19,379.00, so that the increase is \$4,954.00. The objective set for this year was \$21,000.00, and we have not only reached our objective, but passed it by \$3,333.00. Eight years ago we were paying only \$750.00 as salary, and, in addition to what we raised, were receiving \$11,000.00 from the Mission Board to enable us to meet our liabilities. To-day we are paying the Ministers on Missions \$2,000.00, and, instead of receiving money from the Mission Board, we are in a position to give the Mission Board \$4,000.00 for work in other lands. This splendid result has been reached through the loyal co-operation of all the Ministers in this Conference, the generous response of our people, and the indefatigable labors of our Superintendent of Missions.

2. We heartily endorse, and submit for Conference approval, the following Resolution passed at the meeting of the General Board of Missions in May last:—

"That this General Board of Missions place on record its conviction that the time has come for a great spiritual and missionary forward movement in the Methodist Church of Canada; that the definite object

of this movement should be to release the spiritual and material resources of the Church in support of the principles and programs of Jesus on a scale adequate to the needs of the work at home and abroad, and according to a standard of sacrifice and service commensurate with the issues involved, and in harmony with the spirit of the present time."

3. That this Conference thrills to the momentum of the mighty movement in United States Methodism in connection with the commemoration of the Centenary of Missions in that commonwealth. The Churches North and South are united in an objective and an endeavor which is world-wide in its vastness of horizon and Christ like in its call for passionate self-devotion and sacrifice, for the glory of God and the salvation of men. It contemplates and provides not only for the raising of an unprecedented large sum of money, but for the stimulating of the churches to a deeper, higher and broader spiritual life and activity. It recognizes the spiritual dynamic as the sine qua non of all forward movement at home and abroad.

This Conference heartily favors the acceptance by the Canadian Methodist Church of the invitation given by the Methodist Episcopal Churches of the United States to co-operate with them in this great campaign for an intenser and more practical spiritual life at home, and what must be its inevitable sequel, the further progress of the Church's imperative but largely unfinished task, the disciplining of all the nations and the preaching of the Gospel to every creature.

4. We endorse the action of the General Board of Missions in setting \$1,000,000.00 as the objective for the General Fund for this year, and we recommend that \$30,000.00 be set as the objective for this Nfld. Conference.

5. We recommend that the 22nd September be observed as Inaugural Day for the Missionary Campaign of this year.

6. In order that we may reach our objective, we recommend (a) The mobilization of all the spiritual and material resources of the Church; (b) The distribution of suitable literature; (c) The making of the fullest use of the District Missionary Committee, the Circuit Missionary Committee, and the Sunday School Committee; (d) The holding of a Missionary Conference in connection with each financial District Meeting, and the engaging the interest of the laymen in this matter; (e) The making of every member of every congregation—where possible this be done by a Laymen's Missionary Committee.

7. We recommend the Annual Conference to memorialize the General Conference to make the basis of minimum salary, \$1,200.00 to married ordained ministers, \$800.00 to single ordained, and \$600.00 to probationers.

8. We nominate Messrs. C. P. Ayre, R. F. Horwood, Albert Soper, W. H. Peters and J. C. Puddister as members of the Standing Missionary Committee.

MILNARD'S LINIMENT USED BY GET IN COWS.

Thoughts Upon the Times

(By PATRIOT.)

A certain well known and respected business man of the West Coast is wondering why His Excellency the Governor made no reply, and instituted no enquiry, against the charges that the ex-Fogata was an altogether unsuitable boat for the South West Coast service; and that every trip she is overcrowded with passengers, carrying many more than the law allows.

It is very gratifying to learn that the Victory Loan of two million dollars has been oversubscribed. In their prospectus the Government asked for two millions, but now that the people have taken up this loan so quickly, they have raised the amount as their objective to 4 million dollars. This is a real test of the people's patriotism, and they have risen to the occasion splendidly. There is no doubt about it that in another month the real objective will have been reached.

Has the tonnage problem, in so far as it relates to this country been handled properly? If so, how is it that so many carriers are apparently lying idle in this port when there is so much of the products of this Dominion stored waiting for tonnage to export it? Let any of my readers cast their eyes in the direction of Hoyles-town, and then visit Botwood and Grand Falls, and he will see how unnecessary it is for such carriers to remain idle.

Who said the Minister of Militia did not deserve a title? Did he not visit the front, and was he not mentioned in despatches as having made an "excellent speech which was much appreciated by all concerned?" Was he not "enthusiastically cheered by all ranks?" I wonder if he witnessed a battle from a castle window, as did the late Premier, Sir Edward Morris. And yet we have to put up with it all. Will anyone be kind enough to tell us how thick this man's skin must be.

The new order of the Canadian Food Control Board, limiting the profits on all food to a reasonable margin over cost, should be applied in this country. After the first of July no person dealing wholesale in meats, lard, cheese, butter, oleomargarine or eggs, in Canada, will be permitted to charge on each transaction more than ten per cent. over his cost price in selling to retail dealers. Our local Food Control Board has done nothing yet to justify its existence.

The "Panzerkraft-Wagen."

The much heralded "Panzerkraft-wagen," or German tank, made its debut in fair numbers in the great attack of March 21st last. One of these tanks slipped into a stone quarry and burned over on its side, and a subsequent advance by French troops placed this German machine well within Allied lines where it could be studied at leisure.

The German version of the tank is a ponderous affair, quite in keeping with the "kolossal" tendencies of the Teutons. It weighs 45 tons, and carries a crew of 18. In general appearance it follows the French rather than the English design of tank, but is far larger than anything yet attempted by the Allies with the exception of the American steam-driven tanks which, at this writing, have not yet been in action.

Following the practice of the French and British tank crews, the Germans have named each of the Panzerkraft-wagen. In the case of the captured tank it bears the name "Erfriede," and carries on all sides the characteristic Maltese cross of the German air service. Its armor varies from 12 inches for the front plates to .64 inch on the sides and .8 inch at the rear. The steel employed must be applied in considerable thickness because of the evident lack of steel in Germany, and that in turn makes for a cumbersome, if not inefficient, tank.

As for armament, one 47 mm. or 1.85-inch rapid-fire cannon is mounted for direct fire ahead, and six machine guns mounted in pairs are placed at the sides and the rear. The 18 men of the crew have none too much room in this 23-foot tank, and the conditions during actual combat are certainly not unlike the proverbial sardines in a box. The conning tower, in which the driver sits, is entered from above and has hinged side-shutters; but it is reported that observations even at moderate range, is difficult owing to structural defects. The crew can get in or out of the steel box by means of two doors on either side. Every inch of space within the tank is utilized to the utmost; in fact, folding chairs are mounted on the inside of the doors and ropes are hanging from the ceiling in order to provide "straps" for the crew after the fashion of a crowded street car.

All in all, the Panzerkraftwagen, aside from an inclosed gear box which reduces the possibility of the gears getting clogged with mud and dirt, presents no great improvement over French and British tanks which have fallen into the hands of the Germans. If anything, it is merely more cumbersome through lack of proper materials, and therefore a poorer fighter. Scientific American.

Wash Those Pimples Off!

Pimples and ugly face blotches are often cured in a single night with the newly famous remedy for Eczema, D. D. D. Prescription. It is a mild, antiseptic wash that drives out impurities and then soothes and heals the aching skin.

For Eczema, Bad Leg, Barber's Itch, Acne, Salt Rheum, Ulcers or Ringworm, D. D. D. is a proved and reliable remedy. The very first drops of the wonderful prescription take away the awful burning itch and give you instant relief.

Get a bottle of D. D. D. Prescription today.

Is Quite Well.

Private W. Nottall, of Ours, a prisoner of war in Germany, writes his sister under date of April 28th to say that he is enjoying the best of health and is employed at farm work. The food served out to the prisoners is good and they are well treated. (The writer has to say this, of course). Pte. Nottall complains that he has not received parcels from home, which were sent. (This is not to be wondered at). The letter is written from Altdam and bears the official German censorial stamp.

Our Buckboards will run to Bowring Park to-morrow afternoon from Cross Roads, commencing at 2 o'clock. C. LESTER.—June 25, tu, s, f

In Aid of the W. P. A.

On Friday, July 5th, in the Council Room, Colonial Building, will be held a Sale of Books. All who have promised Books are requested to send them to the Legislative Library, Colonial Building. The members and friends of the W.P.A. are asked to look through their books, and to spare at least one for the sale. Come on Friday afternoon, July 5th, buy a book, drink a cup of tea and help to make the sale a success.—H.

THE NECESSITY FOR BUYING YOUR SUMMER CLOTHES EARLY.

Reports from manufacturers show an inclination to shorten the period of manufacture. Present-day conditions demand this. They have been compelled to adapt themselves to war-time. We were told that if we did not place our orders well in advance, it was at our own risk. It was simply a matter of conducting business on a high plane and that women would learn to buy their Summer needs right at the beginning of June when they had need for them. Yet while we shall strive to maintain the completeness of our stocks during all Summer months, we repeat that buying your Summer clothes early will bring wonderful satisfaction and full 100 per cent. service.

LADIES' BLOUSES.

A display of unusually good Summer Waists. These are the kind of Waists that wash exceptionally well, and styles that will feel cool and dainty. These will be on display for the first time. Special Price, the first time. Sale Price, each 98c

LADIES' NIGHTDRESSES.

A special lot bought while prices were low; will be on our bargain counter for the first time to-morrow. Low neck, short sleeves; appropriately trimmed. Sale Price, each 79c

INFANTS' BONNETS.

10 doz. of Infants' Bonnets, of White Muslin, beautifully trimmed with embroidery. This is the result of a fortunate purchase made in New York. Sale Price, each 18c

CHILD'S WASHABLE CAPS.

Something new; can be worn with most any summer frock; by detaching the crown you can wash these Caps as often as you wish. Suitable for children up to 8 years and age. Sale Price, ea. 58c

BOYS' LINEN COATS.

A limited quantity of Boys' Linen Coats of a strong make; size 3 years to 7; felted seams and have pockets and belt. Worth \$1.80 each. Sale Price, each \$1.10

BOUDOIR CAPS.

A natty line of Boudoir Caps. When you come to the store to-morrow, ask to see this line. Sale Price, each 19c

UNION SUITS.

Another lot Women's Union Suits, made of fine cotton; high neck, long sleeves, ankle length; to be had in any size. Sale Price, each 55c

PRINCESS UNDERSKIRTS.

A very special showing of Princess Underskirts in various styles and qualities. Made of fine White Nainsook with lace insertion and ribbon run. Sale Price, each \$1.38

MISSIE'S WHITE DRESSES.

Missie's White Summer Dresses beautifully trimmed. All carefully selected styles that are sensible and designed to wash and last; sizes 6 to 14 years. Sale Price, each \$1.60

LADIES' SPORT COATS.

An assortment of Ladies' Sport Coats, mostly check designs. These are all wool and are certainly good value. We strongly advise you to see these. Special Price, each \$8.50

WOMEN'S WHITE BOOTS.

As summer approaches white footwear becomes the first fashion. We draw particular attention to this group of White Boots; these were bought when prices were low. Sale Price, per pair \$2.90

CHILD'S WHITE SHOES.

We offer during next week a line of Child's White two-strap Shoes. These are fitted with a white bow and has spring heel; sizes 6 to 8 only. Sale Price, per pair 93c

CHILD'S CLOTH TOP-BOOTS.

An odd line of Children's Boots in sizes 6, 7 and 8. Some have white uppers, some tan, others brown; all in buttoned style. Sale Price, per pair \$1.48

Mild, Scotch Cured Herring.

Packers in Newfoundland appear to have discounted the cold storage situation in New York to such an extent that they are holding firmly to their admittedly extravagant prices, and as a result the activity of New York factors, many of them, have representatives in the Ancient Colony, has been that of retrenchment. According to reports received here during the past few weeks there has been little buying in Newfoundland, most of the buyers preferring to wait some definite settlement of the cold storage situation before undertaking supplies. In some instances Scotch cured herring has brought as high as \$22 per barrel (c.o.b. St. John's). It is reported, while the price for flat Scotch cured herring remains firm at about \$20 per barrel, Winter and spring pickled herring are

reported to be obtainable at much lesser prices. Varying estimates as to the quantity of herring held in Newfoundland have been more or less misleading to the trade here, but it seems certain now that there is not any such quantity as it was at first presumed. The highest estimate was that there are 60,000 barrels in the

A Dyspepsia Cure

"Persons who suffer from severe indigestion and constipation can cure themselves by taking fifteen to thirty drops of Extract of Roots after each meal and at bedtime. This remedy is known as Mother's Own Root Syrup in the drug trade. Get the genuine. 50c. and \$1.00 Bottles."

hands of packers and merchants. Those most closely in touch with the situation declare that there is not more than half that number of barrels available in all hands at this time. The question of future prices is, of course, problematical but it may be assumed that herring purchased at the present prices will have to bring better than \$27 per barrel to allow for a reasonable profit for the importer and jobber in this market. There has been a slight improvement in the demand during the past fortnight, but prices have shown no quotable change. Some of this goods has brought \$28 per barrel, while in a small way there have been sales as high as \$29. The supply of Newfoundland herring now held in New York is comparatively small for this season immediately preceding the most active period of the year.—N. Y. Fishing Gazette, June 15th.

SUCCESSFUL BRITISH ATTACK.
LONDON, June 28. (Official.) This morning English troops carried out a successful operation on a front of about three and a half miles east of the Nieppe forest. Our line on this front has been advanced to an average depth of nearly a mile, and more than 300 prisoners and 22 machine guns have been captured. All our objectives were gained, including the hamlets of Le Pinnette, Verle Rue and La Beque. The enemy was taken by surprise and our casualties are light. At the same time Australian troops attacked and captured hostile posts west of Morris together with 43 prisoners and six machine guns. On the rest of the front the situation is unchanged.

A SHOCK FOR THE HUNS.
WITH THE BRITISH ARMIES IN FRANCE, June 28. (By the Associated Press).—Field Marshal Hindenburg's troops east of the forest of Nieppe got a nasty and unexpected shock to-day when the British suddenly drove forward in a surprise attack on a front of more than three miles, and hurled back the startled grey-coated soldiers to a depth of 1,500 yards. The operation was an unqualified success from its inception and the attackers reached all their objectives in remarkably short time. By this thrust the British not only have greatly improved their position in this important sector, which lies north of Merville, but they inflicted heavy punishment on two hostile divisions that were holding the line here, the 52nd division of Saxons, and the 44th reserve division of Reserves.

FRENCH OFFICIAL.
PARIS, June 28. (Official.) South of the Aisne we attacked this morning from the south of Ambleux to the east of Mont Gobert, in order to acquire armed places on a seven kilometre front. We entered enemy positions, took the Boches above Laversle and heights northwest of Outry, and advanced our lines near
